Christian Churches

(Disciples of Christ)

The 1958 Year Book of Christian Churches (Disciples of Christ) was published by the International Convention of Christian Churches (Disciples of Christ) under authority granted by an Assembly action during the annual Convention held in St. Louis, Missouri, in October, 1957.

The Year Book is a verbal and statistical profile of the worldwide of Disciples of Christ. It is the best current story of the life and work of the Christian Churches and their agencies.

The Year Book is produced through the combined efforts of many people from local churches, state and provincial offices, national headquarters, colleges, seminaries and the International Convention staff. However, significant credit goes to many who have joined together in the international production task.

Participation in the Year Book by churches and agencies is voluntary. However, it is the established policy that entrance into the Year Book should be matched by a sense of responsibility by all participants.

Reports and data within this volume are for the most part based upon the fiscal year July 1, 1957 to June 30, 1958. According to available information the Ministers' Directory was up to date as of December 1, 1957.

FOREWORD

The 1958 Year Book of Christian Churches (Disciples of Christ) is published by the International Convention of Christian Churches (Disciples of Christ) under authority granted by an Assembly action during the annual Convention held in St. Louis, Missouri, in October, 1958.

The Year Book is a verbal and statistical profile of the brotherhood of Disciples of Christ. It is the best current story of the life and work of the Christian Churches and their agencies.

The Year Book is produced through the combined efforts of many people from local churches, state and provincial offices, national organizations, colleges, seminaries and the International Convention office. Therefore, significant credit goes to many who have joined together in this monumental production task.

Participation in the Year Book by churches and ministers is voluntary. However, it is the established policy that entrance into the Year Book must be matched by a sense of responsibility by all participants.

Reports and data within this volume are for the most part based upon the fiscal year July 1, 1957 to June 30, 1958. According to available information the Ministers' Directory was up to date as of December 1, 1958.

HISTORY AND PURPOSE

The International Convention of Christian Churches (Disciples of Christ) is the outgrowth of our first General Convention held in Cincinnati, Ohio, October, 1849. The present organization of the International Convention (serving churches in United States and Canada) dates to 1917. The Convention office with a full-time staff was opened on October 1, 1946. The incorporation of the Convention was approved at the Cincinnati Assembly in October, 1949.

The Convention office coordinates the commissions and committees appointed each year at the International Convention Assembly and compiles the annual Year Book of Disciples of Christ. Its major task is to efficiently organize and present the annual International Convention Assembly. The office regularly contacts all railroads, airlines and bus companies concerning the transportation problems of our Brotherhood.

The Convention office, through its Department of Public Relations, attempts to provide a united front for the Disciples of Christ to the secular news services. Regular news releases regarding the activities of our various national agencies go out to the major newspapers, radio and television stations. The Department is also developing a training program in public relations for our churches. Press service is provided at each Annual Assembly to report the program and business actions taken.

The Preamble to the present Constitution states clearly the purposes of the International Convention and its relationship to the local churches and to member service agencies.

“Whereas, There is a widespread feeling among Disciples of Christ that a closer cooperation among their various missionary, educational, benevolent and other agencies, and a more general fellowship in their common efforts for the extension of the Kingdom of God in the world would result in greater efficiency;

“Therefore, We, members of Churches of Disciples of Christ in convention assembled, reaffirming our steadfast adherence to the independence and autonomy of the local churches and disavowing any control over our congregations or missionary, educational, and benevolent agencies other than that which is advisory, and inviting the fellowship of all brethren in the accomplishment of these ends, do hereby adopt the following:

REPORT OF THE EXECUTIVE SECRETARY

July 1, 1957, to June 30, 1958

The Board of Directors held its Annual Meeting in Indianapolis, June 18 and 19, 1958. All members were present except three. The Board gave attention to the continuing program of the Convention; reviewed the service and financial activities of the staff; confirmed committee appointments and received reports from committees. Special committees were appointed to consider the eligibility of member agencies, and to consider relationships with the National Christian Missionary Convention. A progress report was received from the Committee on the Authority, Responsibility and Philosophy of the *Year Book*. Plans were considered and approved for relocating the offices of the Convention at 221 Ohmer Avenue in the new building under construction at Missions Building. The offices will be moved to the new location early in 1959. Reports were approved from the Executive Secretary, the Business Manager, the Director of Public Relations and the Treasurer. An operating budget for the year 1958-59 totaling \$134,897.70 was approved. This includes a merged budget for the Department of Public Relations and Year Book Publication.

The Cleveland Assembly

The 108th Annual Assembly of the International Convention was held in Cleveland, October 11-16. Registrations totaled 8,014. John Rogers, who served as President, gave sacrificial leadership throughout the months preparatory to the Assembly and during the Cleveland Convention. Significant actions taken in the Business Sessions are reported in the minutes published in the 1957 *Year Book*. The Disciples of Christ in Ohio, and especially in Cleveland, are to be commended for their complete cooperation in holding this Assembly. Especial recognition goes to Herman Sheedy, Chairman of Local Committees.

Personal Services

The Executive Secretary serves as the administrator of all activities authorized by the Assembly and the Board of Directors. He is assisted by a competent staff whose specific responsibilities are reported later in this review of the year. Your Secretary serves as secretary to the Commission on Budgets and Promotional Relationships, the Committee on Recommendations and the Program Committee of the Annual Assembly. He works closely with various Board Committees and Commissions of the Brotherhood and represents the Disciples of Christ as one of the members on the General Board of the National Council of Churches of Christ in the USA.

Local Churches Visited: Cleveland, Ohio: Westlake, Parma, Lakewood, Euclid Avenue; Anderson, Indiana, Central; Marion, Indiana, First;

Kankakee, Illinois, First; Seymour, Indiana; Milwaukee, Wisconsin, United; Enid, Oklahoma, University; Youngstown, Ohio, Boardman; Alliance, Ohio; Indianapolis, Indiana, Eighth; Toronto, Canada, Hillcrest; Rantoul, Illinois; Galax, Virginia; New Albany, Indiana, Park Street; Pekin, Illinois; La Porte, Indiana; Dallas, Texas, Central; Eureka, Illinois; Bedford, Indiana; Sherwood, Ohio; Jacksonville, Florida, Arlington, Central; Orlando, Florida, Central; Kansas City, Missouri, Country Club; Frankfort, Indiana; Phoenix, Arizona, Christian; Mesa, Arizona; Tucson, Arizona, First; Washington, D. C., Ninth Street; Jacksonville, Illinois, Central; St. Louis, Missouri: Union Avenue, Watson Terrace, Florissant Valley, Compton Heights, Maplewood, Memorial Boulevard, Dover Place; Robinson, Illinois; Wichita, Kansas, Riverside; Sharon, Pennsylvania, East Side; Lexington, Kentucky, Woodland; Springfield, Illinois, First; East St. Louis, Illinois, First; Akron, Ohio, Meade Avenue.

State Conventions Served: Arizona, Phoenix; Michigan, Flint; Colorado, Greeley; Louisiana, Monroe; Minnesota, Duluth; Oklahoma, Lawton; Virginia, Salem; New York, Schenectady.

Preaching Missions: Galax, Virginia; Riverside, Wichita, Kansas; Mesa, Arizona.

Special Meetings: Chicago Consultation with Council of Agencies; the Florida Chain of Missions: Jacksonville, Jacksonville Beach, Daytona Beach, Mt. Dora, Orlando, Lakeland, Winter Haven, DeLand; three meetings of the General Board of the National Council of the Churches of Christ in the USA; Board meetings at The College of the Bible and Eureka College; Lenten addresses at Ionia, Michigan, and Greensburg, Indiana; Listening Conferences in Portland and Spokane; the National Evangelistic Conference in St. Louis, serving as Chaplain. Numerous conferences were held with local committees in connection with the Cleveland Convention Assembly; also with St. Louis Committees preparatory to the 1958 Assembly.

Travel Mileage totaled 50,640. The above service constituted a ministry-at-large to the Brotherhood. We have tried to visit various sections of the country and maintain close relationship with pastors, laymen and Brotherhood secretaries both state and national. All of this service has been rendered gladly in an effort to become acquainted with trends in Brotherhood life. We have endeavored to fulfill the purposes of the International Convention as a coordinating center of our fellowship both at Annual Assemblies and during the interim period when many demands are made upon the Convention office. This completes twelve years of service as Executive Secretary.

The Business Manager

W. Harold Edds began service as Business Manager January 1. He came to the Convention Office from Kankakee, Illinois, where he served as pastor of Central Christian Church for eight years. He is a graduate of The College of the Bible. His responsibilities are: securing financial support for the Convention Office and activities, editor of the *Year Book*, transportation director, coordinator of Convention city committees. Mr. Edds shares the ministry-at-large to the Brotherhood with the Executive Secretary, and has represented the International Convention in several

ecumenical meetings. During the spring of 1958 he was guest speaker at the following State Conventions: Montana, South Idaho, Utah, and Wyoming.

The Director of Public Relations

Ralph C. Neill has completed his fourth year as Director of Public Relations. He is assisted by Mrs. Olive Dorman, full-time secretary, and Mrs. Gene Schoenberg, news writer. Mr. Neill's responsibilities include news coverage of general and national activities of the Disciples of Christ. He writes articles and news stories in his service of interpreting the Brotherhood, as well as through network radio and television broadcasting.

The *Public Relations Newsletter*, issued monthly, is edited by Mr. Neill. Through his efforts the Cleveland Assembly of the International Convention received thorough coverage in newspapers, radio and television.

State Conventions have been assisted through Mr. Neill's supervision of the Press Room and by his counsel to Publicity Committees in many of our State Conventions. He has conducted clinics, workshops and delivered addresses on church public relations. He is a member of the National Council's Commission on Broadcasting and Films. During the Triennial Assembly of the National Council in St. Louis, December, 1957, he served on the Press Room staff. Four radio programs produced last year by the National Council of Churches for the Disciples of Christ under the title, "Let There Be Light" were developed under his direction.

The budget of the Department of Public Relations is now merged with the general budget of the Convention. Churches are recognizing this fact in making their annual appropriations for Convention support.

The Recording Secretary

Miss Gertrude Dimke, Recording Secretary, who has served in this capacity since 1946, faithfully keeps the records of the Annual Assembly and notifies all organizations and persons involved in Convention proceedings. She serves as the personal secretary to the Executive Secretary and is bookkeeper for the entire operation of the Convention Office; prepares reports for all general and special meetings of the Board of Directors and committees; she records the actions of the Commission on Budgets and Promotional Relationships, and during the Assembly records the proceedings of the Committee on Recommendations. During the past year she was appointed as Office Director in addition to her other responsibilities.

Convention Relationships

Sixteen national Boards maintain membership in the International Convention organization. The Convention officers and staff are members of the Council of Agencies, thereby making possible the sharing of Brotherhood program planning especially as it comes to a focus in the Annual Assembly. Member agencies present their annual reports with audited financial statements through the Committee on Recommendations to the Assembly. Members of the Christian churches who attend and register are responsible for study of these reports and through resolutions may commend, endorse or make constructive suggestions for the various units of work related to the Convention.

INTERNATIONAL CONVENTION ANNUAL REPORT

The year-round service of the Convention Office makes possible a continuous clearinghouse for appointments to ecumenical bodies and participation therein.

Recently we were asked this question: "What is the International Convention between Assemblies?" Our answer, "It is the same as the church between Sundays."

CERTIFICATE OF AUDITOR

August 13, 1958

Board of Directors,
International Convention of Disciples of Christ,
Indianapolis, Indiana
Gentlemen:

We have examined the cash records of International Convention of Disciples of Christ for the year ended June 30, 1958. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying financial statements present fairly the assets and liabilities of International Convention of Disciples of Christ at June 30, 1958, arising from cash transactions, and income collected and expenses disbursed by it for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The working balance in the Year Book fund represents only a temporary balance to be absorbed as a reduction of costs of the 1958 Year Book when its net cost is assessed to participating organizations after issuance.

Yours very truly,

GEO. S. OLIVE & Co.

**ACTIONS TAKEN DURING BUSINESS SESSIONS OF THE
INTERNATIONAL CONVENTION ASSEMBLY HELD IN ST LOUIS,
MISSOURI, OCTOBER 17-22, 1958**

The 109th Annual Assembly of the International Convention of Christian Churches (Disciples of Christ) was called to order Friday evening, October 17, 1958, at Kiel Auditorium, St. Louis, Missouri, by President Granville T. Walker.

Executive Secretary Gaines M. Cook presented the program; also reports and resolutions for consideration by the Convention Assembly, which had been filed prior to September 18, 1958.

Fraternal Delegates, Mr. and Mrs. John Short of Stockport, England, were presented at the opening session and participated in the Assembly throughout the week. Greetings were received from Dr. Jesse M. Bader, General Secretary, and Charles Green, President, of the World Convention of Churches of Christ; greetings were also received from the churches of Jamaica.

Recognitions were given to T. Hoffman Hurley, Trowbridge, California, rural minister of the year; Lin D. Cartwright, retiring President of the Disciples of Christ Historical Society; Willard M. Wickizer, retiring Executive Secretary of the Committee on Military and Veterans Services; the Christian Board Book award was presented to Oliver Read Whitley and Christopher T. Garriott. Roy I. Madsen of the American Bible Society presented a silk scroll from the United Church of Thailand in appreciation for the gift of a launch for the distribution of scriptures provided by Week of Compassion funds. The citation was received by Spencer P. Austin, Chairman of the Committee on Relief Appeals of the International Convention. Guests from Lenoir Memorial Home, Columbia, Missouri, and the Illinois Christian Home, Jacksonville, were presented to the Assembly on Saturday afternoon, October 18. Some fifty missionaries were present for fellowship and testimony throughout the Convention.

Resolution—No. 30

Regarding Biennial Assemblies of the International Convention

NOTE: The Cleveland Assembly of the International Convention of Christian Churches (Disciples of Christ) received and accepted the following rewrite of Resolution No. 48 originally submitted by the Interim Com-

mittee of the Council of Agencies for consideration and action by the 1958 Assembly. The By-Laws of the International Convention require that any amendment thereto be submitted at an Annual Assembly for one year's study and acted upon at the next Assembly.

WHEREAS, the Interim Committee of the Council of Agencies has called the attention of the International Convention to the increasing number of Brotherhood meetings and conventions, both state and national, which involve considerable expenditure of time and money, and

WHEREAS, many of these gatherings involve the same personnel and appeal to the same constituency;

NOW THEREFORE BE IT RESOLVED, that the International Convention in Annual Convention at Cleveland, Ohio, October 11-16, 1957, submits for approval by the International Convention to be held in St. Louis, Missouri, in 1958, the proposal that the frequency of the Assemblies be changed from annual meetings to biennial Assemblies in the even years after 1960.

The Committee on Recommendations recommended that consideration of Resolution No. 30, regarding Biennial Assemblies of the International Convention, be deferred until a report is presented from the committee appointed by the Board of Directors of the International Convention to study the restructuring of the Disciples of Christ.

Action—VOTED approval by the St. Louis Assembly of the International Convention of the above recommendation.

RESOLUTION NO. 31

Report of the Committee on Philosophy, Authority and Responsibility for the Publication of the Year Book

The Cleveland Assembly of the International Convention received a progress report from this Committee. Action by the Cleveland Assembly authorized continuation of the Committee for a final report to the St. Louis Assembly. The Committee met in St. Louis May 23, 1958. Tentative recommendations previously considered by the Committee were revised and adopted, and recommended to the Board of Directors of the Convention. The Board of Directors received, made minor revisions, approved and hereby presents the following report for approval of the Assembly, meeting in St. Louis in October, 1958.

Preamble to Proposal for Assembly Action

The history of the Disciples of Christ has been characterized by an individual or a small group of people becoming concerned about a Christian cause and then enlisting an ever enlarging group in its support. As the cause grew, it has been generally adopted as a part of the Brotherhood program. The Year Book of the Disciples of Christ is an example of this process.

When groups began to develop the conscience of the Brotherhood toward its mission there was a need to report on program and stewardship, thereby justifying further support among the churches. The Year Book came into being as a means to help accomplish this twofold task. The annual report section now occupies thirty per cent of the 850 page volume.

The Year Book was first published in 1897 by the American Christian Missionary Society. Publication responsibility was assumed by The United Christian Missionary Society in 1920, and passed on to the International Convention of Disciples of Christ in 1947. As the Brotherhood has grown, there has been a continuing need for analysis and re-evaluation of the Year Book, with this process becoming particularly active under the present leadership of the Convention, from which has arisen a need to consider and clarify its philosophy, authority, and responsibility.

The original twofold purpose by which the agencies reported to the churches and in turn enlisted their stewardship for the cause of Christ is basic to Brotherhood life and the mission of the Church; and, therefore, should be continued and enlarged.

The Year Book has become a symbol of the unity of the Brotherhood. Congregations come to know each other through its pages and are apprised of each other's

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

good works. Ministers and congregations continue acquaintances through its pages. Most significant of all is the common fellowship of achievement experienced among congregations and leaders as the reports of a great Brotherhood program are received and appraised.

The Year Book is an instrument in the elevation of the ministry. The Ministers' List lends standing and credibility about the individual minister, with the statistical pages providing a continuous record of his ministry. Herein also is reflected the scope of the minister's concern for the cause of Christ through the Brotherhood and the Church universal.

The Year Book is and will be used increasingly as an instrument to measure progress of the Disciple Movement. There will be less tendency to measure progress by the few and more effort to measure the total movement as it grows and matures as a part of the Body of Christ. Students of both the Disciple and interdenominational life will evaluate the Brotherhood in such areas as the ministry, membership growth, educational activities, stewardship progress, missionary outreach, development in town and country, and urban expansion. Comparative studies will be made of the church's growth from area to area, its development in relationship to other religious bodies, and its relationship to population growth. This annual report of the Brotherhood will lend itself to research.

A policy should be maintained in the Year Book, enabling responsible congregations and responsible ministers to enter its pages and difficult for their places to be vacated. Concurrent with renewed interest in the Year Book is the renewed study of the nature of the church; in fact, the book becomes a mirror through which this nature is reflected. Even though the present understanding of the nature of the church, as found in the New Testament, is a part of the Disciple heritage, the measure of its significance is just now coming to full maturity across Brotherhood thought and action. As this understanding spreads, many ministers and congregations, now indifferent, will find their way into the larger fellowship.

Furthermore, a minister or congregation should be discouraged from leaving the Year Book because a present negative attitude may be arising from a lack of understanding, rather than from active opposition. Secondly, the current leadership of any congregation may not be speaking out of its historical background and certainly cannot be speaking with any finality for the future congregation. For both these reasons, the policy of the Year Book should be open and inviting, seeking constantly to establish and maintain this link of common fellowship.

The policy, however, must be matched by a sense of responsibility on the part of ministers and congregations. Fellowship in the mission of the Church was the basis on which the New Testament Church was established and continues to be the only condition upon which policies can be established. Through the fellowship of work, as reported in the Year Book, the broad outline of a Brotherhood of Christian people becomes visible.

Recommendation

WHEREAS, the International Convention has become an increasingly responsible Convention, bringing into cooperative relationship the churches and agencies of the Christian Churches (Disciples of Christ), and

WHEREAS, in the light of this development it becomes desirable to establish a more responsible relationship between the Convention and the publication of the Year Book of the Christian Churches, and since the Year Book has become a symbol of the unity of the Brotherhood through which congregations come to know each other and are apprised of each other's good works, and through which ministers and congregations continue acquaintances and, most significant of all, experience common fellowship of achievement through the reports of congregations and agencies of the Brotherhood, and

WHEREAS, the Year Book is an instrument in the elevation of the ministry and the Ministers' List increasingly lends standing and credibility about the individual ministers in the Brotherhood, and

WHEREAS, the Year Book reflects the standing of a minister, and status of a congregation, and identifies the Brotherhood at large, both interdenominationally and before secular organizations, such as branches of the Federal government, and

WHEREAS, the Year Book is and will be increasingly used as an instrument to measure progress of the Disciple movement as it grows and matures as a part of the body of Christ, and

WHEREAS, the life and fellowship of the Disciples of Christ is continually being appraised through research both within the Brotherhood by Disciple students and also interdenominational students in such areas as the ministry, membership growth, educational activities, stewardship progress, missionary outreach, development in town and country and urban expansion, and

WHEREAS, the Year Book, which was first published in 1897 by the American Christian Missionary Society and printed by the Standard Publishing Company, was subsequently published by The United Christian Missionary Society, and since 1947 by the International Convention, but has never been authorized by the Assembly of the International Convention;

THEREFORE BE IT RESOLVED, that the Year Book shall be published under the authority of the International Convention of Christian Churches (Disciples of Christ) and that a Year Book Committee shall be established, composed of fifteen members elected by the Board of Directors of the International Convention for a period of three years, one-third to be elected annually. The Committee shall be composed of those representing the interests of the local church, state agencies, national agencies and other groups reporting to the Brotherhood through the Year Book. The responsibility of the said committee shall be to formulate and recommend policies to the Board of Directors and to give guidance to the Editor of the Year Book. Strategy affecting major policies such as the inclusion of agencies, churches and ministers, shall be subject to the action of the Assembly.

BE IT ALSO FURTHER RESOLVED, that a policy be maintained in the Year Book enabling responsible congregations and ministers to enter its pages and difficult for their places to be vacated. Such a policy should be open and inviting, to establish and maintain this link of common fellowship. This policy must, however, be matched by a sense of responsibility on the part of ministers and congregations.

BE IT THEREFORE FURTHER RESOLVED, that agencies or organizations that report through the Year Book shall participate in underwriting the cost of its publication.

The Committee on Recommendations recommended approval of Resolution No. 31.

Action—VOTED approval of the affirmative recommendation by the 1958 St. Louis Assembly.

Resolution—No. 32

Concerning Active Membership Listings in the Year Book

WHEREAS, the purpose of the Year Book is to provide a reasonably true picture of our Brotherhood, and

WHEREAS, there is a listing of "non-resident members" which is of very questionable value, and

WHEREAS, there is a great gap in "portrait" between the reported "resident membership" of a local church and those who are *actively* participating in the witness of the local congregation,

THEREFORE, BE IT RESOLVED, that the St. Louis Convention of 1958 recommend:

A—The removal of the "non-resident member" listing; and

B—Insert in its place an "ACTIVE ROSTER" listing which shall identify the number of persons associated in the local church, who are considered active by reason of 1—Attendance at Worship, 2—Participation in Department planned programs, 3—Recorded financial support, or 4—Shut-ins contacted by the pastor.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

The Committee on Recommendations recommended that Resolution No. 32 be referred to the Year Book Committee authorized by Resolution No. 31 (above) and to the Department of Church Development and Evangelism of The United Christian Missionary Society, for further study and report to the Assembly in 1959.

Action—VOTED by the 1958 St. Louis Assembly to approve the recommendation of the Committee on Recommendations.

Resolution—No. 33

Concerning Objectionable Literature

WHEREAS, the importance of good wholesome literature in the lives of children and adults is recognized as an essential factor in the development of whole, healthy and normal personalities, and

WHEREAS, recognition is made of the alarming trend of American reading habits to be away from wholesome, constructive, and creative types of literature toward types of literature dealing in a distorted and unhealthy fashion with such subjects as sex, crime, etc., and

WHEREAS, recognition is made of the significant increase in publication of such undesirable literature described above, and

WHEREAS, recognition is made of the potential harmful effects on the personality of an individual, a family, a community, and our nation of such undesirable literature described above and of the contribution such literature is making to the problem of crime and juvenile delinquency in our nation,

BE IT RESOLVED, that the International Convention of Christian Churches (Disciples of Christ) appeal to the good consciences of American publishers:

1—To recognize their moral responsibility in making such harmful literature available to our nation and especially to our young people;

2—To recognize that no amount of financial gain is worth the moral, mental, and spiritual harm done by such material;

3—To take steps toward reversing the current trend of American reading habits;

4—To attempt to lead the American people, both children and adults, into wanting and reading types of literature that will contribute to the constructive growth of their minds and personalities and to their moral and spiritual growth.

BE IT FURTHER RESOLVED, that since most of this undesirable literature is being purchased by adults, an appeal be made to the adults of America to stop creating a demand for such literature which makes it a very profitable business.

**BE IT FURTHER RESOLVED, that the State and Federal lawmakers of America be urged to pass laws which will result in stiffer and stricter legislation of literature and pornographic materials (such as lewd or suggestive photographs or moving pictures) being published, produced, manufactured, distributed, or possessed by any person or persons in the United States, with the purpose of such legislation being to assist in preserving, maintaining, and strengthening the moral and spiritual fiber of the citizens of our beloved country.*

The Committee on Recommendations recommended approval of Resolution No. 33 with the recommendation that the final paragraph be deleted, thus closing the Resolution with the words "which makes it a very profitable business."

Action—VOTED by the St. Louis Assembly of the International Convention approval of Resolution No. 33 as amended by deleting the final paragraph.

Resolution—No. 34

Revised Resolution on Peace and World Order

Note: This resolution has been revised at certain points by the Committee on Recommendations with concurrence by the Department of Social Welfare of The United Christian Missionary Society who originally submitted it.

*Deleted from original text.

WHEREAS, we are convinced that the individuals and congregations who compose our brotherhood should be giving profound thought to their actions regarding the things which make for peace, order and international justice in the world now:

THEREFORE BE IT RESOLVED that the International Convention of Christian Churches (Disciples of Christ) here assembled at St. Louis, Missouri, October 17 through 22, 1958, approve the following statement of principles and policies. Furthermore, that it calls upon our churches and their members to give serious study to the question of peace and world order, using this statement as a guide and insofar as their consciences will lead them, make known their convictions on these matters to their representatives in government and embody them in their own daily lives and action.

1. IT IS OUR FAITH THAT GOD IS THE GOD OF ALL CREATION AND HISTORY. His world is such that the sinfulness of men and of nations is reflected in the existence of such social evils as violence in race relations, political tyranny, war, crime, civic corruption, alcoholism, genocide and human slavery. These and similar social evils men bring upon themselves by ignoring or rejecting God's will in human affairs. In this sense God speaks to us of judgment and calls us to repentance for our sins in the midst of the current social scene.

2. WE KNOW HIM ALSO AS THE GOD OF LOVE REVEALED SUPREME IN JESUS CHRIST. God not only speaks to us of his love in the redeeming spirit of Jesus Christ and in the gospel message perpetuated by the church; God also speaks to us of his love in the continuing process of creation through such constructive, healing and sustaining factors and processes in our society as: mutually sustaining business and labor relations; private and public welfare programs; schools, hospitals and voluntary societies in which the motive of service is paramount; and in government where government seeks to promote order, justice and the growth of mutual understanding and service among men, societies and nations.

3. WE BELIEVE THAT GOD HAS LAID UPON HIS PROPHETS AND HIS CHURCH A MANDATE TO WITNESS TO MEN AND TO SOCIETY REGARDING HIS JUDGMENT AND HIS LOVE AS THESE ARE REFLECTED BOTH IN THE INCARNATION AND IN THE CONTEMPORARY SITUATION. This lays upon the church and upon every Christian an awesome responsibility in our present confused and extremely complicated world situation. We recognize our own finiteness as human beings, our intellectual liability to error and the fact that our judgment is always imbued with some degree of personal pride and self interest. Especially is this true when we are dealing with specific, close at hand, historical-social situations affecting our own interests.

4. LAYING THE FOUNDATIONS FOR ENDURING PEACE IS, FROM THE CHRISTIAN POINT OF VIEW, THE MAJOR ROLE OF THE CHURCH IN THE ACHIEVEMENT OF WORLD PEACE. In the total worldwide and long range perspective, peace is not so much an end as a by-product of the kind of world order the church is dedicated to establish. The Church is committed to establishing more than a warless world. It is committed to establishing a Christian world community in which men will live in peace because they live as brothers.

5. NEVERTHELESS, WE ARE CONVINCED THAT GOD EXPECTS US AS CHRISTIANS TO WITNESS TO HIS JUDGMENT AND HIS LOVE AS WE UNDERSTAND THEM IN RELATION TO JUST SUCH PARTICULAR EVENTS (as mentioned in 3 and 4 heretofore), PRACTICES AND STRUCTURES IN THE CONTEMPORARY SCENE. Because of our special privileges of membership in the Christian community and guidance by the Holy Spirit we who call ourselves Christians have special responsibility to bring every area of our lives—personal, family, economic, social and political—into harmony with the spirit of God. ("We love, because He first loved us.") As we attempt in our own lives to "love our neighbor" we thus witness to both God's love and judgment. Our responsibility, however, goes beyond this. We have the further responsibility to bear witness to all the world, both in words and action, of what we understand to be God's will regarding social institutions and nations since these also are used by man both to frustrate and fulfill God's will.

6. THIS YEAR IT SEEMS IMPERATIVE TO US AS WE HAVE GATHERED IN THIS 1958 ASSEMBLY OF THE INTERNATIONAL CONVENTION TO GIVE HIGHEST PRIORITY TO A CONSIDERATION OF THE PROBLEMS OF PEACE, WORLD ORDER AND GOOD WILL AMONG NATIONS. Christians in the past may have had an excuse for failing to come to grips with these issues. For some of them, it seemed possible simply to withdraw from war and other social perversions if they wished to do so. To others, it seemed that war could be so controlled, localized and guided by moral principles that a victory of righteousness and the protecting of one's homes and institutions were real possibilities. The present nuclear warfare concept has brought such ideas into grave question. If large scale war comes again, as many authorities seem to

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

suppose it may, Christians, because of their failure to act beforehand in terms of love, will share heavily in the responsibility for the indiscriminate slaughter of human beings and the degradation of human souls. Few Christians will refuse to consider the challenge of the possibility of war and the word of judgment and warning which God speaks to us in this possibility—"Whatever a man sows, that he will also reap." Even the possibility of border conflicts, rebellions and revolutions will be regarded by the Christian as a judgment upon his sinfulness and negligence insofar as he might have helped to bring justice and love into being in certain social and political situations of tension and injustice.

7. THE CAUSES OF WAR ARE MANY AND COMPLEX. Ignorance plays its part. Much more important, however, is the strain of selfishness, greed and pride that infects human life. This sinful quality in the life of man is brought to a focus by numerous social, economic and political problems. Among these must be listed:

- A. Pressures created by uncontrolled population growths;
- B. Unsatisfied physical needs and hunger of certain peoples endured in the consciousness that other peoples and nations possess huge surpluses they do not need and are not using;
- C. Tensions and resentments growing out of unjust and indecent treatment of any racial and religious groups by others;
- D. Suppression of the desire for political and social freedom on the part of colonial, satellite and other subject peoples;
- E. The deliberate attempt by some political leaders to consolidate their positions when threatened by internal political dissatisfactions and dissensions, by encouraging an aggressive and jingo-istic nationalism under the guise of meeting threats from without;
- F. Lack of adequate international political structure and procedures which make possible peaceful changes in international relationships where injustices and national hardships have arisen due to rapidly changing social conditions;
- G. Lack of adequate procedures for investigating charges of injustice, subversion and aggression and for arranging for the withdrawal and separation of groups involved in armed conflict;
- H. Growing fear and antagonism stemming from armaments races such as the one in which currently the two strongest nations of the world are involved;
- I. Lack of a commonly accepted ethos or pattern of values and ideals in the midst of a world whose technological development is forcing us into an economy and a society of interdependence.

8. THE FACTORS WHICH MAKE FOR PEACE ARE LIKEWISE MANY AND COMPLEX. Expert knowledge and technological skill have their place. Most fundamental, however, is the releasing and strengthening of the will-to-love and cooperation which, though constantly denied by man's basic sinfulness and self-centeredness, are nevertheless the living core of the image of God implanted in man. Man is both sinner and child of God. He is both selfish and self-sacrificing. It is the responsibility of Christians to give fullest expression in their own lives to the spirit of love and to seek its release in all men and in society—even as they seek through the orders of society to provide curbs to the expressions of selfishness that constantly threaten the duty of proclaiming the redemptive work of Jesus Christ. They also have the responsibility of witnessing to the Lordship of Christ over all of life. The significance of his love for our own day is most clearly revealed not simply in theological discussion but in specific action in society growing out of such discussion and designed to make explicit the meaning of such love in life. This love must find expression in concrete political, social and economic steps which make for order, justice and peace.

9. WITH OUR GROWING UNDERSTANDING OF THE CAUSES OF WAR COMES A CLEARER UNDERSTANDING OF STEPS TOWARD PEACE, WORLD ORDER AND INTERNATIONAL JUSTICE. THIS MEANS THAT CHRISTIANS MUST PRAY AND WORK MUCH MORE REALISTICALLY THAN THEY HAVE IN THE PAST. It is not enough to pray that God will enable us, as individual Christians, to resist war hysteria and hate if war should come, *though certainly this is the Christian's duty*. Christians today must also *pray to be used* in removing the causes of war and in building the bases of creative and peaceful relations among nations. We must learn to spread the gospel of love embodied in the person of Jesus Christ by praying and speaking and working for the will of God as we understand it. This to be done in relation to such goals as; racial understanding, population control, political freedom and self-determination of all peoples, the development of all forms of international communication and the freer exchange of peoples, goods and ideas, the growth of responsible international political and judicial structures and processes, and the satisfying of human hungers for food, health, knowledge and dignity.

10. CHRISTIANS MUST WORK AT SUCH TASKS AS THESE IN THE CONVICTION THAT AS THEY DO SO THEY ARE INVOLVED IN THE WORK OF LOVE WHICH IS THE RESPONSIBILITY OF EVERY MAN WHOSE FAITH HAS LED HIM INTO THE PRESENCE OF GOD. This lays upon Christians the responsibility to prepare themselves by study and discussion to understand and make informed judgments on the complex problems involved in the making of peace. These judgments must then find expression in concrete action which witnesses to God's love for his people. Christians dare not abdicate this responsibility for choice and action on the ground that they are not expert enough. Technical experts are available to implement the will of a people devoted to peace. *What is needed today is the moral and ethical leadership which should be coming from an informed Christian community.*

11. THE IMMEDIATE TASK IS THAT OF ENCOURAGING THE PROCESS OF UNIVERSAL DISARMAMENT. The time for beginning is now. Every moment we wait increases the complexity and difficulties surrounding disarmament. Even the smallest step taken now is of crucial importance in helping to stem an armaments race which must finally eventuate in disaster if not stopped. As a beginning then Christians may call upon the governments of the world:

- A. To set up now at least the first stages of an international inspection system under the United Nations to guarantee that disarmament agreements made are being kept and thus to reduce the danger of surprise attacks, and begin to reduce the uncertainty, fear and mistrust which stands in the way of further disarmament;
- B. To forego, for at least a trial period, the testing of nuclear weapons of mass destruction;
- C. To proceed by negotiation if possible, or by the action of individual states if necessary, in the reduction of conventional arms and armies on a step by step basis;
- D. To support the establishment of a permanent unarmed United Nations peace agency for the reporting and inspection necessary under disarmament agreements as well as for the control of border incidents and irresponsible military adventuring;
- E. To seek with all haste minimum agreements outlawing production in quantity and storage of long distance missiles, and to work out a careful inspection program under the United Nations designed to assure that such agreements would be observed;
- F. To consider the possibility of developing "demilitarized zones" separating the major antagonists in the cold war, provided the consent of nations in these areas is received;
- G. To explore the possibilities of the production of nuclear materials for peaceful purposes only under a system of international inspection and control;
- H. To place under the United Nations further explorations of outer space so as to assure mankind that these scientific advancements will be used for peaceful purposes.

12. WHILE DISARMAMENT IS THE CRUCIAL ISSUE AT THE PRESENT, WE MUST NOT PUT OFF ACTION ON THE LONG RANGE CONCERNS OF REMOVING THE CAUSES OF WAR AND CREATING THE CONDITIONS OF PEACE. For example, economic assistance programs, designed to strengthen the economies of under-privileged areas, must not be made contingent upon the savings achieved in the reduction of armaments programs. Long range steps must be taken concurrently with, and if necessary, independent of disarmament steps. They are right in and of themselves. Conceivably they may be the deciding factors in creating the social climate in which substantial disarmament may take place. There are five groups of tasks to which Christians must be dedicated in this connection:

A. *Development of World Ethos.* In many ways the greatest task before us in the building of a peaceful world is the development of a commonly accepted world ethos or pattern of values. The basis for such an ethos, we believe, is found in love and mutuality and understanding. Though such an ethos would be non-authoritarian and unenforceable, it nevertheless would form an invaluable basis for international discussion and negotiation of issues. Achievement of such a world ethos can be facilitated in a variety of ways:

- a. "Exchange of persons programs" involving students, teachers, agricultural workers, labor leaders, religious leaders, etc., provide a basis for greater appreciation of other people and groups, and should be expanded and encouraged where possible.
- b. Equality of opportunity in race relations is especially important as a basis for world peace. Many nations are composed largely of particular racial groups.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

Any discrimination or unjust treatment of such racial groups in other countries is generally interpreted as a direct affront to the security and freedom of such nations. The achievement of racial equality of opportunity and interracial understanding and appreciation will go a long way toward developing a common world ethos—providing for peace in our world.

- c. Freedom and facility of communication are essential to a developing world understanding and agreement on basic ethical approaches to life. Free exchange of scientific, artistic, philosophic and religious concepts should be encouraged. The study of foreign languages is highly desirable. The widest possible exchange of literature and information programs of all kinds is very important. Freedom of travel, especially by scholars, journalists, artists, theologians and other interpreters of culture, should be facilitated and encouraged.
- d. International trade, mentioned in another connection as an aid to world economic development, is also important as a basis for developing world communication and understanding.

B. World Economic Development. The economic development of underprivileged areas is one of the ways in which poverty may be lessened in the world. Technical assistance programs which aid in lifting levels of technological skill may be of real help in improving the life of the people of the underdeveloped areas. Capital funds in the form of grants or loans are often needed to realize the greatest benefit from economic development programs. In many instances multilateral programs of economic assistance are to be preferred over bilateral arrangements. There is certainly no general rule at this point, however. To things which seem certain—that economic assistance programs should be separated from military aid and development programs; and that assistance should be granted with only such stipulations attached as are designed to see to it that assistance reaches people who are actually in need, rather than political fortune hunters. The use of such economic programs as diplomatic weapons is to be deplored.

The encouragement of reciprocal trade arrangements among nations and the elimination of tariffs and other trade barriers pave the way toward the creation of a peaceful world. Christians will, therefore, seek ways of implementing these proposals as they are embodied in legislative and administrative decisions, such as, the ratification of the Organization for Trade Cooperation or the use of The General Agreement on Tariffs and Trade.

C. Minimization of World Population Pressures. At least three factors are involved here: (1) population control based upon education concerning the use of efficient birth control techniques; (2) expansion of production and better distribution of world supplies of food and fibre; (3) migration procedures and agreements which allow for the shifting of surplus populations to relieve immediate pressures. Emigration must be considered only as a measure to meet temporary problems. Long range solutions demand a balance between population increases, and agricultural and industrial production. Christians would look with favor upon greater flexibility in world emigration and immigration procedures, to allow for the easing of such population pressures as one sees in Southwestern Europe and the Middle East today. *However, they would insist that long-run procedures relating population increases to food supplies be initiated.*

D. Freedom from Colonial Exploitation. Recognition of the legitimate desire on the part of subject nations and states for political independence and freedom from economic exploitation by stronger nations is a necessary prelude to peaceful relations in the world. Christians view all forms of colonialism as anachronisms in the 20th century. These include not only the more obvious forms where conquered or mandated territories are used by ruling powers for their own ends, but also the subtler forms where economic and social penetration and political coups make possible the exercise of undue control from without—as in the case of satellite states and “big brother” economic relationships. This does not mean that all colonies or mandates should be granted immediate self rule. It means rather that nations in power have the responsibility to work out with subject groups, agreeable programs with definite schedules for granting autonomy based, not upon the will of the colonial power, but upon the expectation of growth in trained leadership and economic viability within the colony. The services of the U. N. Trusteeship Council should be much more employed to assist in the working out of the details of schedules leading to self determination.

E. Development of World Political-Economic-Social Organization. Concurrently with efforts at the development of a common world mind and spirit, should go efforts at the development of world organizations which can implement world agreements and world understanding. Primary in the list of such organizational efforts must go those for strengthening the United Nations and its specialized agencies. Despite such criticisms

as may be leveled against the United Nations and its sister agencies, it still remains true that in these agencies *and their development* lies the world's greatest political hope of peace.

Among the steps which we believe would strengthen the United Nations are:

- a. The most rapid possible extension of membership to include all nations who shall comply with its charter;
- b. The ratification of at least a minimum statement of Human Rights by a substantial number of members;
- c. Greater willingness on the part of all nations to refer disputes to the United Nations and the World Court for judgment; and
- d. Making greater use of such instruments as the "Uniting for Peace Resolution" in the General Assembly to make possible consideration of issues which might be blocked by the veto power of the Security Council.

Resolution—No. 35 On Civil Defense

WHEREAS, it is important that the people of the United States and Canada be stirred from lethargy and indifference to the possibility of military attack upon our countries, and

WHEREAS, it is necessary that our people be well informed concerning the dangers of radiological fallout and related disasters in the event of nuclear attack upon our country, and that we understand the role of Civil Defense in such a disaster, and

WHEREAS, the Federal Civil Defense Administration has held the Church to be of such importance and help in these matters of grave concern as to call a special conference of religious executives, which conference of religious leaders was held in the City of Washington on May 6th and 7th, 1958, and was attended by thirty-five religious executives representing twenty-nine major denominations, and

WHEREAS, these religious executives, after due consideration of the matter have issued resolutions calling upon churches and clergymen across America to:

- a. *Make wide use of the literature which is released by the Religious Affairs Office of Civil Defense on proper preparedness through Civil Defense and on the intentions and plans of Communism for world conquest.*
- b. *Become well informed concerning the aims, functions and operation of Federal Civil Defense, including participation of clergy in Local Civil Defense organizations.*

THEREFORE BE IT RESOLVED that the churches and clergymen prepare themselves for immediate availability in ministering to the needs of humanity in times of disaster, to comfort the wounded and dying and to exert every effort to minimize the feeling of panic and the restoration of law and order.

BE IT FURTHER RESOLVED, that the International Convention of Christian Churches (Disciples of Christ) assembled at St. Louis, Missouri, October 17-22, 1958, urge the churches and individual members of churches in our Brotherhood to join with other religious bodies in America and Canada in taking cognizance of the dangers confronting us as nations, to plan for the alleviation of human suffering and woe in times of disaster; to pray and work to the utmost for a peaceful solution to the problems of our world and yet by alertness and concern prepare themselves to aid in giving shelter, service and succor to humanity in event of disaster.

Resolution—No. 36

Concerning the Obligation of Local Congregations for the Work of the American Bible Society

WHEREAS, the American Bible Society represents Protestantism around the world in distributing the Scriptures in 176 languages and 28 additional characters, a work that no single communion of Christians could do alone,

WHEREAS, many of us in the fellowship of the Christian Churches (Disciples of Christ) have seen the results of work of the American Bible Society where otherwise people could not have the Scriptures in their own languages,

WHEREAS, the support of the American Bible Society from individuals and churches is not in proper proportion to our size as a responsible brotherhood,

WHEREAS, the missionary needs for the Scriptures abroad and at home are the main reasons that the cost of the operation of the American Bible Society has increased 187% since 1945, and while contributions from other religious communions have increased 131%, the churches of our Brotherhood are giving less to the Society than they did in 1945.

WHEREAS, the Week of Compassion gifts have helped the Society to meet emergency needs but the obligations for supplying the Scriptures must be met by the churches in addition to the Week of Compassion support,

BE IT RESOLVED, that we call upon the churches of our Brotherhood to specifically place the American Bible Society in their budgets as a regular missionary responsibility and to increase their support according to their ability, in order that the work of our Protestant Voice in the publication and distribution of the Bible or portions thereof may be carried on around the world and that in assuming our share of the responsibility, we may thereby be “holding forth the Word of Life.”

BE IT FURTHER RESOLVED, that the above resolution be sent to the State Missionary Societies so that it may be noted as a matter of record, when the missionary budgets of the State Societies are being presented to the several State Conventions.

The Committee on Recommendations recommended approval of Resolution No. 36 with the following amendment:

“BE IT FURTHER RESOLVED that in the light of the impressive contribution of the American Bible Society to our own missionary enterprise, let each appropriate state organization be advised of this action and urged to include specific goals (a minimum of 8¢ per member recommended) for the American Bible Society in the annual goals which it suggests to the local congregations in its territory.”

Resolution—No. 37

Concerning Christian Unity

The Council on Christian Unity which has been given responsibility for matters that relate to the historic mission of the Disciples of Christ in witnessing to and working for the unity of the Church in the Lord Jesus Christ, submits the following:

I

AN ECUMENICAL DECADE:

In the Providence of God the churches are finding their unity in their Lord, and giving visible expression to their brotherhood in Him. Ten years ago the World Council

of Churches was founded at Amsterdam. Now more than 170 million Christians are "growing together" through the World Council of Churches. Not only has the fraternal hand of Christian aid been extended to refugees, and victims of earthquake, famine, flood, and war, but through worship and study the churches have drawn closer in heart and mind. We have extended an ecumenical ministry to people and churches in thirty-nine nations through Week of Compassion. In mission lands, in Japan and the Philippines, we are finding actual expressions of unity in participation in United Churches and are engaged in union in several other countries. Within our own brotherhood we have witnessed a deeper understanding of the need and nature of unity. We have increased the number of our congregations supporting the budgets of the World and National Councils of Churches by 200%. We have become more responsible Disciples in developing orderly procedures for correlating our ecumenical work, in engaging in ecumenical study and conversation, and in sharing with our fellow-Christians in both the riches of the Gospel and the ministry to God's children everywhere.

WHEREFORE BE IT RESOLVED:

- a. that we call upon our people and churches to offer prayer to our Lord Jesus Christ in thanksgiving for the growing unity of the church and for the visible oneness among Christians; and to sincere confessions of repentance for the continuance of so great a scandal to the Gospel as division or enmity among Christians, for whatever part of the division which may be due to our lack of understanding or charity, or to our pride and presumption; and of petition to the Lord of the Church that we may be delivered from all narrowness or prejudice, and become more responsive to the gifts of grace in others, that we may be instruments used by Him to gather the scattered flock under the authority of Him alone; and
- b. that in this year of emphasis we urge the local churches and our brotherhood agencies to engage in a serious reappraisal of our responsibilities as disciples for unity among ourselves and for our service to the whole Church and the whole world.

II

SUPPORT OF NATIONAL AND WORLD COUNCILS:

Since 1947 support of the National Council by local Disciple congregations has increased from \$11,616.33 to \$24,839.62 in 1957; and for the World Council from \$6,651.64 to \$12,777.12.

In the meantime the programs and ministries of both Councils have expanded and we rejoice in this fact. Our recommended "fair shares" of the budgets have also increased: for the National Council budget to \$32,600 and for the World Council to \$21,907.50. At its last meeting in Denmark in August the Central Committee of the World Council authorized a 15% increase in the budget ceiling, simply to offset rising costs of living, and invited churches as early as possible to increase their quotas by that amount.

WHEREFORE, in accordance with our established principle of local church support for the Councils,

BE IT RESOLVED:

- a. that every local congregation be urged to make a significant contribution to the budgets of the National and World Councils in the current year;
- b. that congregations presently contributing to these budgets be urged to increase their contributions by at least 15% over their 1957 giving.

III

THE UNITED CHURCH OF CHRIST

The International Convention Assembly in Buffalo in 1947 and again in Des Moines in 1956 expressed its desire that if and when the Congregational-Christian Churches and the Evangelical and Reformed Church united, the Disciples of Christ should seek to have conversations with the United Church about the possibility of entering into that union. The United Church is in some ways the most significant union that has taken place in our country, since it has united two denominations of very different backgrounds and polity, and has done so in such a way as deliberately to invite and encourage further union with other bodies.

WHEREAS: the United Church of Christ has shown a pervasive concern for the cause of Christian unity, and

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

WHEREAS: the officers of the executive committee of the United Church of Christ have invited fraternal observers from the Christian Churches (Disciples of Christ) to meet with the Commission to Draft a Constitution and the Commission to Draft a Statement of Faith, and

WHEREAS: there have been numerous personal expressions to our officers of the interest of the United Church of Christ in Christian unity,

THEREFORE BE IT RESOLVED: that the Convention Assembly expresses its appreciation of the consideration of the officers of the United Church of Christ in keeping the Council on Christian Unity informed of developments in the merger of the churches and reaffirms its previous resolution charging the Council on Christian Unity with responsibility to be ready to enter into discussions with the United Church of Christ looking toward the possible union of the two churches.

STUDENT FELLOWSHIPS:

Since 1955 our Disciple Student Fellowship has been engaged in conversation with other student fellowships looking toward organic union on a national and regional level. The negotiations have reached a stage where a definite vote will be taken toward such a union with the United Church student fellowship next year, and our International Convention Assembly in Denver will be asked to ratify the merger if the vote is mutually favorable.

WHEREFORE, BE IT RESOLVED:

- a. that we commend our Student Fellowship for its concern and effort for the cause of Christian unity;
- b. and that in this year of decision we ask that our churches and the appropriate state and national agencies take care to be informed as to the nature and meaning of the proposed union of the student fellowships.

V

WORLD COUNCIL OF CHURCHES—INTERNATIONAL MISSIONARY COUNCIL

In the beginning of this century and in the providence of God, Christian leaders found it desirable to create an International Missionary Council and a World Council of Churches to further the Church's mission and unity.

In 1946 the World Council of Churches and the International Missionary Council joined in creating the first of several common agencies and departments. In 1948 they decided to operate "in association" and created a "joint committee" to guide their common programs and the process of inter-relation.

The Evanston Assembly of the World Council, in 1954, approved "with deep appreciation" a resolution from the Joint Committee delineating still new areas in which work should be undertaken jointly. Noting that "it has not yet become clear whether this association should necessarily lead to a single organization" the Assembly expressed its own "sense of necessity to press on to further ways and means by which 'the inseparable oneness of mission and unity' may be more convincingly demonstrated in the life of the I.M.C. and the W.C.C."

In 1956 the Joint Committee agreed "to recommend to the parent bodies that in the opinion of the Joint Committee the time has come when consideration should be given to the possibility of full integration between the W.C.C. and the I.M.C., subject to an adequate safeguarding in any plan of integration of the distinctive expression of the Mission of the Church as this has been embodied in the I.M.C." In 1957 the Central Committee of the World Council gave preliminary consideration to a Draft Plan of Integration prepared by the Joint Committee and submitted it to member churches for their consideration.

The Assembly of the International Missionary Council, meeting in Ghana last winter, accepted the principle of integration, approved the Draft Plan of Integration as a "generally suitable instrument for integration," commended the Plan to member organizations with a view to amendment and improvement, and requested the World Council of Churches to delay its own deciding Assembly to 1961 to allow time for this kind of study, revision and action, if necessary by another International Missionary Council Assembly.

At its meeting in Denmark, in August, 1958, the Central Committee of the World Council of Churches took note of the favorable action of the International Missionary Council Assembly and approved a schedule of action and involvement which calls for

parallel assemblies in 1961 with definite action by representatives of the member churches assembled together at that time.

As Disciples we have been involved in this process at several points, in addition to staff and normal consultative relationships.

Responding to the action of the Evanston Assembly resolution (*A Response to Evanston*, p. 28) we recorded our endorsement of the "associate" relationship, and noted hopefully that efforts would be given to "closer and more dynamic expressions" of that relationship.

In response to the action of the International Missionary Council at Ghana, the Board of Trustees of The United Christian Missionary Society at its January, 1958, meeting voted:

"That The United Christian Missionary Society inform the Division of Foreign Missions of the National Council of Churches of Christ in U.S.A. that we approve the principle of integration, as presented in the plan of integration of the International Missionary Council and the World Council of Churches and urge the early implementation of the plan."

Pursuant to this action by The United Christian Missionary Society's Board of Trustees, the Board of Directors of the International Convention voted in June, 1958:

"That the International Convention of Christian Churches (Disciples of Christ) in behalf of our Brotherhood approves the merger of the International Missionary Council and the World Council of Churches."

The next stage of developments, as recognized by the World Council's Central Committee, will involve experimental, and sometimes drastic changes in structure, and will require major concentration of thought and resolve in the next three years. If this is true of the Councils, it is also true of member churches and mission agencies, including ourselves. Whatever is demanded in the Church's fulfilling its mission and unity, insofar as we can believe it is of God, can be done in confidence and hope.

WHEREFORE BE IT RESOLVED:

- a. that this Assembly of the International Convention of Christian Churches record its approval in principle of the proposed integration of the World Council of Churches and the International Missionary Council, noting with satisfaction that functions and functional structures will make broad provision for the Church's total mission in the world and will allow for *some form of participation by* regional bodies not desiring full membership in the new organization, and that the principles which govern membership will maintain this new manifestation of mission as the churches themselves joined together in mission and unity.
- b. that The United Christian Missionary Society and the Council on Christian Unity which are considering the implications of the proposed integration for Brotherhood life be asked to bring in a report to the Brotherhood as plans are developed.

Signed: The Council on Christian Unity
by the Executive Committee

The Committee on Recommendations recommended the approval of Resolution No. 37 "Concerning Christian Unity" with the addition of the following words appearing in italics above "some form of participation by," which constitute a revision of the original resolution.

Action—VOTED that the 1958 St. Louis Assembly of the International Convention approve Resolution No. 37 as revised.

Resolution—No. 38

Proposal for Studies on Christian Unity

WHEREAS, the historic plea of the Disciples of Christ (Christian Churches) has always been Christian unity and our internal differences have largely stemmed from an inability to arrive at an agreement on the nature of this unity; and

WHEREAS, the significant success of the Oberlin Conference has been noted and the possibility of oneness in the church is becoming more a distinct possibility; and

WHEREAS, our experiments of sharing views at study breakfasts (or study groups) at Brotherhood Conventions have proven to be of great practical and spiritual value;

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

THEREFORE, BE IT RESOLVED, that the Christian Churches (Disciples of Christ) take steps toward organizing for the purpose of discussing the nature of the unity we seek:

1. Studies in local churches.
2. Special studies in our seminaries.
3. A nation-wide conference or consultation.

BE IT FURTHER RESOLVED, that the Brotherhood Council on Christian Unity be requested to accept the responsibility of advising with and working out the mechanics of these studies and this Conference with consideration being given to include in the Conference leaders of the various avenues of thinking within the Christian Churches (Disciples of Christ) as a whole.

Signed:

1958 Texas Convention of Christian Churches

The Committee on Recommendations recommended approval of Resolution No. 38 "Proposal for Studies on Christian Unity."

Action—VOTED approval by the 1958 St. Louis Assembly of Resolution No. 38 as recommended.

Resolution—No. 39

Concerning "Week of Compassion," "One Great Hour of Sharing"

WHEREAS: The Christian Churches (Disciples of Christ) through Unified Promotion lift up for special emphasis one week, known as "The Week of Compassion," which falls in February of each year; and

WHEREAS: The National Council of Churches of Christ in the USA, of which the Christian Churches (Disciples of Christ) are a participating body, has through its Missions Departments, promoted "One Great Hour of Sharing," falling about one month later, in which many other Protestant communions participate, and which is a public service project recognized by the Advertising Council, which promotes "One Great Hour of Sharing" through the media of mass communications;

THEREFORE BE IT RESOLVED: That the International Convention of Christian Churches (Disciples of Christ), meeting at St. Louis, change the dates of the "Week of Compassion," effective with the year 1960, to coincide with "One Great Hour of Sharing," whereby our Brotherhood may take advantage of the national and local publicity given to the later program, and thereby demonstrate the guiding principle of unity, to which the Disciples of Christ have always been committed.

Submitted by the Official Board of
Wakonda Christian Church, Des Moines, Iowa
Owen Crist, Chairman
Frazer A. Thomason, Minister

The Committee on Recommendations recommended that this Resolution *be not approved* for the following reasons:

1. Because "One Great Hour of Sharing" is already included in the "Week of Compassion" support,
2. Because of the nearness of the appeal of "One Great Hour of Sharing" to the Easter season,
3. Because the "One Great Hour of Sharing" does not include many of the "Week of Compassion" items of support, and
4. Because a restudy of the "Week of Compassion" is under consideration.

Action—VOTED by the 1958 St. Louis Assembly that Resolution No. 39 *be not approved*.

Resolution—No. 40

Concerning Financial Support of the International Convention

WHEREAS, by action of the Columbus Assembly of the International Convention in 1946 a full time staff and office was authorized, and

WHEREAS, the Assembly approved the recommendation of the Board of Directors that the Convention budget be underwritten by direct financial support of local congregations, and

WHEREAS, the program of the International Convention of Christian Churches has grown more rapidly than the financial support thereof, and

WHEREAS, there are many indications that an enlarged program is expected of the Convention by the Brotherhood, and

WHEREAS, the International Convention office is responsible for preparation and holding of the Annual Assembly, for the editing of the Year Book, for the growing Department of Public Relations, for organization and leadership of the many committees authorized by the Brotherhood, for transportation services, a ministry-at-large, and other services consistent with the purposes of the International Convention of Christian Churches, realizing that a large percentage of the churches of the Brotherhood are not supporting the budget of the Convention, and

FURTHERMORE, recognizing the need for many congregations already supporting to increase their financial underwriting,

THEREFORE BE IT RESOLVED that the services of the International Convention, its vital position in the Brotherhood, and the financial needs of a growing program, become the concern of laymen, ministers, state and national leaders, and that this concern be expressed by encouraging all local congregations, especially those not presently supporting the Convention, to assume an equitable share of financial responsibility for the operating budget of the International Convention, and

FURTHERMORE BE IT RESOLVED that all churches currently supporting this Cause consider the need to increase their gifts in order that the Convention service may be adequately underwritten.

Signed: The Board of Directors
International Convention of Christian
Churches (Disciples of Christ)

The Committee on Recommendations recommended that Resolution No. 40, "Concerning Financial Support of the International Convention" be approved.

Action—VOTED by the 1958 St. Louis Assembly that Resolution No. 40 be approved as recommended.

Resolution—No. 41

Urging That the Selective Service Act Be Discontinued at Its Expiration in July, 1959

WHEREAS, the Universal Military Training Service Act will expire in July of 1959, and the Congress and American people must determine whether such a system of conscription should be continued; and

WHEREAS, the Disciples of Christ have stated in previous International Convention Resolutions that they oppose conscription as a permanent feature of American life; and

WHEREAS, the validity of the UMTSA concept has been thrown into doubt because in an era of nuclear weapons and inter-continental ballistic missiles many civilian and military authorities feel that large mass armies are useless and that only an ever-ready technically trained professional army meets the real needs of the nuclear age; and

WHEREAS, conscription which may have outlived its usefulness even as a military concept, is also wrong in principle in a democratic society, and should be discontinued at the earliest possible moment;

THEREFORE BE IT RESOLVED THAT the International Convention of Christian Churches, assembled at St. Louis, Missouri, October 17-22, 1958, urges the discontinuance of the Universal Military Training Service Act at its expiration date in July of 1959.

BE IT FURTHER RESOLVED THAT the Executive Secretary of the International Convention be requested to send copies of this resolution to the Armed Services Committees of the House of Representatives and the U. S. Senate; and that the Department of Social Welfare, UCMS, be asked to inform the churches of this action and implement a program of study and action in the spirit of this resolution.

Action—VOTED by the 1958 St. Louis Assembly that Resolution No. 41 be approved as recommended.

Resolution—No. 42

In Support of Return of Confiscated Japanese and German Property

WHEREAS, the private property of individual Japanese and German citizens confiscated during World War II has still not been returned and is causing individual hardship, international frictions, and undermining faith in our system of property rights and in observance of American international legal practices; and

WHEREAS, the practice of the United States from the Revolutionary War through World War I has been to return private property confiscated during war; and

WHEREAS, fellow Christians in Japan and Germany have expressed concern that justice be accorded to their private citizens whose property was confiscated; and

WHEREAS, the President of the United States has urged upon Congress as a first step a plan to "provide for the payment in full of all legitimate war claims of Americans against Germany and would permit, as an act of grace, an equitable monetary return to former owners of vested assets," and

WHEREAS, the President of the United States has declared that it is his hope "that it will also be possible to work out a final solution of the Japanese vested assets (confiscated property) for presentation to the next session of Congress";

THEREFORE BE IT RESOLVED by the International Convention of Christian Churches assembled at St. Louis, Missouri, October 17-22, 1958, that we commend the President and members of both political parties who are working to maintain the traditional position of the United States from the Revolutionary War through World War I, regarding full restoration of private property seized during wartime;

BE IT FURTHER RESOLVED that individual Christians and our churches give serious study to the problem of Confiscated Japanese and German Property and make their wishes known to Governmental leaders.

BE IT FURTHER RESOLVED that the Executive Secretary of the International Convention be requested to send copies of this resolution to the Judiciary Committees of the House of Representatives and the U. S. Senate and the President of the United States; and that the Department of Social Welfare, UCMS, be asked to inform the churches of this action and implement a program of study and action in the spirit of this resolution.

Action—VOTED that Resolution No. 42 be approved as recommended.

Resolution—No. 43

In Support of the Principles of H.R. 12310 By Rep. Edith Green of Oregon

WHEREAS, the threat of war is all the more ominous because we live in the nuclear age; and

WHEREAS, poverty, ignorance and disease continue to plague billions of people in the less developed areas of the world, causing great spiritual and physical suffering, as well as political and social unrest that is a threat to world peace and the development of a stable democratic way of life, and

WHEREAS, the Disciples of Christ through their missionaries and programs of relief and rehabilitation have been concerned to help people in the less developed areas to help themselves through programs of education, medical care and agricultural development, and

WHEREAS, the Disciples of Christ have repeatedly in International Convention resolutions and programs of action supported the United States and its specialized agencies, and

WHEREAS, many Christians have been concerned that a larger share of their tax dollar should be contributed to programs of peace through the United Nations and its specialized agencies;

THEREFORE BE IT RESOLVED that the International Convention of Christian Churches assembled at St. Louis, Missouri, urge consideration and support of the principles of H.R. 12310 (known as the United Nations Investment for Peace Act of 1958) introduced by Congresswoman Edith Green of Oregon, or similar legislation with the same purpose, which would establish a people's program for peace, to provide for investments for peace by allowing U. S. citizens a credit, directly against their income tax, of the amounts paid to the fund for United Nations Investments in Peace, up to an amount of 2% of the total tax; and furthermore eliminate as a business deduction for tax purposes any amounts whatsoever for entertainment, thus returning to the Federal treasury more than permitted as deductions for payments to the fund for United Nations Investments in Peace.

BE IT FURTHER RESOLVED that we recommend consideration of this program of "Investments for Peace" for prayerful consideration by members of our churches as a practical means for individual Christians to contribute time, energy and money toward the achievement of lasting peace by promoting a person-to-person participation in the technical assistance and health and welfare program of the United Nations; and furthermore that the Executive Secretary of the International Convention be requested to send copies of this resolution to the Ways and Means Committee of the House of Representatives, the Finance Committee of the U. S. Senate and the President of the United States.

BE IT FURTHER RESOLVED that the Department of Social Welfare, UCMS, be requested to inform the churches of this action and implement a program of study and action in the spirit of this resolution.

Report of the Committee to Study Eligibility of Member Agencies

The special committee appointed by the Board of Directors of the International Convention for the purpose of considering Resolutions No. 31 and 32 from the Cleveland Assembly concerning the application of the Disciples Peace Fellowship as a member of the Convention recommends that inasmuch as any change in the basis of membership in the Convention would require revision of the Articles of Incorporation and By-Laws, and in consideration of the possible re-study of the organization and structure of the Brotherhood, that these resolutions, No. 31 and 32, be referred by the Convention to the Board of Directors of the International Convention for further consideration and study in connection with and as a part of any such restudy and organization of the restructuring of the Brotherhood. In any event, the Board of Directors of the International Convention shall bring a report including these suggestions to the Denver Convention in 1959.

The committee makes the following suggestions.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

Pending further study of the possible organization and structure of our Brotherhood life, we would propose the following categories of membership for agencies in the International Convention.

I. The eight member organizations which hold primary and basic responsibility in considering and implementing recommendations of the International Convention in Brotherhood life:

- The Board of Church Extension
- The Board of Higher Education
- The Christian Board of Publication
- The Council on Christian Unity
- The Disciples of Christ Historical Society
- The National Benevolent Association
- The Pension Fund
- The United Christian Missionary Society

II. The following organizations should be classified as institutional, fellowship or affiliated members on the basis of function, relationships, and more limited responsibilities.

- Brazil Christian Mission
- The Christian Foundation
- Christmount Christian Assembly
- European Evangelistic Association
- National Association of State Secretaries
- National Christian Missionary Convention
- National City Christian Church
- National Evangelistic Association

An additional classification of inter-agency affiliates is suggested as follows:

- The All-Canada Committee
- The Commission on the Promotion of Christian Literature
- The Council of Agencies
- Unified Promotion
- World Call

Further consideration of the application of the Disciples Peace Fellowship or any additional applications should await the conclusion of this study.

Resolution—No. 45

Unification of Brotherhood Publications

WHEREAS, the task of promoting the worthy causes and undertakings of the various agencies and activities of the Christian Churches is becoming more and more complex, and

WHEREAS, the local pastor is called upon to be a public relations man and promotional agent to the extent that, in many cases, his pastoral ministry suffers, and

WHEREAS, the new converts are easily confused by the many publications that are presented for their consideration, and

WHEREAS, many members of the Christian Church are able to subscribe to only a limited number of publications, and thereby miss much important and helpful information appearing in publications that they do not receive,

BE IT RESOLVED, that we urge the various agencies reporting to the International Convention and who also present a publication to our Brotherhood, to seriously consider the possibility of uniting their publications in one weekly paper or magazine that can be

strenuously promoted in local churches and will contain, from week to week, information concerning all the various causes and activities of the Brotherhood. Among those publications urged to consider this plan we list the following: "The Christian-Evangelist," "World Call," "Social Action News-Letter," "Leaven," "Front Rank," "NBA Family Talk," "Hearthstone," "The Harbinger and Disciplina," "Council on Christian Unity News Letter."

Signed: The Oklahoma Convention of Christian Churches

The Committee on Recommendations submitted the following recommendation regarding Resolution No. 45:

"Inasmuch as we note that considerable progress has recently been made in the effort to unify Brotherhood publications as for example the announced forthcoming union of The Christian-Evangelist and the Front Rank and other similar efforts toward unification of publications by the National Benevolent Association and The United Christian Missionary Society, the Committee on Recommendations recommends the approval of Resolution No. 45 in an amended form which would delete the second and third 'Whereas' phrases (in italics above), and that it be referred to the Council of Agencies Committee on Brotherhood Organizations and Inter-agency Relationships for further study with the suggestion that a progress report be made at the Denver Convention."

Action—VOTED approval of the recommendation of the Committee on Recommendations to refer Resolution No. 45 to the Council of Agencies Committee on Brotherhood Organizations and Inter-agency Relationships.

Resolution—No. 46

Concerning Violence Against Jewish Synagogues

WHEREAS: the acts of violence committed against several Jewish synagogues are a shocking reminder to all of us of the prejudice and lawlessness that still exists in the minds and hearts of men, and

WHEREAS: any temporizing with lawless elements is likely to encourage further acts of violence and other manifestations of prejudice, and

WHEREAS: certain Christian Churches have expressed the indignation and regret all of us feel in a constructive manner by promptly offering the use of their facilities to their Jewish brethren,

THEREFORE BE IT RESOLVED: that the International Convention of Christian Churches assembled at St. Louis, Missouri, October 17-22, 1958, condemns these acts of violence and commends the swift action taken by local, state, and federal authorities as an example to all similar authorities faced with similar acts, and

BE IT FURTHER RESOLVED: that we express our appreciation and support to those Christian Churches who have opened their doors to their Jewish brethren,

BE IT ALSO FURTHER RESOLVED: that we express our appreciation and encouragement to those ministers of congregations who take a courageous and sympathetic attitude toward those who are being harmed.

Concerning the Violent Destruction of Properties and Other Acts of Vandalism

WHEREAS: many incidents of violence growing out of present racial tensions involving the bombing and/or burning of public schools, private properties and the defacing of church properties have occurred recently, particularly in Clinton, Tennessee, Chicago, Illinois, and other widely scattered geographical areas within our nation;

AND WHEREAS: such incidents reflect a disregard for law and order and tend toward anarchy;

AND WHEREAS: such incidents are a violation of Christian conscience;

BE IT THEREFORE RESOLVED: that the International Convention of Christian Churches (Disciples of Christ) assembled in St. Louis, Missouri, October 17-22, 1958, hereby goes on record as deploring any and all such acts of violence which reflect the disregard of both civil law and human rights;

BE IT FURTHER RESOLVED: that we pledge our moral support and concern for those churches, ministers, and other individuals; who in the effort to uphold the law of the land, offer their churches and homes to individuals and groups who have become the victims of such acts of lawlessness.

Chaplaincy Endorsement Commission of the International Convention

Frederick W. Helfer, Chairman, Baltimore, Maryland

Carl M. Boyd, Secretary,

221 Ohmer Ave., Indianapolis 19, Indiana, P. O. Box 19136

PURPOSE

The various sections of the military chaplaincy, Army, Navy and Air Forces, with the Veterans Administration Chaplaincy, assign each denomination or communion a quota, based on that communion's strength in the U. S. A. and the required needs of additional chaplains. Standards are set by these organizations such as age, education and training, and general fitness. Our Commission is asked to endorse only such men as shall be representative of the highest quality of the spiritual and moral integrity of our ministry, and to retain such relationships with our chaplains as to be able to withdraw endorsement should any prove unworthy, or be found undesirable for such duty.

ANNUAL REPORT

July 1, 1957, to June 30, 1958

The Commission operates on a voluntary basis on behalf of our Brotherhood in its relations to its chaplains. The approval or disapproval of applications for Ecclesiastical Endorsement or Re-endorsement is our responsibility for the Army, Air Force (including Civil Air Patrol), Navy and Veterans Administration chaplaincies, together with all other chaplaincies of whatever sort which require a Brotherhood endorsement, with the authority to withdraw Ecclesiastical Endorsement should a chaplain prove unworthy, or change his religious affiliations. We seek to bring into these chaplaincies the highest type of leadership possible for a spiritual ministry to the men and women in the various branches of the military, the patients and personnel of the Veterans Administration Hospitals, and other institutional and hospital ministries, and, on behalf of the Brotherhood to maintain the closest of ties with them in this most challenging ministry.

Committee on Selective Service Status of Ministerial Students

of the International Convention

ANNUAL REPORT July 1, 1957 to June 30, 1958

Harlie L. Smith, Chairman
Ralph Palmer
Beauford A. Norris
Lawrence H. Maines
Jay R. Calhoun, Secretary

The Committee on Selective Service Status of Ministerial Students of the International Convention was created to give guidance and assistance to ministerial students who need deferment from military training in order to study for the ministry.

During the past fiscal year this committee carried on extensive correspondence with young men in regard to securing their IV-D status of deferment. In a number of instances this involved correspondence with local, state and national Selective Service boards.

The following procedure, based on United States Selective Service requirements, is recommended for securing deferment. Selective Service requirements make it necessary:

1. That the candidate sign a life commitment card stating his intention to go into full-time vocational Christian service.
2. That he obtain three copies of the following statements: (a) an affirmation from his local church that he is known to be a candidate for the ministry and that the church recommends him for deferment, (b) a letter from the college he is now attending or will attend stating that he is registered as a student, (c) a statement from a recognized graduate school of religion stating that he is pre-enrolled as a ministerial student.

The candidate should give the first copy of each of these statements to his draft board, the second copy of each should be sent to the above named committee and the third copy is for his file. On receiving the three statements and life commitment card the Committee on Selective Service Status of Ministerial Students grants a certificate of recognition to the young man and sends a copy of the certificate directly to his Selective Service board.

In emergency cases the committee stands ready to appeal to Selective Service for young men who have met these requirements and for one reason or another have not been granted IV-D status.

A leaflet entitled "Selective Service Requirements for Young Men Planning to Enter the Ministry" may be secured without charge from the International Convention office, P. O. Box 19136, Indianapolis 19, Indiana.

Commission on Budgets and Promotional Relationships

of the International Convention

HISTORY AND PURPOSE

The Colorado Springs Assembly of the International Convention, 1923, approved a resolution calling for "the appointment of a permanent Commission on Budgets and Promotional Relationships to which shall be submitted all the budgets of the cooperating agencies. When such budgets shall have been reviewed and approved by the Commission, they shall be recommended to the churches. Full report of the actions of this Commission shall be made to the succeeding International Convention for its review and approval. . . . We further recommend that this Commission shall consist of twelve members, none of whom shall be an employee of any of the cooperating agencies. . . ."

It was recommended "that the Commission on Budgets and Promotional Relationships, when appointed, shall ask the cooperating agencies to be governed in submitting their budget askings by the following principles:

"1. Budget askings should be based upon the needs of the field, and cooperating agencies may accompany all proposed budgets with statements and surveys to support their askings."

2. It was recommended "in the case of emergencies or crises arising within the fiscal year affecting any of the cooperating agencies, that a special session of the Commission on Budgets and Promotional Relationships, in conjunction with a special session of the Administrative Committee of the International Convention, may be called at the expense of the agencies asking for such a meeting."

The Commission on Budgets and Promotional Relationships has functioned each year since 1923. The wisdom of constituting this Commission has been demonstrated through the universal acceptance of the guidance of the Commission by all agencies reporting directly or indirectly to the International Convention; also by the churches who recognize that appeals for funds for causes which have been approved by the Commission have been studied and carefully weighed as to their relative importance. Thus, good balance has been maintained in the solicitation and expenditure of funds contributed by local congregations for the total work of the Disciples of Christ.

ANNUAL REPORT

Presiding during the annual meeting, March 4-7, 1958, M. M. Hargrove

Present: Ben C. Bobbitt, Homer W. Carpenter, M. M. Hargrove, Fred Henderson, George E. Hicks, Edward S. Moreland, Warner Muir, G. Gerald Sias, Kenneth F. Smith, Paul H. Woods, Executive Secretary Gaines M. Cook, Recording Secretary Gertrude Dimke.

Absent: Garth Henrichs, Monroe G. Schuster.

Gaines M. Cook, Executive Secretary, presented the document containing reports and made a brief orientation statement.

Homer W. Carpenter, who presided over the 1957 Annual Meeting, reviewed the minutes of that year.

VOTED approval of the minutes of the 1957 Annual Meeting.

Reports were presented on *completed campaigns* of the *Purdue Christian Foundation* and the *Cane Ridge Preservation Project*.

Purdue reported receipts from their building campaign from churches totaling \$13,155.21; from other sources, \$7,908.72; total, \$21,063.93; with an outstanding indebtedness July 1, 1957, \$14,774.95.

VOTED that inasmuch as this campaign has been under way since 1954, and is apparently still unfinished, this Commission calls attention to the principle of completing campaigns within the prescribed time limit.

Furthermore, it is requested that information be furnished the Commission regarding plans to take care of the existing indebtedness, whether by outstanding pledges or otherwise, with the request that a report of pledges be furnished if it is available.

The report from the Cane Ridge Preservation Project indicated receipts of \$104,176.92, including a bank loan of \$11,000.00. This note is still due. Assets in the form of pledges, memorials and souvenir items for sale, plus the cash balance in the bank, total \$8,369.25.

VOTED that a letter of appreciation be sent to the responsible sponsors of the Project, both for the report and for the successful effort. Furthermore, the Commission desires to have information regarding provision for general up-keep and maintenance of the building which has been erected as the result of the project.

Review and Confirmation of Interim Actions

VOTED confirmation of the mail vote dated November 13, 1957, approving an increase of \$20,900 in the askings of the Week of Compassion for 1958, making the total approval for \$520,900.

COMMISSION ON BUDGETS AND PROMOTIONAL RELATIONSHIPS

ANNUAL REPORT

VOTED confirmation of the mail vote dated November 13, 1957, approving action by the Commission on Brotherhood Finance granting permission to include \$440,000 Capital for Kingdom Building in the request of the The United Christian Missionary Society for the Puerto Rican program in New York City, to be added to the approved \$2,845,500 Capital for Kingdom Building.

VOTED confirmation of the mail vote dated July 1, 1957, approving action by the Commission on Brotherhood Finance granting the request made by the Northern California Christian Missionary Society as follows:

"For new church development and camp project, \$60,000 per year, the same as the present approved campaign with the understanding that approximately \$40,000 per year will be for new church development and approximately \$20,000 per year for the camp project."

A communication was read from Frank Northam of the Department of Finance and Administration of the World Council of Churches, acknowledging the report of Dr. Robert Tobias, Treasurer of the Committee on the Disciples of Christ Headquarters Fund campaign. This report, for the year closing December 31, 1957, indicated cash on hand of \$14,540.29, plus pledges of approximately \$1,500, toward a total goal of \$20,000 authorized by the Council on Christian Unity and approved by the Budget Commission at their Annual Meeting in 1957.

VOTED approval of the report.

Hearings

School of Religion, Butler University

Dean O. L. Shelton appeared before the Commission with a progress report with reference to capital funds campaign. General discussion revealed that the Butler School of Religion is planning for an enrollment of not less than 600 by 1970. The campaign in which this school is now engaged calls for a general goal of \$1.00 in endowment for each \$1.00 invested in buildings on the new campus. The report included a statement regarding new properties acquired and in process, with a confidential statement regarding a settlement with Butler University for the purchase of the buildings now occupied by the School of Religion.

VOTED approval of capital funds campaign in the amount of \$1,500,000 for the year 1958-59, and that a review be requested on the plan for the next year.

Note: The Commission expresses the opinion that under the circumstances the request for \$4,500,000 in a three-year campaign is a sound basis of expectancy.

The College of the Bible

President Riley B. Montgomery and Charles E. Dietze appeared before the Commission and reviewed the current progress in connection with the Centennial Development Campaign. It was reported that there has

been a total commitment to date of \$1,636,000 of which \$640,000 has been committed by 48 members of the Board of whom 24 are ministers. The Commission understands that this is a campaign to both churches and individuals and that in the anticipated \$5,500,000 for the ten-year period, \$2,500,000 is for buildings and \$3,000,000 for endowment.

The purpose of this hearing was for information only inasmuch as clearance for The College of the Bible, a member agency of Unified Promotion, must first be made through the Commission on Brotherhood Finance.

Christmount

Walter A. Davis, Vice-President of Christmount Christian Assembly, appeared before the Commission with a report on present facilities and future plans. During the summer of 1958, 8 groups not including week-end conferences or small retreats, are scheduled; 4 of these are national in scope, 1 is for a unit of the National Council of Churches, 2 for ministers' retreats, and 3 meetings of the state constituency in North Carolina.

Mr. Davis reported that there are three sources from which funds are anticipated:

- 1—Selling of lots, which is a business transaction within the Assembly,
- 2—Church budgets,
- 3—Individual gifts.

The request for capital funds is on the basis of an extension of the previously approved campaign for \$25,000 from individuals.

VOTED reconfirmation of the previously approved campaign for \$25,000.

Northwest Christian College

President Ross J. Griffith appeared before the Commission stating that no effort had been made during the preceding year to campaign for funds approved by the Commission on Budgets inasmuch as a bequest had fulfilled the need anticipated.

Request was made for a two-year campaign for the amount of \$500,000, \$150,000 of which is to purchase a fraternity house and land adjacent to the campus, and \$350,000 for the completion of a girls' dormitory.

VOTED approval of the two-year campaign in the amount of \$250,000 per year.

William Woods College

VOTED approval and reconfirmation of the campaign authorized to William Woods College in 1957 for capital askings of \$60,000 from churches and \$190,000 from individuals to apply on the total building fund campaign of \$511,478, the balance of which is to be solicited from non-Disciple sources.

VOTED that an expression of appreciation be extended to President T. T. Swearingen for the report filed in 1958 on the capital funds campaign.

VOTED that the Commission on Budgets and Promotional Relationships approve the following recommendation from the Commission on Brotherhood Finance:

"Recommended that the United Christian Missionary Society be given approval to extend their Capital for Kingdom Building campaign to June 30, 1960."

COMMISSION ON BUDGETS AND PROMOTIONAL
RELATIONSHIPS
ANNUAL REPORT

59

VOTED approval of the following action recommended by the Commission on Brotherhood Finance of Unified Promotion re the proposed method of area distribution:

"The duties of the Commission shall be: (1) During 1950-51 to review the needs of the agencies and allocate to them the increased receipts over 1949-50, (2) To prepare the budget for 1951-52 on the basis of recommendations 1 and 2 above, (3) to follow the same procedure in 1952-53 as in 1951-52, (4) In subsequent years to review the needs of the agencies and formulate a national budget for Unified Promotion on the basis of approved askings.

"The Central Office shall compute annual distribution percentages for all agencies on a state or area basis. These percentages shall be based on the allocations of the Commission in relation to the amount to be raised in the respective state or area. The amount to be raised (to be called the distribution base) will be arrived at by ascertaining the percentage of the national budget raised in the state or area during the previous year and applying that percentage to the total budget of askings for the current year."

"It is further recommended that the College Consultation Committee take immediate steps to ascertain whether the new distribution procedure offers an acceptable solution to the problems arising out of the promotion of designated money for regular budget support of the institutions of higher learning in Unified Promotion."

"It is understood that in accordance with the action taken in December 1957, in the event the new procedure is adopted it will be subject to annual review by the Board of Directors.

"To become effective July 1, 1959."

VOTED that the Commission on Budgets and Promotional Relationships go on record to commend the officers and Board of Directors of Unified Promotion who have had the responsibility to work out this new approach on area distributions, and for their forward looking attitudes in being willing to re-evaluate their own methods and agreements of the agencies with whom they work.

Dr. Spencer P. Austin reported the attempt to carry out the instructions of the Commission on Budgets in accordance with their actions in March, 1957, re a re-study of the *Week of Compassion*. The report indicated that the matter had been discussed by a representative committee, including the National Association of State Secretaries, members of the Week of Compassion Committee and the Commission on Budgets and Promotional Relationships, and that while no action had been taken, there seems to be still an unresolved problem and evidence of dissatisfaction, especially regarding the inclusion of funds for Pension Fund dues, and the work of the Committee on Military and Veterans Services. The report indicated that the Council of Agencies might need to discuss further implications of the problem and come up with recommendations which are mutually agreeable.

VOTED that the Commission on Budgets and Promotional Relationships receive the report and request that further study be given on this matter to determine the place of the Week of Compassion in the continuing life of the Brotherhood.

VOTED that a committee of three be appointed from the Commission on Budgets and Promotional Relationships to work with the Council of Agencies in the above study.

SPECIAL MESSAGE to the Disciples of Christ

The most significant fact in the contemporary scene is the fact that the creative forces of our nation and our world are trying to find their way together. The forces that build, that construct, that unite and that champion the principles of freedom and justice and righteousness. In the forefront of those creative forces are the Disciples of Christ, seeking to advance and expand, to mobilize their resources and to call the last man to action for the Prince of Peace, at a time when civilization is at the crisis.

In such a pattern as that the Commission on Budgets and Promotional Relationships becomes a significant and decisive factor. It seeks to intelligently interpret the situation in our Brotherhood and in our world and to use its good offices toward the most effective strategy for a maximum contribution of our movement to our time. It must be apparent that there are certain things among our people that are imperative, at the moment. The first of these is conviction. The solemn recognition of the strategic place of religion in our present world situation. After all there is nothing ultimate about arms and armies, as important as these are in the defense of

freedom. But at best they constitute only a holding action until religion can get there with the transforming and redeeming principles which make for peace and understanding among men and nations. Then there is the conviction that this is the decisive time for the creative forces, the time for which centuries have waited, a fluid and dangerous and yet a strangely prophetic time.

It is a time when "a new world is struggling to be born" to use the imagery of Kenneth Latourette. A time when "peace is the only alternative to destruction" under the reasoning of Sir Hartley Shawcross. A time when the creative forces are "the custodians of the crisis" to employ the figure of Ralph Sockman.

The second of these imperatives is imagination. This liquid world scene of which we are a part may bring fearful implications to some people but to those who have eyes with which to see will come the discovery that the great advancements in human progress have emerged from times of travail such as this. Only an imagination with power to see the invisible can provide the morale to undertake and to achieve the impossible.

The third of these imperatives is cooperative action. The creative forces of our church and of our world can do it if we have the wisdom to do it together and to do it now. We have everything it takes. But we must decide now to go all out and to go all out together. It was for such a time as this that the Commission on Budgets and Promotional Relationships was created. That in the midst of sweeping changes the pattern of our Brotherhood life and the promotion of our program could be kept sufficiently flexible to adjust itself to the rapidly changing scene and deliver the maximum results in Brotherhood undertakings. This is a single illustration. For a number of years we have been planning for a decade of church building in the sixties, and trying to clear the way so that nothing might impede it, only to discover that another major undertaking must go hand in hand with it. And that is the finding and educating and placing of ministers and other trained leaders in these local churches, when they are built.

The Commission notes with great satisfaction, in our Brotherhood, increasing numbers of members, enlarged giving, closer and more intelligent cooperation, a new emphasis on leadership and quality education, and in it all, a new sense of mission in a fateful time in human affairs. The Commission tries to have an over-all view of our movement and to interpret this movement in its relationship to an over-all world undertaking. It seeks to bring to its counsels and guidance intelligence and discernment and balanced judgment.

There are many reasons to feel that, for the Disciples of Christ, the hour is singularly propitious but the issues are urgent and immediate and inescapable.

VOTED approval of the above *Message to the Churches* to become part of the minutes of this meeting, and thereby distributed widely in the name of the Commission on Budgets and Promotional Relationships.

The Nominating Committee appointed by the Chairman, composed of George Hicks, Chairman, Fred Henderson and Homer W. Carpenter, reported as follows:

HISTORY AND PURPOSE

A conference of Canadians in attendance at the International Convention of Disciples of Christ in 1921 expressed a desire for closer unification of the work of the Churches of Christ in Canada.

Later in 1921 a team of four including George H. Stewart of Winnipeg, visited many of the churches across Canada. The idea of an All-Canada Conference was presented and discussed.

The Conference was held late in May, 1922, at Poplar Hill, Ontario. George H. Stewart was elected Chairman of "The All-Canada Continuation Committee."

Listed as purposes the following items were prominent.

1. Greater unity of the Church.
2. Secretarial leadership that would include all of Canada and all phases of the work.
3. A Headquarters office or clearing house for the many and varied activities of the Churches across Canada.
4. Literature—The first move in this way was "The Canadian Disciple" which was first published in January, 1923.
5. Stewardship of Life and Means.

ANNUAL REPORT July 1, 1957, to June 30, 1958

An invitation from the young people of our British churches to send two young people from our Canadian churches to our British churches was accepted. Miss Marjorie Campbell and Kenneth MacDougall spent seven weeks in Britain visiting churches and sharing in Young People's activities.

The biennial All-Canada Convention was held in August in Edmonton, Alberta. This was the first All-Canada Convention ever held as far west as Alberta; an All-Canada Conference was held in Calgary in 1927. We were fortunate in securing excellent leadership and the meeting was an unqualified success in every way.

Last year two new congregations were opened—at Dartmouth, N. S., and Red Deer, Alberta. This year we have been successful in securing excellent leadership for each of these new groups—Robert V. Scholes, a graduate of Phillips University, from Okeene, Oklahoma, to Dartmouth and Robert L. Howell, a recent graduate of the Alberta Bible College, to Red Deer. The church building program at Dartmouth was started in April and will be ready for services in October, 1958.

The biennial planning conference held at the close of the year was a success in every way. Plans and recommendations which were agreed upon should bring progress in every phase of the church's program over the next two years.

Mr. W. M. Porter resigned as Canadian Disciple Editor with the March issue, 1958. Mrs. O. W. McCully has been appointed Editor.

The contributions of the Canadian churches to Unified Promotion during the year increased more than 17 per cent.

Plans are under way for a general reorganization of procedures of remitting contributions to Unified Promotion which should clarify our relationships and responsibilities.

The churches in Canada continue to express their vital concern for the larger witness of the Church.

O. W. McCULLY.

Board of Church Extension of Disciples of Christ

William T. Percy, President

110 South Downey Avenue, Indianapolis 7, Indiana

Fleetwood 6-6333

History and Purpose

The Board of Church Extension has 18 members. These members are elected for a 3-year term, therefore, each year 6 are elected for a term of 3 years by the International Convention. Church Extension reports to the International Convention.

The purpose of the Board is to assist Christian churches and organizations in the planning and financing of church buildings, building sites and parsonages.

The sources of its funds are: Offerings from churches and individuals through Unified Promotion; Annuity gifts; Bequests; Named Fund gifts and Trust Fund deposits.

The Board of Church Extension cooperates with: The national agencies of Disciples of Christ; state and provincial societies; city and area organizations of Christian churches.

The following services are rendered by Church Extension:

Loans to churches for the erection of new churches and educational buildings, the remodeling of existing buildings, the purchase of sites for new buildings, the purchase of new equipment-related to buildings (such as pews, heating and cooling, organ, etc.).

Loans to state and city societies for the purchase of parsonages to be used by staff members.

Interest-free loans to mission churches. The emphasis on mission churches clearly highlights the new frontier into which our Brotherhood is moving. It is the frontier of America's rapidly expanding cities and towns.

Trust funds (a depository for building or other investment funds) currently paying $3\frac{1}{2}\%$ and 4% interest per annum, compounded semiannually.

Financial counseling with churches concerning the financial implications of their building projects (no charge).

Leadership in financial campaigns and dedications.

Architectural counseling.

How to Secure a Church Extension Loan:

1. Request a visit from a Church Extension staff member for conference on over-all plans—no charge for this service.
2. Consult the advisory architect of the Board of Church Extension before employing a local architect.
3. Employ local architect and secure detailed plans and specifications.
4. Secure bids on your project.
5. Have in hand at least 50% of the total cost of the project before construction begins. An additional 25% of the total cost should be raised during construction and on dedication day.

AUDITOR'S CERTIFICATE

February 27, 1958

To the Directors
Board of Church Extension of
Disciples of Christ
222 South Downey Avenue
Indianapolis, Indiana

Gentlemen:

We have examined the accounting records of the Board of Church Extension of Disciples of Christ, Indianapolis, Indiana, pertaining to its financial position at December 31, 1957, and to its operating results for the year then ended. We have reviewed the accounting procedures of the corporation and, without making a detailed audit of the transactions, have examined or tested accounting records and other supporting evidence to the extent we deemed appropriate.

In our opinion, the accompanying balance sheet and statements of income and expense and fund accounts, subject to the notes relative thereto, present fairly the financial position of the Board of Church Extension of Disciples of Christ at December 31, 1957, and the results of its operations for the year then ended.

Respectfully submitted,
CARTER, KIRKLIN AND MERRILL
Certified Public Accountants

Loans Closed: During 1957, 173 churches received interest-bearing loans totaling \$3,150,146.11. Fifteen of these were, all or in part, for parsonages.

Loans Promised But Not Closed: On December 31, 1957, there were 155 interest-bearing loans promised but not closed totaling \$5,350,317.41. Since that date many of these loans have been closed.

BOARD OF CHURCH EXTENSION
ANNUAL REPORT

Loans Paid: During 1957, the balances of 135 interest-bearing loans were paid in cash.

Interest-Free Loans: During 1957, there were 31 interest-free loans closed totaling \$191,225.00. The balances of 11 loans were paid in cash. On December 31, 1957, there were 28 interest-free loans promised but not closed, totaling \$205,272.04.

Department of Architecture: During 1957, the Department served 536 churches. These churches were served by preliminary sketches, review of architects' drawings, color schemes, conferences, etc. Of this number, 73 were newly organized churches.

NAMED FUNDS

The establishment of a Church Extension Named Fund provides a unique method of honoring devoted Christian people. It also provides a method whereby individuals and churches are enabled to express their special interest in the work of Church Extension.

Your inquiry concerning the establishment of a Church Extension Named Fund is invited.

Board of Higher Education

Disciples of Christ

Harlie L. Smith, President

222 S. Downey Avenue, Indianapolis 7, Indiana

Fleetwood 7-1166

History and Purpose

The Board of Higher Education is a successor organization of a Board of Education which grew out of informal meetings of college presidents and others interested in higher education. This Board of Education was chartered in 1914 and continued in existence until the late thirties when the work of higher education was merged with the United Christian Missionary Society. In 1938 a new Board of Higher Education was chartered and the work of the former department of higher education became the responsibility of the new Board.

The membership of the Board consists of elected members who are laymen, lay women, and ministers, and the heads of member institutions who are ex-officio members. Together these groups total eighty.

The Board is concerned with the education of youth in an atmosphere of Christian influence. This concern is expressed in liberal arts colleges, universities, seminaries, Bible chairs and Bible colleges, and student work foundations. A coordinate concern is the training of young people for vocations of the church, and is expressed through these same institutions.

Since these two concerns are carried on through member institutions, the Board has a responsibility to assist them in making them strong and vital.

The Board also serves in a program of recruitment of leadership. Here again, there is close cooperation with the member institutions and other agencies with recruitment programs.

The Board is the representative of Disciples of Christ in many ecumenical activities as they relate to higher education, especially in the Division of Christian Education of the National Council of Churches of Christ in the United States of America and on the Commission on Christian Higher Education in the Association of American Colleges.

It represents the interests of higher education in many conferences for joint planning among the many boards of Disciples, and is the organization through which the institutions of higher education are related to the International Convention.

It is the channel of two-way communication at the national level between the churches and the institutions.

It serves institutions and churches in areas in analytical studies of the needs for new or different means of serving post-high school youth in an educational way.

ANNUAL REPORT

July 1, 1957, to June 30, 1958

A. INSTITUTIONS

The academic year ending June 1958 was a fairly good one for all institutions in the Board of Higher Education; at least fairly good in comparison with many preceding years. Deficits, where they occurred, were smaller. These would have been more numerous and larger, however, had it not been for the increased support of our institutions by many foundations, corporations, and individuals. Church support for higher education increased encouragingly but in toto fell below the rate of increased cost of operation. The financial problem still takes a major share of the time and energy of the chief administrative officers.

It is significant to note that four or five colleges and universities reported the largest individual gifts in their history. The range was from \$75,000 toward a building in one instance to nearly \$10,000,000 for endowment in another. These expressions of confidence in church-related higher education on the part of individuals of means serve as examples of the way in which one may contribute constructively to society for untold generations in the future.

Corporation support has increased and has shown great discernment in making gifts to the programs of liberal arts at a time when there was danger that we might place all of our future on science, neglecting the cultural, moral, and religious values which have in fact been responsible for the greatness of the West.

Through the generosity of churches, individuals, corporations, and foundations, many new physical facilities have been added or major rehabilitation of older plants has been made possible. Thereby more students can be served better.

Enrollments are up, but, in most instances, have not reached capacity. Part of this latter is caused by students making multiple application and failing to cancel unused acceptances. Thus some institutions have had to close applications in early summer only to find themselves with a smaller than capacity enrollment in September. However, with the anticipated increase in the number of youth going to college, all institutions will be taxed to capacity and many acceptable youth may be denied an education because of the lack of facilities.

Every administrator faces at least two vexing problems. One is finance mentioned above, and the other is competent staff. The competition for available teaching personnel is terrific. We are not producing enough college teachers, especially in the humanities and science. Part of the reason for this situation is the low salary level for those persons upon whom rests the responsibility for the teaching of our youth. Salaries have increased but still fall far behind the income of all other learned professions and compare unfavorably with that of skilled labor.

One of the most significant facts of the year is that of the closer relationship of the institutions to the church and the genuine quest on the part of these institutions to discover ways in which they can serve the church directly as well as being the church in higher education.

All in all, this has been a year of constructive advance. Problems continue, but higher education is being recognized by more persons and groups for what it is—the basic and primarily essential force for building the future of a free Christian society.

B. BOARD OF HIGHER EDUCATION

Finance is a vexing problem for the institutions and is also a limiting one for the Board of Higher Education. This has been true for years but for the first time in nearly a decade income did not equal or exceed expenditures. We budgeted four percent less than approved askings in Unified Promotion and underspent that budget, but it was not possible to make sufficient cuts in operation in the last three or four months of the year to avoid a small deficit which has been charged into the operating budget to be recovered in the present fiscal year when again we have not budgeted the full approved askings.

The work of the Board is divided into five departments. Under *Administration and Research* are grouped all those general programs which are

brotherhood-wide and those which require research of one type or another. Through this department we are involved in all brotherhood and ecumenical planning.

Several studies for colleges and seminaries and for states have been undertaken in an effort to assist institutions to serve better their constituency and to aid states as they plan for the education of their youth.

During the year a consultation was held on a Disciples of Christ Strategy for Higher Education. There is a growing sense of brotherhood responsibility and a desire to plan for higher education so that there may be a wise use of resources for the whole brotherhood and that there may be new and different facilities created to meet the emergent needs of an expanding society.

The Panel of Scholars, brought into being and supported jointly by the United Christian Missionary Society and the Board of Higher Education, has held two meetings during the year. Their first papers have been distributed in seventy-five different centers for discussion and reaction by groups of churchmen of Disciples of Christ. The Panel will continue its program of studies for another year at least.

For a number of years it has been increasingly evident that additions must be made to the staff of the Board. This was achieved in the autumn when Mr. Donald D. Reisinger became a member of the staff with primary responsibility in the programs of Campus Christian Life and Christian Vocations. Significant growth in the importance of these two areas of work has been achieved.

In the early autumn the two-year experiment of uniting the two programs of Campus Christian Life of the United Christian Missionary Society and the Board of Higher Education in the *Joint Commission on Campus Christian Life* came to a successful fruition when the two boards approved the arrangement on a permanent basis. Thus the former Department of Campus Christian Life of the Board of Higher Education is now the Joint Commission in cooperation with the United Christian Missionary Society. The Commission continues to expand in this extremely important area.

The Faculty Christian Fellowship Program still remains to be fully initiated. During the year it has been possible to begin assembling a comprehensive list of Disciple of Christ faculty persons in state-supported and private institutions as well as in our own colleges. As this develops, the department will be able to encourage participation by our faculty in the ecumenical Faculty Christian Fellowships. The department has participated in exploratory conferences on cooperative faculty work with other denominational groups in designated areas in the United States. The Joint Commission continues to support the ecumenical programs of Campus Christian Life through the National Council of Churches and its Department of Campus Christian Life. The Commission through its own program has continued to enlarge the concept of Student Work to include all component parts of the campus rather than exclusively the students.

Under the auspices of the *Department of Christian Institutions*, a consultation on financing higher education was held. Of the more than sixteen million dollars expended for higher education last year, six percent or approximately one million dollars came from churches. Or, for every dollar given by the church, the institution had to find fifteen more to balance the budget. Some of this came from endowment, some from tuition, and a rela-

tively large share came from individuals and industry. Tuitions have been raised but it is doubtful if they can become much higher without thereby closing the doors to many competent but less opulent students. The consultation undertook to discover a way whereby the support of higher education could be for the total program rather than be left merely to the unequal support of individual institutions.

During the year there was formed a Council of Protestant Colleges with which most of our institutions will be affiliated. Through the Council the Protestant college will have for the first time an opportunity to speak unitedly on those problems, movements, and legislative proposals which can affect them vitally.

The *Publications* of the Board are in great demand as evidenced by the ever increasing item for this in the budget. No new pieces were produced this past year and none is anticipated in the present year. All income available for this must be used to meet the demand for the present publications. One important unmet need is for a filmstrip on higher education to be used in discussion and study groups in local churches.

The *Department of Christian Vocations* is concerned with the recruitment and education of the youth for church vocations and works closely with the Christian Vocations Committee of the United Christian Missionary Society and the Committee on the Effective Ministry of the Home and State Missions Planning Council. Through the personnel of the Board, the department has assisted in launching the Disciples of Christ Guidance and Recruitment Program in three experimental areas, Southern California, Northern California, and Ohio. It has been involved in the continuous development and expansion of this experiment. It participated in the orientation sessions for ministers and the high school vocations conferences. The department works closely with the Office of Ministerial Services of the United Society and in cooperation with the colleges and seminaries of the area.

In April the fourth annual Middlers' Conference was held in Indianapolis. This conference is sponsored by the Board of Higher Education in cooperation with the other national agencies for the purpose of acquainting the students with the outreach program and organization of the church. Approximately one-half of the cost of the conference is carried by the Board with the remainder provided by the other agencies.

The department has been expanding the services of its modest college personnel placement bureau and has continued to assist in the placement of an increasing number of Disciples of Christ teachers and administrative officers. A graduate student enlistment program was inaugurated to discover Disciples of Christ graduate students and engage in the recruitment of college teachers among them. Initiated this year also was the program of recruitment for college teaching among undergraduate students on our own campuses.

We are pleased to believe that higher education is on the conscience and in the thinking of more members of the church than in any other time in recent years. We are grateful to those agencies beyond the Board of Higher Education which have on their own volition included higher education in their planning. Notably we would mention the United Christian Missionary Society, *World Call*, The Christian Board of Publication, and many state societies.

Board of Higher Education of Disciples of Christ
222 South Downey Avenue
Indianapolis, Indiana

I have examined the cash records of the Board of Higher Education of Disciples of Christ for the fiscal year July 1, 1957, to June 30, 1958, for the purpose of verifying the present year's transactions.

I have found that all receipts have been correctly recorded and disbursements made have been properly authorized and charged against specific items in the budget. In my opinion the records have been properly kept for the period under review.

Respectfully submitted,
Ann Davidson

Brazil Christian Mission

Wm. A. Cook, Mission Agent, 412 Winchester Ave.,
Martinsburg, West Virginia

HISTORY AND PURPOSE

First begun as "The Lloyd Sanders Missionary Fund," the Brazil Christian Mission had its genesis at Johnson Bible College in May of 1943 when the graduation class organized the fund to send out and support Lloyd David Sanders, their fellow classmate, to Brazil. In August of 1947 the "fund" was reorganized in order to enlarge and stabilize its work. The name was changed to "Brazil Christian Mission."

The mission functions with a Board of Representatives whose purpose it is to insure the continuation of the work, to hold mission property in trust, to represent the mission on the home front, and to advise the missionaries as to matters of policy, selection of new recruits, etc. It is not a controlling faction of the mission. Its members are selected by the missionaries, serve without remuneration, and though having a voice in general policy, leave to the missionaries the responsibility of all duties which relate primarily to the mission field. A field association of the missionaries of the B.C.M. functions in Brazil to govern all matters pertaining to the field itself.

The missionaries draw support from those who see the merit of the work, who realize the need in Brazil, and who count it worthy of support. It is entirely dependent on churches, classes and individuals who voluntarily contribute to the cause. It does not receive financial support from any mission or convention but is completely dependent upon funds sent directly to the mission treasurer. Each missionary seeks living-link and service-link support, plus support for special projects.

Lloyd David Sanders and wife, Ruth, were the first missionaries of our brotherhood to go to Brazil, landing there in March of 1948. The Ewing family and Miss Ruth Spurgeon joined the work in April, 1950, and Miss Ellen Case in September, 1952. Miss Case resigned from the mission to marry in March of 1955. The Edwin C. Knowles and the Kenneth L. Mathis families joined the work in April, 1956.

The purpose of Brazil Christian Mission is to win souls to Jesus Christ, to establish "New Testament" churches, and to form a preacher training school for the education of young nationals who will carry out the complete evangelization of Brazil.

Beginning in, and centered around the new capital city of Goiania, Goias, B.C.M. aims to reach as many as possible in as little time as is feasible using any and all appropriate means. These means include: evangelistic services with regular and circuit preaching, Daily Vacation Bible Schools, Christian Day Schools, a Preacher Training School, literacy program, medical assistance, printing and distribution of tracts, and a radio ministry.

Auditor's Statement

Board of Representatives,
Brazil Christian Mission:

I have examined the accounting records of the Mission Agent of the Brazil Christian Mission pertaining to its financial position at June 30, 1958, and its cash receipts and disbursements for the year then ended. My examination of the Mission Agent's records was made in accordance with generally accepted auditing standards and therefore included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

The audit was made only of the records of the Mission Agent and no audit was made of the field accounting records maintained in Brazil. All donations to the Brazil Christian Mission are made to the Mission Agent. It has been the consistent practice of the Brazil Christian Mission to consider all transfers of funds from the Mission Agent to the missionaries operating in Brazil as field expenses. This is necessary due to the instability of the Brazilian monetary unit; the problems incident to the conversion of amounts spent into dollars; and the impracticality of having Brazilian expenditures audited.

I was advised that as of June 30, 1958, real estate and equipment valued at approximately \$30,000 was owned in Brazil which had been purchased with funds transferred from the Mission Agent and classified on his records as field expenses. I was also advised that real estate and equipment valued at approximately \$5,400 was pledged to secure mortgages of approximately \$2,500. None of these items are reflected on the accompanying balance sheet.

In my opinion the accompanying balance sheet and statements of cash receipts and disbursements and of fund balance present fairly the financial position of the Mission Agent of the Brazil Christian Mission at June 30, 1958, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles, except as noted in the preceding paragraphs, applied on a basis consistent with that of the preceding year.

HISTORY AND PURPOSE

The proposition of a Brotherhood-owned publishing house was first officially brought before our people in the National Convention at Norfolk, Virginia, in 1907. At this time a committee was appointed to explore the matter and make a report at the New Orleans Convention in 1908. The committee reported progress at that convention and asked for a continuation of time, which was granted. The committee again reported in the Pittsburgh Convention in 1909, at which time a request was granted for a smaller and more compact committee which could thoroughly explore all the problems involved.

Seven weeks after the Centennial Convention in Pittsburgh in 1909 the committee reported through *The Christian-Evangelist*, the acquirement of the Christian Publishing Company by R. A. Long of Kansas City, who had purchased plant, equipment and publications of the former company which was to become the nucleus of a Brotherhood Publishing House.

The Christian Board of Publication was chartered by the State of Missouri as a nonprofit publishing company in 1911. The original investment, including property, plant, equipment, etc., amounted to \$404,307.95. This investment has now grown to \$2,000,000.00 and another \$1,000,000.00 has been turned back to religious educational, missionary, benevolent and other agencies of Disciples of Christ.

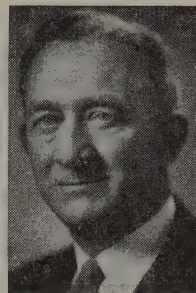

The purpose of this Brotherhood-owned publishing house is to serve the churches of Disciples of Christ by publishing *The Christian-Evangelist*, a journal of information, interpretation and inspiration; by publishing periodicals, books and curriculum materials to propagate and support an effective program of Christian education in the local church, and by providing through convention service and other channels audio-visual materials, Bibles, books and all other supplies which are essential for an ongoing program of Christian teaching, Christian evangelism and Christian stewardship in the local church.

In providing this service to the churches of Disciples of Christ, the Christian Board of Publication cooperates with all state and national agencies of Disciples of Christ, with the National Council of the Churches of Christ in the United States of America, and with educational and publishing boards of other communions, and with the World Council of Churches.

ANNUAL REPORT January 1, 1957, to December 31, 1957

The Christian Board of Publication was established in 1911, a successor to the Christian Publishing Company. Its organization and early development were made possible by gifts from Mr. R. A. Long totaling more than \$404,000. Since its establishment the Directors of the Board have added to the capital account a total of \$1,797,471.43. As of December 31, 1957, the total assets of the Board were \$3,006,519.32.

The net income and surplus of the Christian Board of Publication not needed for extension of the business in accordance with the terms of its charter are to be "turned over to and paid into the treasury of missionary, benevolent, church extension, educational societies or other agencies of the Christian Church, Disciples of Christ." (Articles of Association, Section 6, third paragraph, 1911.)

The Board of Directors during 1957 made direct Grants-in-Aid as follows:

United Christian Missionary Society -----	\$ 9,020.94
International Convention of Christian Churches -----	1,000.00
National Christian Missionary Convention -----	5,200.00
Commission on the Promotion of Christian Literature --	12,005.36

Contributed Services

In addition to making direct contributions to various agencies and societies of the Christian Church, the Christian Board of Publication underwrites the cost of various publications and services in support of the total program of the Brotherhood. The cost of these services in 1957 was more than \$266,480.00. For example, the Christian Board of Publication is contributing financially to the support of the training and field program of Children's and Youth Workers in several states, and a National Training School for Youth Workers.

The cost of certain of these special services for 1957 and amounts budgeted for 1958 are listed for the information of those interested:

	<u>1957</u>	<u>Budgeted for 1958</u>

The Christian-Evangelist

The Christian-Evangelist is in its ninety-fifth year of publication, tracing its genealogy back to the first issue of *The Gospel Echo* which appeared in 1863. In October, 1882, under the guidance of James Harvey Garrison and B. W. Johnson, two papers with long genealogies, *The Christian* and *The Evangelist*, were merged to form *The Christian-Evangelist* of today.

The Christian-Evangelist endeavors to keep its readers informed of significant trends in the Brotherhood life and religious movements throughout the Christian world. It seeks to keep its readers alive to the essential issues of the day, to instruct them in the cardinal doctrines of the Christian faith and to develop within them the deepest spiritual qualities by devotional articles and a general tone of spiritual earnestness and challenge.

It is published on Monday of each week in two colors and carries from 24 to 32 pages in all regular issues.

The CHRISTIAN-Evangelist is to be merged with *Front Rank*, the new magazine to be known as The CHRISTIAN EVANGELIST-FRONT RANK. The first copy will be dated January 4, 1959, and will be developed as a publication for adults in the churches and church schools.

Every effort will be made to carry on the tradition of both magazines in a way that will justify itself to an increased number of readers.

The magazine will be published each week in two colors with 32 pages in all regular issues.

Church School Publications

In order to serve the churches and church schools of the Christian Churches (Disciples of Christ), the Christian Board of Publication co-operates with The United Christian Missionary Society and other agencies in the support of the Curriculum and Program Council and the Christian Education Assembly of the Disciples of Christ. With the counsel and advice of these groups, it endeavors to provide curriculum materials that will enable our churches and church schools to plan more effective programs of Christian teaching, Christian stewardship, Christian evangelism and Christian service.

Bethany Graded Lessons and Bethany Uniform Lessons were used in 1957 by more than seventy-nine per cent of the teachers and students enrolled in church schools of the Christian Churches (Disciples of Christ).

These materials, through planning and cooperation with the Curriculum and Program Council, The Christian Education Assembly and other agencies of the Disciples of Christ and other communions, are kept completely modern and up to date in their approach to Christian education.

Several other communions have adopted parts of the Bethany materials as their official curriculum. The armed services continue to select many Bethany materials for their unified Sunday school programs.

Completely new Bethany lesson materials introduced in the fall of 1958 include the first course of Volume 10 of the new Bethany youth curriculum; Fellowship No. 7; P.M. Pack No. 12; Children's Picture packets; a new elective course for adults; and a songbook and record album for children, "Home and Church Songs."

Audio-Visual Services

The Audio-Visual Department was instituted to provide guidance in the use of this educational medium and a source for ordering tested materials. The department's operation is essentially divided into four parts:

1. Equipment. The primary concern is to keep churches informed on latest developments in audio-visual equipment, to recommend and sell high-quality, tested equipment.

2. Materials for Sale. A large stock of the best religious slides, filmstrips, and sound filmstrips is available. A catalog is published periodically, describing these materials.

3. Rental Materials. An extensive rental library of 16 mm movies, sound filmstrips and slide sets is maintained.

4. Special Services. An audio-visual mailing list is maintained through which all who have expressed an interest in audio-visuals are kept up to date on new developments and new materials. A regular feature of the audio-visual mailings is a mimeographed bulletin which contains suggestions for integrating projected visual aids with the Bethany graded and uniform lessons. A "preview by mail" service has been instituted through which churches which request it are regularly sent new filmstrips on an approval basis.

In 1958, religious records became a major interest of this department. Besides an expanded line of general records carried in stock, we have produced an album of children's records, "Home and Church Songs," with an accompanying songbook, and a special souvenir record for the International Convention.

This department is an operating member of the Religious Film Libraries network which has set up an expanding nationwide chain of rental libraries to bring audio-visuals within "arm's length" of every local church.

Our audio-visual service has been extended by including this department's materials and equipment in the operation of the new Bethany Bookstore in Indianapolis.

Books and Church Supplies

Through its Merchandise Department the Board undertakes to make available to the churches religious books of all publishers, and the miscellaneous equipment and supplies needed in the various undertakings and to improve the effectiveness of the total church program. A general catalog and many seasonal ones are developed in this department, to serve as a complete market place for all departments of the church.

Bethany Bookstore—St. Louis

In 1941, the Bethany Bookstore was created to serve ministers and laymen who live in the metropolitan area of St. Louis, and for those who are visiting or passing through the city.

A large and varied stock of religious books of all publishers, Bibles, and church and church school supplies is carried here. The Bethany Bookstore is reputed to be the largest exclusively religious bookstore west of the Mississippi River.

Reproductions of the old masters of Christian art, as well as the modern artist's work, are included in its stock. A comprehensive line of communion ware and communion table appointments is maintained. Many gift items for all occasions are displayed and sold in the store.

A Worship Center in the store is a unique display of church appointments.

Bethany Bookstore—Indianapolis

The Indianapolis Bethany Bookstore was opened in September, 1955. It was established to serve the churches, their ministers and membership in the Indianapolis trade area as well as the thousands who visit Missions Building each year.

The store is connected to Missions Building yet has its own outside entrance with ample parking area at the intersection of Downey and University Avenues.

It carries a large stock of religious books from most publishers, Bibles, visual aids, communion ware, church and church school supplies, pictures and gift items. The store is arranged to encourage browsing and self-service.

The Bethany Press

The Bethany Press, or trade department of the Christian Board of Publication, published 23 new books in 1957. Two back list titles were revised and reprinted. Our sales through department stores and religious bookstores throughout the country have greatly increased during the year. One new metal color finish was added to the Bethany-Antioch line of communion ware.

Our editors examined 325 book-length manuscripts during 1957 and 29 were accepted for publication. Twenty-three were returned to authors for further development and revision, looking forward to publication in 1959. Four children's books were accepted for publication and planned for a children's book program to be started in 1958. The Bethany Press produced one book in the 1958 Cooperative Publication Association Series. Two books were revised and promotion of the same continued.

The Bethany Press was granted publication rights for three books coming from the conference on Faith and Order. The first is the complete report, *The Nature of the Unity We Seek*, edited by Paul S. Minear. The second is *Guide to Christian Unity* by George L. Hunt, and the third *Christian Unity in North America*, edited by Robert Nelson. All are 1958 publications. These books are significant publications for Bethany Press. The publications committee of The World Council of Churches made clear that the historic background of Disciples of Christ gave confidence in our enthusiastic promotion and sale of the books.

Bethany Book Awards for two winning manuscripts were announced in 1957 looking forward to publication of the two winning books during the year of emphasis on literature in 1959. Ninety-seven manuscripts were received for entry in this contest.

In the category of literature relating to Disciples of Christ, the judges are John Rogers, Tulsa, Oklahoma, C. E. Lemmon, Columbia, Missouri, and W. A. Welsh, Dallas, Texas. The award is \$2,500.00 plus \$500.00 advance on royalties for a total of \$3,000.00.

In the category of general interest in Christian religion, the judges are W. E. Garrison, Houston, Texas, Glenn McRae, St. Louis, Missouri, and Charles F. Kemp, Ft. Worth, Texas. The award is \$2,500.00 plus \$500.00 advance on royalties for a total of \$3,000.00.

Winners in each category were announced at the International Convention in St. Louis, 1958.

The Marion Stevenson Library

The Marion Stevenson Library is a reference and research library for members of the editorial staff. A full-time librarian not only searches for answers to specific questions, but engages in extensive research to insure the factual accuracy of all books, periodicals and church school materials published by the several departments of the Christian Board of Publication. In addition to bound volumes of all Christian Board publications, the Library contains approximately 5,000 books, several thousand periodicals, an information file of pamphlets and clippings, and a biographical file of Disciple ministers and noteworthy persons.

Agency Sales

This department has three responsibilities: (1) The securing, printing and distribution of program materials developed by brotherhood agencies; (2) The production and distribution of worship and news bulletins which support the work of the various agencies of the Christian Churches (Disciples of Christ); (3) The handling of contracts for religious printing not only of our own agencies but for groups such as National Council of Churches, the Protestant Church-Owned Publishers' Association, etc.

Buildings and Equipment

The Christian Board of Publication is in the Mill Creek Valley Development Area. It has been assured that its operations will continue at the present location. This means that without moving the location, the Christian Board of Publication will change from that of being in the most run-down area of our city to that of being in the newest and finest development in St. Louis.

The Christian Board of Publication will be permitted to acquire additional land. The area west of our present property will become a playground for the elementary school which is to be erected. The Christian Board of Publication will acquire all the property in the block from Beaumont to Jefferson. This area will eventually include half of Lawton Avenue which is to be closed in the course of the Mill Creek Valley Development.

Plans for the development of this area include the construction of a two-story building fronting on Jefferson and Pine and running back to the alley line. This building will house the Bethany Bookstore on the first floor and will provide office space on the second floor for certain operations of the Board and others.

The Bethany Bookstore will be connected with our present buildings by a walk and a landscaped area which will be available for future construction. The entire area from Beaumont to Jefferson fronting on Lawton will be made over into a parking lot which, when completed, will accommodate more than two hundred cars.

The present east buildings are to be brick veneered and new buildings will be planned so that the entire installation will look like a single operation.

Future plans envision the erection of a three-story building in the area now used by the Offset Department and for warehousing, and the erection of a one-story building.

Offstreet loading will be provided for all of these operations in accordance with requirements of the Land Clearance Authority.

No dates have been set by the Authority to indicate when the property will be available for our use but we are encouraged to believe that much of the property around Jefferson avenue will be available during 1960.

CHRISTIAN BOARD OF PUBLICATION
ANNUAL REPORT

AUDITORS' REPORT

Figures in this report, including the balance sheet, are taken from the audit of the Christian Board of Publication by the firm of

Boyd, Franz & Company
Certified Public Accountants
Shell Building
St. Louis 3, Missouri

which report contains the following statement and opinion:

February 17, 1958

Pursuant to engagement, we have made an examination of the balance sheet of the Christian Board of Publication as of December 31, 1957, and of the related statement of income and surplus for the year then ended.

Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances, except that we did not observe the taking of the inventories.

OPINION

Since we did not verify inventory quantities, and inventories comprise over a third of all assets and almost two-thirds of the current assets, we are unable to express an independent accountants' opinion of the over-all representations contained in the attached financial statements.

In all other respects our examination indicated that the statements are based on accounts which were maintained in accordance with generally accepted accounting principles consistently applied.

Yours very truly,
Boyd, Franz & Company (Signed)

THE CHRISTIAN FOUNDATION
ANNUAL REPORT

Accountants' Report

To the Board of Directors
The Christian Foundation
Columbus, Indiana

We have examined the statement of assets of the General Fund and the Dormitory and Building Fund of The Christian Foundation as at November 30, 1957, and the related statements of changes in fund reserves and statement of income and expenditures for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

It has been the consistent policy of the Foundation to record income and expenses on the basis of cash receipts and disbursements and no effect has been given to any accruals of income and expenses in the accompanying financial statements.

In our opinion, the accompanying statement of assets and statements of changes in fund reserves and statement of income and expenditures, together with the notes thereon, present fairly, on the basis set forth above and in accordance with Note A on Exhibit A, the assets and fund reserves of the General Fund and the Dormitory and Building Fund, individually, of The Christian Foundation at November 30, 1957, and the results of each fund's transactions for the year then ended.

Christmount Christian Assembly, Inc.

Albert E. Watters, Treasurer
Black Mountain, North Carolina

HISTORY AND PURPOSE

Christmount Christian Assembly is being developed to provide the place and the facilities for meetings of national and regional committees and retreats for both lay and professional personnel.

Christmount has no program of its own except during Christmount Week when directors gather to make plans for development of the site and to hold their annual meetings, when officers and directors-at-large are elected. Other directors are elected at state conventions.

Women For Christmount is an organization of women whose primary objective is the erection of a building which will contain parlor, dining room and kitchen, with bedrooms for the accommodation of guests, also a Memorial Chapel.

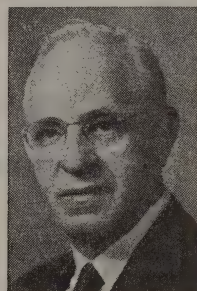

The area now in use consists of Aldridge Hall with its large auditorium, office, kitchen and dining space and the fifteen cottages and cabins which provide dormitory space for 100 conferees. Ten organizations held conferences and retreats at Christmount during the summer of 1958.

Christmount is located in the beautiful Blue Ridge Mountains of North Carolina, fifteen miles east of Asheville. It contains 609 acres.

The *Christmount Voice* is published monthly in Black Mountain.

CERTIFICATE

We have examined the Financial Statement of the Christmount Christian Assembly as of June 30, 1958. Our examination was made in accordance with generally accepted auditing standards and therefore included such tests of the accounting records as were considered necessary.

In our opinion the accompanying Financial Statement, and the related Statement of Cash Receipts and Disbursements and Statements of Fund Balances; with appended footnotes, present fairly the financial position of the Assembly at June 30, 1958, and the cash transactions accomplished during the fiscal year then ended.

The Council of Agencies

Wilbur H. Cramblet, Chairman

Beaumont and Pine Blvd., St. Louis 3, Missouri

Franklin 1-6900

PURPOSE

It shall be the purpose of this Council to heighten the spirit of cooperation throughout the Brotherhood of Disciples of Christ and otherwise make more effective the corporate life of said Brotherhood. To this end this Council shall seek to deepen the fraternal relationships existing between the various staffs of the agencies of Disciples of Christ, maintain the fullest possible understanding between the agencies participating in this Council, endeavor along broad lines to achieve the greatest possible degree of program coordination among member agencies, conduct or encourage to be conducted studies to the end that needs and opportunities involving the Brotherhood may better be met and that tensions, impingements and obsolescence may be eliminated, and provide a medium through which all agencies cooperating in this Council may give support to each agency as it endeavors to perform its assigned functions. The Council shall at no time usurp the rights and functions of member agencies, nor become administrative in the areas in which member agencies function.

ANNUAL REPORT

The Council of Agencies has completed eight years of operation. Membership in the Council is confined to agency executives of the agencies reporting to, or affiliated with, the International Convention.

THE COUNCIL OF AGENCIES ANNUAL REPORT

Purposes of the Council are clearly set forth in the by-laws and may be summed up as follows: "The Council shall seek to deepen the fraternal relationships existing between the various staffs of the agencies of the Disciples of Christ; to conduct and encourage to be conducted studies to the end that needs and opportunities may better be met; and that tensions, impingements and obsolescence may be eliminated."

The Council meets biennially. An Interim Committee, broadly representative of the Agencies, meets at least once each year between sessions of the Council. During the present biennium (1956-1958) the Interim Committee has met six times. In July, 1957, it met also in Chicago for a four-day consultation on the adequacy of the present programs of the Agencies of Disciples of Christ in view of current world needs. The Biennial meeting was held at Culver-Stockton College July 9 to 12, 1958.

Work of the Council and its Interim Committee may be summarized as follows:

1. Supervision of the year-by-year emphases of the Long Range Program.
2. Development of a unified program among the agencies on Wills and Annuities.
3. Study and Planning of the ten-year program for the Disciples of Christ following 1960.
4. Planning for a unified program for new church development for the decade 1960-1970.
5. Proposing to the Brotherhood an improved procedure with respect to ministerial placement.
6. Serious study of the problem of the calendar of conventions and other general and special meetings of the Brotherhood.
7. Serious and continuing study of Inter-Agency Relationships and of the general problems of Brotherhood Organization.

The close of the biennium 1954-56 showed a balance in the treasury of the Council of Agencies on July 1, 1956, of \$2,191.04. Receipts during the biennium amounted to \$8,119.56, and the disbursements from July 1, 1956, through July 5, 1958, totaled \$9,960.03. The excess of disbursements over receipts was \$1,840.47, leaving a balance in the treasury as of July 5, 1958, of \$350.57. Receipts to the Council of Agencies are based upon the promotional receipts of the agencies reporting to the International Convention.

During the first eight years of the Council of Agencies it has proved its ability to provide the coordinated programming which the Brotherhood hoped, in creating the Council, that it would be able to effect. The most important new work undertaken in the recent biennium is the examination of Brotherhood Organization and the evaluation of its efficacy to meet contemporary problems. While all members of the Council share a strong interest in the problems of effective Brotherhood Organization the major responsibility for this concern is being carried by the new standing Committee on Brotherhood Organizations and Inter-Agency Relationships.

Through this committee important suggestions for modification of Brotherhood structure are already being proposed for examination and study by the appropriate agencies and by the Brotherhood at large.

W. B. BLAKEMORE, Secretary,
1956-1958

New officers and members of the Interim Committee as listed at the beginning of this report were elected at the biennial meeting of the Council of Agencies held at Culver-Stockton College, July, 1958.

Council on Christian Unity

George Walker Buckner, Executive Secretary
222 South Downey Avenue, Indianapolis 7, Indiana
Fleetwood 7-1166

HISTORY AND PURPOSE

"The purpose of the Council is to watch for every indication of Christian unity, to initiate steps for Christian union, and to hasten the time of its fulfillment through intercessory prayer, friendly conferences, study of pertinent issues, publication and distribution of literature, prophetic witness to the will of Christ for His Church and the practice of love, fellowship and mutual service among Christians. The Council shall give particular attention to the development and nurture of an ecumenical spirit among Disciples of Christ."

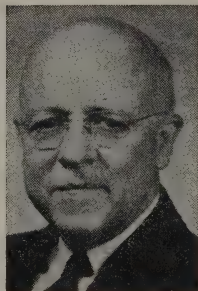

This has been the purpose of the Council since its organization at the Topeka Convention in 1910 under the leadership of Peter Ainslie. Known originally as the Council on Christian Union and then as the Association for the Promotion of Christian Unity, the Council was reorganized in 1954 so as to serve both as an association and a council. As an association its membership is open to any Disciple of Christ in sympathy with its purposes. The annual membership fee is \$3.00. As a council it brings into its work the executive heads of the Board of Higher Education, the Committee on Relief Appeals, the International Convention of Disciples of Christ, and The United Christian Missionary Society as members of the executive committee.

Members of the Council in annual meeting elect members to a Board of Directors for three-year terms. The Directors, 33 in number, elect officers and an executive committee which acts for the Council between meetings. The work is administered through three departments: the Central Department of Christian Unity, the Department of Ecumenical Service, and the Department of Ecumenical Study.

FORTY-EIGHTH ANNUAL REPORT July 1, 1957, to June 30, 1958

Central Department on Christian Unity, W. J. Jarman, chairman

The Executive Committee serves as the Central Department, together with standing and *ad hoc* committees.

Committee on Relations, Representation and Support of National and World Councils, Gaines M. Cook, chairman

Actions of the Council encouraging local church support included sponsorship of Cleveland Assembly Resolution No. 45, statistical reports to churches in November and May, a circular letter to state secretaries, and special reports in the 1958-59 Year of Emphasis Manual and Church Program Planning Guide. Support from local congregations for the National and World Council budgets shows a slight increase, but is \$7,000 and \$4,500, respectively, short of expectations from local churches. A restudy of Brotherhood procedures of support for the Councils is under way.

Toward a goal of \$20,000 set by the Des Moines Assembly for the new World Council headquarters, \$17,308.32 has been received in cash and pledges.

By joint action of the Board of Higher Education, The United Christian Missionary Society, The International Convention and the Council, funds are being secured for our share (\$6,500 over 3 years) of support for the North American Faith and Order studies project being undertaken through the National Council of Churches.

Joint Committee on Ecumenical Appointments, Gaines M. Cook, chairman

Dr. Hampton Adams was added to the delegation previously appointed to represent Disciples in the General Assembly of the National Council.

Committee on Relations with Churches and Union Movements Abroad,
Virgil A. Sly, chairman

Study documents on relations with churches in Germany, Italy and East Europe were prepared and published in the *Ecumenical Studies Series*. The committee is continuing its consideration of union proceedings in Thailand and North India/Pakistan, of proposed constitutions, statements of faith and relations, together with Disciple responsibilities and possible involvement. A "statement of principles" concerning our place in the whole church, our self-concept and long-range hopes is being prepared for further study.

Relations with Churches in America

United Church of Christ. Appointments were made by the executive committee to two commissions of the United Church of Christ as follows: Commission to Prepare a Statement of Faith—Walter Sikes, fraternal observer; Robert Tobias, alternate; Howard Short, Ronald Osborn and Wm. Baird, advisory sub-committee;

Commission to Draft a Constitution—Gaines M. Cook, fraternal Observer; W. J. Jarman, alternate; Hampton Adams and George Walker Buckner, advisory sub-committee.

Each of the two commissions has met twice and reports of our fraternal observers have been made to the executive committee.

Baptist-Disciple Relations. Prof. Eugene Rector, at the request of the World Council's North American Commission on Institutionalism, has drafted an evaluative paper on sociological factors in Baptist-Disciple negotiations of the past two decades.

Greenwich Plan of Union. The Executive Committee of the Greenwich Conference (Gaines M. Cook, Disciple representative) has considered proposed revisions in the Plan and is calling a meeting of the Conference to consider next steps for revisions and further study of the Plan.

Canada. The Canadian Churches' Committee on Union (Howard Wakelin, chairman) has met twice with representatives of the United Church of Canada to discuss possibilities and requisites of union.

Department of Ecumenical Service, Spencer Austin, chairman

Conferences and Visitation. Robert Tobias, director, participated in the Consultation on Inter-Church Aid called by the World Council's Division of Inter-Church Aid and Services to Refugees at New Haven. Virgil Sly, as representative of the National Council's Division of Foreign Missions, attended meetings of the World Council's Division in Geneva. Spencer Austin, as chairman of the Disciples' Committee on Relief Appeals, attended meetings of the Executive Committee of Church World Service in New York. The director was also involved in meetings dealing with critical problems of the Church's life in the Middle East and North Africa.

Inter-Church Aid. After consultation with National and World Council staff, and survey visits in areas of Europe and the Middle East by the director, projects totaling \$316,900 were included in the 1958 program of Week of Compassion. Our ecumenical assistance and its effect have been gratifying, particularly in the Middle East and among Younger Churches.

Fraternal Workers (appointments by the Department with funds from Week of Compassion).

James D. Wyker has been re-appointed for two years to continue the significant work of village and agricultural rehabilitation he has started in East Pakistan. He also serves as director of the Relief Committee of the East Pakistan Christian Council, and has been urged to spend a term of service in Rhodesia introducing the kind of program he has initiated in East Pakistan.

Harry Partin, secretary of the World Council-International Missionary Council study on "The Word of God and the Living Faiths of Men," has been re-appointed for two years, and will move from London to Geneva to correlate and administer a series of studies in various parts of the world.

Wm. J. Nottingham, formerly associate pastor of the National City Christian Church, has been appointed as fraternal worker to the French Protestant churches, where he will serve as associate executive secretary of CIMADE in emergency and reconstruction projects.

Malcolm McCallum has returned after two years of significant service in refugee relief and resettlement in Egypt.

Scholarships. The second ecumenical "seminaries' scholarship" was awarded by Brite College of the Bible to Joe L. Enochs, who completed his term of study at the Graduate School of Ecumenical Studies, Switzerland, in February. The third scholarship has been awarded by the School of Religion at Butler University to Frederick I. Murphy for the year 1958-59.

The second annual unity scholarship, financed by the Irwin-Sweeney-Miller Foundation, has been awarded to Prof. and Mrs. John Boosinger, Northwest Christian College, Eugene, Oregon, for study at the Graduate School in Switzerland.

A summary listing of several hundred scholarships and fellowships available to ministers and theological students was circulated to Disciple ministers and seminaries in the February *Newsletter*.

Department of Ecumenical Study, Irvin E. Lunger, chairman

Study Commissions

1. Studies completed include the following:
 - "The Nature of the Unity We Seek," a pre-Oberlin series of local church studies under the direction of Howard E. Short.
 - "The Lordship of Christ Over the World and the Church," second draft forwarded to World Council, suggestion for a local church elective to Curriculum Planning Council, William Moore, chairman.
 - "Proselytism and Christian Witness," drafted by Committee on Relations Abroad.
 - "The Church, the Churches and the World Council of Churches," commentary on a statement of the World Council (revised, Toronto Central Committee, 1950) forwarded to World Council.
2. Study commissions appointed and at work include the following:
 - Commission on Baptism, W. B. Blakemore, chairman
 - Commission on Christian Responsibility in Areas of Rapid Social Change, Walter Sikes, director
 - Commission on the Theology of Missions (jointly with the Division of World Mission), Joseph Smith, chairman

- Commission on the Meaning and Use of the Bible, W. A. Welsh, chairman
- Commission on Biblical Theology, William Reed, chairman
- Regional studies on ecclesiological/theological issues in North America

Oberlin Faith and Order Conference. Disciple delegates were Hampton Adams, W. B. Blakemore, Lin D. Cartwright, A. T. DeGroot, Halbert E. Gulley, Irvin E. Lunger, John E. McCaw, Ian McCrae, Mrs. George Earle Owen, John Paul Pack, Parker Rossman, Howard E. Short, Robert Tobias, R. Frederick West, Howard Wakelin, Kenneth Wills.

Consultants were John Harms, Edwin Kirtley, Virgil Lowder, C. C. Morrison, Ronald E. Osborn, Roy Ross, Mrs. James Wyker, and R. William Graham (Australia).

Steward and staff were Mr. and Mrs. Paul Crow.

A report on the Conference was made to the Cleveland Assembly by a panel of delegates. A "Response to Oberlin," edited by Ronald E. Osborn, Howard E. Short and Robert Tobias, has been circulated to Oberlin delegates and is available to interested friends.

Local Church Studies. Under the direction of Howard E. Short, a series of studies on issues out of the Oberlin Conference will be conducted in local churches. Two study guides have been prepared, one specifically on Oberlin edited by George Hunt, and the other to guide local Disciple churches in conducting ecumenical studies, by the Council.

Faith and Order Institute. The Department again this year joined with the School of Religion, Butler University, in sponsoring a three-week summer Faith and Order Institute, with guest lectures from other churches.

Literature and Interpretation

Much effort has gone into preparations for the Year of Emphasis, 1958-59, sponsored jointly by the Council, the Disciples of Christ Historical Society and the Commission on the Promotion of Christian Literature. The theme adopted is "Responsible Disciples—Mission Begun: Read, Remember, Unite." Joint materials include a manual, poster, litany for launching service, and essay contest. In addition, these publications on Christian unity have been prepared:

Minister's Handbook on Christian Unity, Bethany Press.

Preaching on Christian Unity, Bethany Press.

Unity Packet, for local church outreach committees.

Together, a pamphlet describing World, National and Local and Disciples Councils, and the involvement of the local church in ecumenical concerns.

Disciples and Christian Unity, a brochure on the work of the Council.

A Guide to Ecumenical Studies, for local churches.

Christian Unity—Mission Begun, a color filmstrip with sound, presented as a progress report on unity.

Special Projects

The annual Peter Ainslie Memorial Lecture, sponsored by the Council, was delivered at Rhodes University, South Africa, by Prof. Benjamin J. Marais on the subject "Human Diversity and Christian Unity."

COUNCIL ON CHRISTIAN UNITY ANNUAL REPORT

111

Messages of fellowship and concern have been sent on behalf of Disciples to churches overseas in particular distress or celebrating special occasions.

Mention should also be made of the considerable time of staff and officers given to our common work in committees and projects of the World Council of Churches, International Missionary Council, national councils of churches (Canada and U. S.), Inter-Seminary Movement, and other regional ecumenical efforts, a service we can rejoice to render.

Certificate of Auditor

I have examined the cash records of the Council on Christian Unity of the Disciples of Christ for the fiscal year July 1, 1957, to June 30, 1958, for the purpose of verifying the present year's transactions.

I have found that all receipts have been correctly recorded and disbursements made have been properly authorized and charged against specific items in the budget. In my opinion the records have been properly kept for the period under review.

Respectfully submitted,

Disciples of Christ Historical Society

Claude E. Spencer, Curator

1101 Nineteenth Avenue, South, Nashville 12, Tennessee
Broadway 7-3145

HISTORY AND PURPOSE

The Disciples of Christ Historical Society was established May 7, 1941, in St. Louis, Missouri, with the approval of the International Convention then in session. The organization of the new agency came as a result of the work of the Historical Commission appointed by the 1939 convention which met in Richmond, Virginia.

The first five years were spent largely in surveying the field, correlating the interests of various groups, and making plans. In 1946 the Society accepted the offer of Culver-Stockton College to set up its headquarters and archives there with the privilege of using the Henry Barton Robison Collection as a nucleus around which the Society would build its own collection of materials.

On April 2, 1952, the Society moved to its new location in the Joint University Library, Nashville, Tennessee. This came as a result of a called meeting of the Board of Directors in St. Louis, Missouri, November 29, 1951, when the decision was made to move the headquarters, archives and library to Nashville by the first of June, and to start full-time operation with a staff of three people.

The Society is the only organization among Disciples of Christ whose sole purpose is the locating, collecting, cataloging and arranging for use the historical materials of the brotherhood. The archives, library and museum contain thousands of books, pamphlets, periodicals, manuscripts, documents, letters, church records, photographs and illustrative materials concerning those religious groups which have grown from the work of Elias Smith, Abner Jones, James O'Kelly, Barton W. Stone, Thomas and Alexander Campbell, and others who revolted from the autocratic sectarianism of the early nineteenth century.

The resources of the Society are open to all persons, regardless of race or creed, and the curator at all times is willing to advise graduate students, research workers, and all who are seeking a knowledge concerning the Disciples of Christ, Churches of Christ, and the Christian Church.

The Society is not an opinion-forming group. Its function is the locating, collecting, cataloging and making available for use historical material.

The Society is now occupying the Thomas W. Phillips Memorial Building at 1101 Nineteenth Avenue, South, in the heart of Nashville's "University Center," area. The million dollar research center was dedicated October 12-14, 1958. The Phillips Memorial, most spacious and complete of any building devoted to the heritage of a protestant group, is a gift to the brotherhood of the Phillips family of western Pennsylvania.

ANNUAL REPORT January 1, 1957, to December 31, 1957

The Disciples of Christ Historical Society was organized by the International Convention in 1941. The purpose of this brotherhood enterprise, as stated in the Constitution of the Society, is "to maintain and further interest in the religious heritage, background, origins, development and general history of Disciples of Christ, Christian Churches, Churches of Christ and related groups."

The Society is the only agency in existence whose sole purpose is the locating, collecting, cataloging, and making available for use the historical materials of the Restoration-Unity movement. The archives, library and museum contain thousands of books, periodicals, pamphlets, manuscripts, documents, letters, church records, photographs and other materials dealing with the religious groups which developed from the nineteenth century reform movements in America.

The Society is not an opinion-forming group. Its resources are open to all persons regardless of creed or color. Research assistance is given in person or by mail to those wishing to use the materials and facilities of the Society archives.

The Society is supported solely by membership dues and contributions. Individuals, local churches, institutions and organizations hold membership in the Society. A bi-monthly publication, *The Harbinger and Discipliana*, is sent to Society members.

Since early in 1958 the Society has occupied its new \$1,000,000 headquarters building at 1101 Nineteenth Avenue, South, in Nashville. This unusual building—the most extensive facility of any Protestant communion for the housing of a church history collection—was a gift to the Society and to the brotherhood from the Phillips family of western Pennsylvania. The building was dedicated in September of this year as a memorial to Thomas W. Phillips (1835-1912), a distinguished Disciple pioneer, author and philanthropist.

The following financial report gives receipts and expenditures by the Society for the calendar-fiscal year 1957.

HISTORY AND PURPOSE

It was and is the purpose of the Society to establish a college adjacent to and ultimately to be affiliated with a university in Germany. After extensive investigation Tubingen was selected as the most suitable location.

The purpose of this college is to present within the framework of European university scholarship the ideals and experience of Disciples of Christ in their attempt to realize for themselves and share with the Church universal the genius of New Testament Christianity.

Our basic purpose is expressed in the light of a fundamental conviction: that our apprehension of Christian truth and life can best influence the Church universal by introducing it into the intellectual and theological framework of European academic life.

ANNUAL REPORT July 1, 1957, to June 30, 1958

The witness of the European Evangelistic Society continues its educational mission along the lines which have been followed since our assumption of work in Tübingen, Germany.

Our first and primary witness is in the realm of ideas. We seek to interpret our concern for New Testament Christianity in terms which may be apprehended in theological circles in Europe. To this end Mr. Earl Stuckenbruck continues to hold many conferences with theological students and to participate as opportunity offers in discussions with established theological scholars. Most of his time is devoted to this work.

We note with gratitude the growing impact of the thinking and life of Mr. Stuckenbruck in theological circles, particularly in the Free Church aspects of European Religious life.

We regret the necessity of curtailing our expenses through discontinuing our employment of Iwan Petresky. This has been caused by a lack of resources.

We rejoice in the fact that the work of Dr. Theodore Moskalov has continued as an expansion of the program of the Society. This work is of particular importance in that it establishes a link with the Slavic speaking Churches whose kinship to our own arises from a similarity of purpose and an historic connection with the mission initiated by Dr. Z. T. Sweeney many years ago.

A similar connection with Dr. Deelstra in East Belgium continues to be productive. This work represents the only Protestant endeavors in that area.

The Society has not yet solved the problem of adequate field representation in America. We need an interpreter of our work to address the Churches and make our relation to the International Convention more effective. We continue our search for an effective representative and our prayers that we may be led in discovering him.

As an indirect result of Mr. Stuckenbruck's work a small congregation has been gathered in Tübingen. This occupies some of Mr. Stuckenbruck's time. We believe this congregation fills a need not otherwise satisfied. Nevertheless, we are concerned to keep uppermost the primary educational mission of the Society.

Our deepest concern at the moment is to find more adequate ways and means of extending our witness to the thousands of unreached, unassimilated, and unchurched refugees from Eastern Germany and the Slavic countries.

The work of a mission of limited extent and specific purpose is difficult to measure in categories usually employed for evaluation. We must

realize the length of time in which the impact of ideas may be made effective. With patience and prayer we covet the understanding and sympathetic response of the Convention and the Churches.

National Association of State Secretaries

Chester Crow, President
2909 Lubbock Ave., Fort Worth, Texas

HISTORY AND PURPOSE

The National Association of State Secretaries is a professional fellowship of State Secretaries and the Secretary of the All-Canada Committee. It should be distinguished from a national association of State Missionary Societies inasmuch as it is not involved either financially or organizationally with these Societies.

The purpose is stated thus in the constitution of the Association: "The object of this Association shall be to promote fellowship, to acquaint one another with the methods of work employed in the different states, to promote the efficiency of the work for which its members are responsible. To co-ordinate programs and plans of work for state missions, to assemble reports of work actually done through the State Society, to present the same to the International Convention of Disciples of Christ, in the religious press of the Brotherhood, and in these and other ways to bring upon the Brotherhood life the impact of the total work of State Missions."

The State Secretaries Association meets annually to discuss problems of mutual interest, and to share experiences of the various Secretaries in the administration of their work of state missions. This organization raises no money except for expenses incidental to the work of its officers, such as printing, correspondence, reports to the Annual Program Book and Year Book.

Through this Association representatives are nominated to the various agencies, councils and committees where representation of the State Secretaries is indicated.

One of the outstanding values of this Association is to be found in the opportunity for fellowship and personal acquaintance of the Secretaries themselves. These men have many common problems, and in the administration of their work, share common ideals as servants of the churches. Through the Association they are enabled to speak with a common voice on matters of Brotherhood policy in which they have earned the right to become well informed.

At the annual meeting of the Association, national Secretaries whose programs are related to the State Secretaries' office are invited for consultation.

The National Benevolent Association of the Christian Churches

(Disciples of Christ)

Dr. Orval D. Peterson, President

16th Floor, Landreth Building, Fourth and Locust Streets,

St. Louis 2, Missouri

Main 1-1068

HISTORY AND PURPOSE

In February, 1886, a group gathered in St. Louis, Missouri, to discuss the problem of the orphaned baby and the aged men and women of the Christian churches. Gradually a plan took shape, and on March 10, 1887, an organization was formed, a charter secured, and the National Benevolent Association of the Christian Church was born. The purpose, as set forth in the Charter, was: "To help the helpless, to give a home to the homeless, to provide care for the sick, and comfort for the distressed."

From that beginning 71 years ago, 17 NBA Homes have grown—7 for children and 10 for aged. As it was never the intention of the NBA to centralize its work, these Homes developed from coast to coast where the need existed and the money was available. There will soon be the 18th NBA Home in Kansas.

Over 1,900 persons are served annually, and over 27,000 have been given Christian care since 1887. Other thousands, whom these NBA Homes are not equipped to serve, have been directed to other agencies. Each year over 1,100 children live in our 7 NBA Homes because they have lost one or both parents by death, were victims of broken homes, were wards of the juvenile courts, abandoned children, foundlings, or children born out of wedlock. 6 NBA Homes for Aged are totally dependent upon our churches for full support. 2 NBA Homes, dedicated in 1949, require partial church support for aged pensioners, retired full-time Christian workers, and a few able to pay for their care. Faithful members of the Christian Churches, past 70 years of age, in a state of health acceptable to the Admissions Committees of the Homes, and who are without sufficient means to live elsewhere may become residents of the NBA Homes for Aged. They bring what they have, and the church supplies what they lack. 689 were served last year. The Christmas Offering of the Brotherhood has been designated for these NBA Homes. The Kennedy Memorial Christian Home, Martinsville, Indiana is a National Pay-Type Home.

Many doctors across the country contribute their valuable services to the various homes. The immediate oversight of each Home is committed to a Board of men and women, members of the churches in the Area where the NBA Home is located. 440 pastors, laymen and women serve on our Home Boards and NBA Board of Trustees. The National Benevolent Association, with headquarters in St. Louis, is the administrative body for the various Homes and some members of the NBA Board of Trustees are approved in open assembly of the International Convention.

ANNUAL REPORT JULY 1, 1957, TO JUNE 30, 1958

February 1, 1958, marked the first anniversary of the new office of NBA President. It has been a challenging and inspiring experience. With the cooperation of the entire NBA staff, a number of things have been accomplished. Certain inter-agency relationships have been strengthened; an office survey made, with improvements in organization and procedure, including installation of IBM equipment, employment of an auditor-accountant, and modification of the auditing program; a central filing system installed. *NBA Family Talk*, under editorship of Miss Jessie M. Burke, has a new format with four issues a year to the Brotherhood.

Several new committees have functioned during the year reporting to the NBA Executive Committee. They are as follows: *Policy Committee*, Loyd Hadwiger, Cherokee, Oklahoma, Chairman; Dr. Myron Cole, Indianapolis; Dr. Kenneth A. Kuntz, Hannibal, Missouri; Dr. K. V. Lipscomb, Dallas, Texas; Charles Jones Russell, Chesterfield, Missouri; Mrs. Ray Pitts, Springfield, Missouri; James Y. Brown, Frankfort, Indiana. *Committee Beyond 1960*, Dr. Kenneth M. Hay, Dallas, Texas, Chairman; Mrs. J. H. Caldwell, Kansas City, Kansas; J. Clare Hanna, Kansas City, Kansas; Dr. M. M. Hargrove, Tulsa, Oklahoma; James H. Welsh, Pekin, Illinois. *Budget Committee*, Dr. Raymond McCallister, Glendale, Missouri, Chairman; R. J. Henderson, Warson Woods, Missouri; G. J. Vencill, Ladue, Missouri; Ex Officio: Clarence D. Cowdery, St. Louis; Dr. Orval D. Peterson, St. Louis. *Education Committee*, Kenneth Teegarden, Little Rock, Arkansas, Chairman; Mrs. Jessie B. Carlson, St. Louis; Mrs. Glenella McGinty, St. Louis; J. Edward Moseley, Indianapolis; Sherman Hanson, St. Louis. Ex Officio: Dr. Orval D. Peterson, Miss Jessie M. Burke, Dr. J. Eric Carlson, Charles M. Palmer, of St. Louis; Dr. W. Dean Mason, Martinsville, Indiana; Leslie G. Heuston, Indianapolis, Indiana. *Finance Committee*, R. A. Miller, Columbia, Missouri, Chairman; Roy E. Montgomery, Denver, Colorado; Dr. Kenneth M. Hay, Dallas, Texas; M. F. Kullowatz, Portland, Oregon; Dr. Paul Bolman, St. Louis.

The NBA Education Committee has been planning for various Benevolent educational materials for summer conferences, schools of missions, Bible

schools, daily vacation Bible schools, etc., working with the Christian Education Assembly (CEA) and Curriculum and Program Council (CPC).

The Committee Beyond 1960 has been considering program and goals of the various Homes in relationship to state unification programs, as well as programs of the Homes for the decade of 1960-70, the Decade of Decision.

The budgets and program of the NBA were presented to the Commission on Budgets and Promotional Relationships and were approved.

An annual event which involved a full week, from early morning until late at night, is our National Staff Conference, when members of our national staff have committee meetings, individual and group conferences and plenary sessions. Dr. A. Dale Fiers, President of the United Christian Missionary Society, was a guest speaker at the opening dinner meeting. NBA Representatives had a conference following adjournment of the NBA Staff Conference. We are happy that Tod V. Hubbell, Jr., and Dr. J. Lloyd Black became NBA Representatives during the year. Leslie G. Heuston moved to Indianapolis during the year to work in the Northeast Area and to be the NBA liaison with other agency leaders in Indianapolis. An NBA branch office is being established in the new addition of the Missions Building in Indianapolis to be used by various NBA personnel who will be in Indianapolis for various conferences and to have some Benevolent materials available at the Missions Building. We were sorry to have Clyde E. Stahl leave the California Christian Home as manager. He returned to his former insurance and real estate profession.

The Kennedy Memorial Christian Home, Martinsville, Indiana, was opened on November 1, 1957, with Dr. W. Dean Mason as Administrator. This 17th Home was given to the National Benevolent Association as a national pay-type Home with accommodations for about 125 residents. They have installed new laundry equipment, sprinkling system and elevator. The Kansas Christian Home for Aging at Newton is progressing in their capital campaign among churches in Kansas, Colorado, Wyoming, New Mexico and Utah, which will be the 18th NBA Home in the near future. The Oklahoma Christian Home at Edmond has been granted extension of time on their capital campaign among Oklahoma churches by The Commission on Budgets and Promotional Relationships. The Ramsey Memorial Home, in Des Moines, is in the midst of a campaign in Iowa for building funds for a bedside care unit. They have installed new laundry equipment. The Southern Christian Home for Children in Atlanta has remodeled and refurnished kitchen, living-dining room area, and carpeted their entrance hall. The St. Louis Christian Home for Children has done considerable remodeling and refurnishing throughout during the year, some of which provided an apartment for older girls. The Lenoir Memorial Home in Columbia, Missouri, is planning an addition in the near future to serve more retired full-time Christian workers. Northwestern Christian Home, Beaverton, Oregon, is progressing with their staff building and remodeling program.

For the 12-month period, July 1, 1957, through June 30, 1958, 1,151 children and 62 mothers were served in 7 NBA Homes, and 689 aging men and women were served in 10 NBA Homes, making a total of 1,902 in the NBA Family Circle, which is an increase of 134 people served over the previous year. 140 children were in foster homes and elsewhere under NBA supervision. 271 children were returned to their relatives. 53 children were adopted during the year. Over 751 children applied, who could not be received into the NBA Homes, but were referred to other agencies

for care. Of the 1,151 children served, 26 were full orphans, 78 were half orphans, 53 were in high school, 8 in college, 237 in grammar school, 39 in junior high school, 44 united with the church during the year. Of the 689 aging residents of the Christian churches served in the NBA Homes, 342 were past 80 years, 55 past 90 years, 12 were blind, 26 were wheel chair patients, 51 were bed patients, 24 were ministers, 55 were ministers' widows, 11 were ministers' wives, and 8 were missionaries. There were 80 deaths at the NBA Homes for the Aged last year. 200 of the aged residents had no immediate family, and 136 had no income whatsoever. 5 aged were under supervision elsewhere. 933 aged applied, who could not be received at the Homes during the year. There are 362 approved applicants on the waiting lists of the NBA Homes for the Aged. More than 30,000 children and aging have been served in the history of the 17 NBA Homes from all states and 24 foreign countries.

The Disciples of Christ have felt responsible for this important Benevolent ministry as their Benevolent records have revealed through the years. For the year ending June 30, 1958, 4,186 churches contributed \$948,899.78 for the care of the NBA Family, of which \$453,152.76 was through the Christmas Offering, the special designated Day for Benevolence in the Brotherhood Calendar of various causes. Gifts by bequest totaled \$140,864.43. Annuity gift agreements ranging in amounts from \$200 to \$10,000 totaled \$28,917.46. Gifts from other sources (non-church maintenance) totaled \$1,360,445.05.

The Church adds the "plus" element in social service. Since the beginning of the Church, Christians everywhere have tried to meet human needs. Just as Jesus had compassion on the poor, the sick, the blind, the mentally disturbed, the neglected and rejected, so has the Church tried to follow His example. Truly the love of Jesus has been made very real to those residing in the NBA Homes and to those who shared their money, time and devotion across the Brotherhood that the National Benevolent Association, through the Homes, might administer its program.

The object, as set forth in the NBA Charter, "... shall be to provide for the physical, moral, intellectual, and spiritual wants of those, who may seek or need its protection and aid. For the attainment of this object, its purposes are to establish and maintain homes, hospitals, training schools, and such other institutions or supplementary care as may be conducive to these ends and undertake such other similar work as may from time to time be considered appropriate and desirable. . . ." The property of the Association is irrevocably dedicated to religious, charitable or hospital purposes of the Christian Churches (Disciples of Christ). The National Benevolent Association stands ready to the full extent of its capacity to assist the local churches in a program of Benevolence. A continually growing ministry of Benevolence depends upon increased dedication and gifts from the churches, and working more closely with the NBA toward the solution of the many problems of children and elderly people. We urge the leaders of the churches to become thoroughly familiar with the resources within their own communities upon which they may call for help as needs will arise, as well as the advancing program of the NBA.

Books, pamphlets, manuals, maps, periodicals, leaflets, and other materials to aid churches in planning for Benevolence Outreach have been carefully developed by special committees and the NBA Publicity Director. These are available by writing to: The National Benevolent Association, 16th Floor, Landreth Building, St. Louis 2, Missouri.

AUDITOR'S OPINION

To the Board of Trustees of
The National Benevolent Association of
The Christian Churches (Disciples of Christ)

We have examined the accounts of:

THE NATIONAL BENEVOLENT ASSOCIATION OF THE CHRISTIAN CHURCHES (DISCIPLES OF CHRIST)

for the fiscal year ended June 30, 1958, and submit herewith balance sheet at June 30, 1958, and revenues and expenditures statement for the year then ended.

The Association's investment in bonds, stocks, and other securities are carried on the balance sheet at cost without determination of market values at June 30, 1958. Data on file in support of church receipts, bequests, trusts and other revenue received by the Association were test-checked but we did not communicate directly with individuals and organizations to confirm the amounts recorded as received.

Cash funds in the custody of the Treasurers of the Homes and the receipts and disbursements of same are included in the accompanying statements based on monthly reports received by the Association from the Home Treasurers, but investments made and managed by officers of the Homes and in their custody are not included in the accompanying statements. The scope of our examination of such cash and investments was limited (except for those Homes which we ourselves audit) to an analysis of the Treasurers' reports and a review of the reports of independent auditors received to date from Homes.

Investment in fixed assets, described on the balance sheet as "Investment in Homes' Property" and contra-account "Permanent Funds" are carried at values of appraisals made many years ago plus subsequent additions at cost less estimated depreciation. The total shown is subject to increases and decreases which might be brought about if current appraisals were made, uniform in base and applied to all Homes.

In our opinion, subject to the exceptions stated in the preceding paragraphs, the accompanying balance sheet and statement of revenues and expenditures present fairly the financial position of the Association at June 30, 1958, and the results of its operations for the year then ended.

Yours very truly,

MARE AND COMPANY

HISTORY AND PURPOSE

The National Christian Missionary Convention is a fellowship of Disciples of Christ, Christian churches, and Churches of Christ. The Convention was organized in Nashville, Tennessee, August, 1917. Preston Taylor of Nashville, Tennessee, was convener and organizer, and became the first president. Many of the brotherhood boards sent representation to give their support and encouragement to this Convention. The Convention serves more than 500 churches of its own constituency with congregations in 27 states of these United States.

The Convention has made progress during the years and it now has the full cooperation of all the brotherhood agencies and boards.

The Constitution and By-laws of the National Christian Missionary Convention states the following purpose and function:

It shall be the purpose of this organization to cooperate in the preaching of the Gospel of Jesus Christ; to promote the causes of evangelism; to foster and maintain a program of Christian education, missions, and benevolence among the Christian churches of the brotherhood; to perform such general supervisory functions as the best interest and work may require; and to cooperate with the International Convention, The United Christian Missionary Society, Unified Promotion and other brotherhood agencies and boards or movements for the furthering of the world program of the church, and to work with other religious movements chosen by the brotherhood.

To promote a closer spirit of cooperation and fellowship among our own churches.

To provide a large opportunity for the development of leadership and responsibility for building the Kingdom of God.

To provide a cooperative medium of self-expression and development that our best contribution might be made to the work of the church in the world.

To provide a medium through which we can interpret the needs and concerns of our people.

To provide an organization through which our churches can participate officially in brotherhood activities.

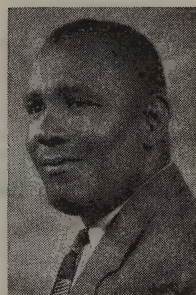

To provide a channel for intergrating the members of our churches into the total life of the brotherhood.

The National Christian Missionary Convention is the program channel by which the planned program of the brotherhood may reach all the churches.

ANNUAL REPORT July 1, 1957, to June 30, 1958

The year of Missionary Education and Benevolence has been a fruitful one for the National Christian Missionary Convention. Much emphasis was placed on the matter of Evaluation in order that the progress of the churches might be measured. Again this year the church workers' Conferences, Christian Women's Fellowship Institute and State Conventions served as an excellent medium for channeling the program of Missions and greater concern for the Benevolent Institutions which our churches support.

The greatest progress this year has been the tremendous amount of interest and concern manifested by leaders in our churches who had not previously worked in the area of Missionary Education. This can be attributed to the many "Schools of Missions" which were held over the Brotherhood promoting missions in its totality through age group levels.

The importance of full time Christian service has been stressed through the Young People's Summer Conference Program. We are happy to report one young woman now in preparation for service to the Mission Field abroad.

This has truly been "A Year of Opportunity" for the National Christian Missionary Convention.

AUDITOR'S STATEMENT

National Christian Missionary Convention
Disciples of Christ
Indianapolis, Indiana

We have examined the statement of cash receipts and disbursements of the National Christian Missionary Convention, Disciples of Christ, Indianapolis, Indiana, for period, August 9, 1957, to August 6, 1958, verified certain invoices and checked other accounting records and vouchers to the extent and by means we deemed necessary. Our examination included tracing of cash receipts to deposits in bank (except cash spent during 1957 Convention), verifying certain requisitions with checks and checking returned checks for proper endorsement, signature of maker and amount. Cash in bank (\$1,150.78) as of August 6, 1958, was confirmed by direct correspondence with the depository. Our audit did not include an examination of all the transactions.

It is our opinion that, except for cash disbursements made at the 1957 Convention, this statement presents fairly the cash receipts and disbursements as shown by the books and accounting records of the National Christian Missionary Convention, Disciples of Christ, for period, August 9, 1957, to August 6, 1958.

HISTORY AND PURPOSE

Recognizing the extreme importance and value of a church representing the Disciples of Christ in the heart of the Nation's Capital, the International Convention of the Disciples of Christ, meeting in Memphis, Tennessee, brought into being as a Brotherhood institution the National City Christian Church. Alexander Campbell himself had expressed his keen desire for such a National Church, and other great leaders who followed him saw the desirability of having the Brotherhood establish this church, which would not only be a symbol of the strength and purpose of the Disciples, but would also be a home for the thousands of Disciple young people who through the years would come to Washington to work for the Government of the United States, and would later return to their home churches.

Following the action of the International Convention, a Corporation with a board of fifteen trustees, was set up to hold the property of the church for the Brotherhood, and lots were purchased on Thomas Circle in Washington for a Sanctuary and an Educational Building. Construction was begun in 1928 and the Sanctuary was completed and dedicated in October, 1930. About 40,000 Disciples of Christ across the country made contributions and pledges for the Brotherhood's church in Washington, and several leading families made substantial gifts. However, because of the depression of the 1930's, many of the pledges were never paid, and in 1933 the debt on the Sanctuary was \$640,000. Getting the debt paid was a tremendous struggle, but through the strenuous efforts of the ministers of the church, the local congregation which gave most sacrificially, the contributions of the Christian Board of Publication, individuals, and the churches of the Brotherhood the mortgage on the Sanctuary was finally burned in April, 1950.

For twenty years, while the Sanctuary building was so heavily mortgaged, the congregation of the National City Church had to use for their educational, social and community programs buildings erected in 1881, and located a block and a half away from the Sanctuary. Immediately upon the burning of the mortgage on the Sanctuary, a campaign was started to complete the original plans for the church to erect an educational building immediately adjoining the Sanctuary building. Ground for the new building was broken in May, 1953, and on November 7, 1954, the Alexander Campbell Educational Building was occupied.

ANNUAL REPORT July 1, 1957, to June 30, 1958

Dr. John H. Davis, professor of Harvard University, was re-elected president of the Board of Trustees of the National City Christian Church Corporation on May 3, 1958.

The National City Christian Church is facing a new day in its relationship to the Brotherhood. The leaders of the Church are determined that it shall serve the Brotherhood more thoroughly than ever before. This means that it will endeavor to look after young people who are members of the Christian Church who come to Washington to work: to take her place as one of the leading churches in the Nation's Capitol: to be a church home away from home for those who come to Washington: and to proclaim the unique message of the Disciples of Christ. This church, standing like a great beacon light for peace on Thomas Circle, is truly representative of the Disciples of Christ. In many instances, the church acts as the liaison between United States Government and our people. The prayers of all Disciples, everywhere, are solicited as the church becomes increasingly vital to the over-all life of our Brotherhood.

The Alexander Campbell Educational Building which was formally dedicated on December 5, 1954, has been called by many outside of the local congregation the finest church educational building in Washington, D. C. Oron E. Scott Hall, furnished by Mr. Scott as a gift to the church, is one of the most beautifully appointed social halls in the churches of the Brotherhood. It has a seating capacity of 700 in rows of chairs and 450 in tables, with a kitchen containing the most modern hotel equipment available. Phillips Chapel, of charming colonial design and equipped with a pipe organ, can seat 120 and is ideal for small weddings and worship services. L. N. D. the Ettie F. Andrews Communion Room have all been furnished through memorial gifts. In addition, the building contains an assembly room seating 250 people, two small pullman kitchens, a bride's room, a music room, a projection room, workshop, costume room, cloakroom, living quarters for a full-time host and hostess, four offices, three nurseries, and sixteen classrooms.

The front of the building is lined with Indiana limestone, matching the Sanctuary building, and the entire architectural design of the building is in harmony with the beautiful Sanctuary which has become one of the landmarks of Washington.

The cost of the Educational Building and equipment was approximately \$675,000. The indebtedness on the Educational Building as of this report is \$199,000. At present the debt is being reduced at the rate of \$15,000 a year. The local congregation has and will continue to shoulder a large part of the responsibility for the debt, but this is the Brotherhood's church, owned by the Brotherhood, and administered by the Trustees of the National City Christian Church Corporation for the Brotherhood.

The National Evangelistic Association of The Disciples of Christ

G. Gerald Sias, President
Enid, Oklahoma

HISTORY AND PURPOSE

The National Evangelistic Association was launched at old Bethany Assembly in Indiana by Charles Reign Scoville and other prominent evangelists, including J. V. Updike, S. M. Martin, J. H. O. Smith, and J. V. Coombs. In the early 20's, Dr. Scoville joined with state secretaries C. W. Cauble and G. I. Hoover of Indiana, H. H. Peters of Illinois and Jesse M. Bader, then a highly successful evangelistic pastor, in sponsoring a series of evangelistic institutes in strategic areas. For many years the Association worked through the United Christian Missionary Society. More recently, it has become a separate agency reporting directly to the International Convention.

The purpose of the National Evangelistic Association is in the field of fellowship and inspiration rather than promotion. By means of a convention, held just prior to the International Convention, stirring addresses on evangelism inspire pastors of local churches to greater accomplishment in winning men to Christ, and those who have been particularly successful as evangelists share their methods and spirit with others. In this way the National Evangelistic Association strives to make the business of evangelism the first business of the church of Christ.

Annual Report

The National Evangelistic Association exists for the purpose of building a fellowship in support of New Testament evangelism. It seeks to sustain a working relationship with the Department of Church Development and Evangelism of The United Christian Missionary Society, and therefore makes its report to the International Convention of Christian Churches. The National Evangelistic Association implements its purpose largely through a convention, which meets just prior to the International Convention. Membership in the Association is open to all who pay annual dues of one dollar.

Gentlemen:

I have examined the financial records of the National Evangelistic Association for the period July 1, 1957, through June 30, 1958.

It is my opinion that the balance of \$282.33 as of June 30, 1958, is correct and that this financial report accurately reflects the existing records.

Sincerely yours,

Pension Fund of Disciples of Christ

Hollis Lee Turley, Executive Secretary
800 Test Building, Indianapolis 4, Indiana
Mel-rose 4-4504

HISTORY AND PURPOSE

The Pension Fund binds together some 5,000 ministers, educators, evangelists, chaplains, missionaries, state and national executives and approximately 7,900 churches in the support of the ministry in old age, death, and total and permanent disability.

The Pension Fund operates the Pension Plan, the 1919 Pension System and Ministerial Relief. It maintains an Additional Benefits Department for the ministry, enters into annuity agreements, receives bequests from wills, and administers gift money. Further, it invests the funds received, pays benefits, and conducts a Christian business organization for the benefit of the church and the ministry. All work is carried on under the policies laid down by the Trustees, and approved by the International Convention.

The promotion and operation of the Pension Plan is the largest single responsibility of the Pension Fund. Under the Plan, member dues are 3% of the monthly salary; church dues are 9%. Churches, large and small, participate, with the larger churches helping to carry a part of the load for the smaller ones that every minister might be protected. As of December 31, 1957, there were 4,962 members supported by 5,489 church or organization accounts.

Retirement pensions are paid to members who retire after age 65. Disability pensions are paid those who become totally and permanently disabled. Widow and minor child pensions are paid when the member dies in retirement, disability or active service. There were 1,390 pensioners under the Plan as of December 31, 1957.

Many of the pensions paid today are small, due to short periods of membership, the lack of church dues, and the meager salaries of the depression years. Because of the increased cost of living, supplemental checks are issued each quarter to some 872 pensioners. These checks have been made possible by gift money received largely from the offerings of the churches. The Pension Fund shares in the money given to the causes of the brotherhood through Unified Promotion.

The member accounts were supported by 5,489 church, college and organization accounts.

Claims

During the year 1957 there were 18 deaths among active members, 14 new cases of total and permanent disability and 131 age retirements. Among total disability cases there were 4 deaths and 5 where health was regained and the member returned to active service. In the age retirement pension group, there were 49 deaths and 7 ministers who returned to active service. Deaths among the active members and pensioners left 7 minor children and 49 widows as beneficiaries. Six new Scholarship Benefits were begun.

Auditor's Letter

February 20, 1958

Board of Trustees,
Pension Fund of Disciples of Christ,
Indianapolis, Indiana.

Gentlemen:

We have examined the accounts and financial records of the Pension Fund of Disciples of Christ for the year ended December 31, 1957. Our examination was made in conformity with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Our examination did not include a review of the actuarial basis of the pension plan, upon which an independent report is made by the Pension Fund's consulting actuaries.

In our opinion, the accompanying statement of financial condition presents fairly the position of the Pension Fund of Disciples of Christ at December 31, 1957, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We found that the Pension Fund's accounting records were well kept, and were adequate for the preparation of the accounting and statistical information required by the administrative staff of the Fund.

Yours very truly,

GEO. S. OLIVE & Co.

Unified Promotion

Spencer P. Austin, Executive Secretary
Box 5636, Indianapolis 19, Indiana

HISTORY AND PURPOSE

Unified Promotion is an agency through which boards reporting to the International Convention (and voting to cooperate) appeal unitedly to the local churches for the support of their work.

The purpose of Unified Promotion is:

- to inspire our people regarding the total Christian enterprise.
- to mobilize the total strength of our brotherhood for the proclamation of the gospel to the whole world.
- to eliminate both the fact and the spirit of competition in the promotional approach of the agencies to the churches.
- to avoid overlapping of effort by the correlation of the facilities and the personnel of the existing agencies.
- to serve the local church through a stewardship program of education, the provision of stewardship plans, and the preparation of stewardship materials.
- to assist the local church through making available plans and materials for the enlistment of every member for the support of the current expense and missionary budgets.

The request for this united procedure came from the churches through a resolution passed at the International Convention Assembly at Wichita in 1931. This resolution called for the Commission on Budgets and Promotional Relationships to hold a conference of the representatives of agencies reporting directly or indirectly to the convention for the consideration of improved promotion.

This conference was attended by seventy-five persons. A continuation committee was appointed and in subsequent meetings the plan of Unified Promotion was developed.

The suggestions were approved in principle at the Pittsburgh Convention in October, 1933, and the detailed plan was approved by the Des Moines Convention in October, 1934. It was put into operation July 1, 1935, after fifty-three agencies had voted to participate.

ANNUAL REPORT July 1, 1957, to June 30, 1958

In the first report of the new executive of Unified Promotion, mention should be made of the work of his predecessor. For twenty-two years Dr. C. O. Hawley and his colleagues in the agencies labored diligently to coordinate and unify the askings of the agencies reporting to the International Convention and to obtain support from the churches worthy of the work being attempted. Under his leadership they succeeded to a remarkable degree. There is a deep awareness that any progress made during 1957-58 was built on a foundation laid by others.

I. *Highlights of 1957-58*

A. Theme

The use of the promotional theme, "Informed, Concerned, Committed," was nearly universal in state and district conventions during the missionary year. It should serve to deepen the sense of obligation in the churches to know the work of the brotherhood and participate in its support.

B. New agencies

Three new agencies applied for membership during the year and were received as members of Unified Promotion. They are as follows: the Oregon Christian Missionary Society, the Kansas Christian Missionary Society, and the Disciples of Christ Historical Society. All of the state societies are now members. All of the major national agencies depending on the churches for support, with but one exception, are now members. This indicates a basic acceptance of the plan of Unified Promotion among the churches and the agencies.

C. Supporting churches

The number of supporting churches reached an all-time high in 1957-58. There were 4,393 congregations which made contributions either through the church board or one of the constituent groups within the church. This is a gain of 459 over 1949-50. The gain in support from church budgets is 836 over 1949-50. The gain in the number of Christian Women's Fellowships supporting the work is 523. All of these are significant gains in the cooperative life of the brotherhood.

D. Orientation

Orientation programs were conducted throughout the year to acquaint various groups with the cooperating agencies. In September, an orientation was held for new staff members of state and national agencies. In February, an orientation was held in Kansas and another in Oregon to acquaint ministers and their wives with cooperative work. In April, in cooperation with the Board of Higher Education, an orientation was held for middler students of the graduate seminaries.

E. Staff

Mr. Roy L. Thorp rounded out six and one-half fruitful years of service as the first full-time director of stewardship for the brotherhood. Mr. Julian Stuart was assigned as assistant secretary to Every Member Canvass and Special Days. Mr. Roland K. Huff was called as assistant secretary in general administration, and will begin work September 1, 1958.

UNIFIED PROMOTION
ANNUAL REPORT

F. Offerings

In spite of a very uncertain economy throughout the year, the giving of the churches showed an increase of \$233,747.72 over 1956-57. This is a 5.160% gain for the year and a gain of 121.779% over 1949-50. Only the loyalty of a sizeable group of local church leaders and members could make these gains possible.

G. Area gains

The top ten states or promotional areas showing dollar gains to the regular budgets in Unified Promotion were: Texas, \$29,481; Missouri, \$28,372; Southern California, \$20,316; Indiana, \$20,034; Kentucky, \$19,251; Ohio, \$18,735; Kansas, \$10,339; Iowa, \$10,284; North Carolina, \$10,102, and Northern California, \$6,256. These are commendable gains.

The ten states or promotional areas making the greatest percentage gains in regular giving were: Utah, 28.804%; Arizona, 20.8699%; Canada, 17.69%; Montana, 16.721%; Minnesota, 14.050%; North Carolina, 12.331%; New Mexico, 12.273%; South Dakota, 12.107%; Wisconsin, 11.871%, and Georgia, 9.937%. Only North Carolina ranked in the upper ten, both in percentage increase and in dollar increase. Many of these gains represent tremendous sacrifices on the part of leaders and members throughout the area.

II. *Special Days*

Unified Promotion promotes the observance of three special days in the church year, namely: Thanksgiving, Easter and Children's Day. The work of the various agencies participating in Unified Promotion is lifted up and offerings received for the support of the total work.

A. Dual program

The observance of the three special days is twofold: 1. Opportunity is given for a limited study of the various cooperative causes of our brotherhood, and 2, offerings of significant proportions are received. The educational value of these observances cannot be overemphasized; each year thousands of children, youth and adults are given information regarding the various phases of the outreach program of the church. In many instances these are the only church-wide efforts to inform the entire membership concerning the outreach of the church.

The amount of these special offerings is likewise significant. For many years the offerings were limited to the Sunday school. Recently more and more congregations extend the opportunity to share to the total membership of the church. This has been a wholesome development.

B. Materials

Materials are prepared for use in the Sunday schools and worship services on each of the three special days. These include descriptive, pictorial leaflets for general distribution, informative booklets for the use of teachers and other leaders, worship manuals for children and offering boxes and envelopes. Last year, the total number of pieces of material distributed on request for the three special days exceeded six million.

C. The record

Both the number of churches ordering materials and the amount of offerings received increased over the previous year, as they have done each year of the decade.

	<i>Number of churches ordering materials</i>	<i>Increase during the decade</i>	<i>Offerings</i>
Thanksgiving	3,327	1,169	\$230,700.26
Easter	3,376	1,124	303,385.70
Children's Day	3,400	1,194	193,354.30

D. Advisory committee

The responsibility of preparation of materials and promotion of the special days has been that of Julian E. Stuart. Children's materials have been written by Mrs. Doris Demaree. Members of both state and national staffs have given fullest cooperation in promotional procedures. A national committee, serving in an advisory capacity, has given valued assistance. The committee is composed of:

Archie Mackey, Chairman	Gerould R. Goldner
Mrs. Chloe Kelly	Robert C. Greene
Franklin H. Minck	E. Lyle Harvey
K. Everett Munson	Miss Frances Hill
Ira Paternoster	Mrs. Olive Hoke
Morris H. Pullin	

III. *Christian Stewardship*

"Informed, Concerned, Committed" was the theme followed in the stewardship emphases for the year, both in the fall and in the Easter to Pentecost program. Plans and materials were prepared and distributed to the churches to strengthen the stewardship commitment and participation of the brotherhood.

A. Stewardship education

The "Learn to Give—Give to Learn" program was sponsored in the fall, together with the Department of Religious Education of The United Christian Missionary Society. It sought to bring into focus the basic realization that stewardship is integral to the Christian experience. It included a strong emphasis on stewardship in the Christian home.

B. New materials

The Church Program Planning Manual, "Stewardship and Finance," by Thorp and Norris was released October 1 and has had a wide reception. One helpful new section in this manual deals with an emphasis on "Making a Christian Will." This program for the local church is designed to help the membership understand the Christian opportunities and obligations in making a will.

"Split Level Family," the new stewardship film released September 1, has been enthusiastically received as one of the best stewardship films produced. The department of stewardship of Unified Promotion, in consultation with audio-visual services of the United Society, was a partner in the production, together with other Protestant groups.

C. Retirement of Director

June 30, 1958, Roy L. Thorp rounded out nearly six and a half years of dedicated leadership in stewardship education and promotion. During this period he gave himself without reservation to the task of making this cause live in the hearts of our churches. All of our congregations and agencies, whether in Unified Promotion or not, have profited from his lead-

ership. Stewardship is more nearly a major emphasis than it has been at any time in our history as a brotherhood. The educational curriculum of the church, the functional program emphases and the calendared activities of the church all reflect the effectiveness of his leadership. The gains in support of the agencies noted earlier in this report would not have been possible without this basic program.

IV. *The Every Member Canvass*

A. Objective

The goal is the enlistment of the total membership in support of the program of the church. This program includes an equitable presentation of both the local needs and the outreach obligations.

B. The plan

The Every Member Canvass plan, as presented to the churches by Unified Promotion, is definitely **people** and **program** centered. It points the way to spiritual growth through emphasis upon Christian stewardship.

Special consideration is given in the Every Member Canvass plan to: (1) Relation of program to budget. (2) Appraisal of the giving potential of the congregation. (3) Purposeful educational program. (4) Adequate training of the canvassers. (5) A complete canvass to enlist every member in the program of the church.

C. Presentation

The Every Member Canvass, with supporting materials, was presented by members of the staff of Unified Promotion in many areas of the nation during the year. Workshops and conferences were frequently conducted in connection with state and district conventions, or in special institutes arranged through state stewardship committees. Leadership was provided by Unified Promotion for a few pilot Every Member Canvass projects.

D. Results

Almost without exception, churches following the Every Member Canvass plan have reported good, and in many instances, almost phenomenal results. Many congregations have increased their church income 30 to 60 per cent, with similar increases for outreach causes. Even more gratifying have been the results in deepened loyalty of members, especially in the enlistment of many who had been inactive and nonsupporting. The greatest impact of an effective Every Member Canvass is in the realm of the spirit.

E. Leadership

During 1957-58 the Every Member Canvass program has been under the direction of Julian E. Stuart. He has conducted a vigorous promotion of Every Member Canvass in program planning groups, state and district conventions and in a workshop in the International Convention. He has conducted pilot projects in city-wide and district-wide simultaneous canvasses among Christian churches. In addition he has completed a major revision of the materials used in the local canvass. Much of the gain in giving during the year came from those congregations which enlarged their financial horizons and deepened their Christian commitments through an Every Member Canvass.

V. *Publicity*

Unified Promotion has received generous cooperation of the agencies in promoting offerings and the achievement of goals in the churches. State papers, the journals of the Christian Board of Publication, *World Call* and the bulletins of the national agencies have provided effective channels for telling the story of the cooperative work. These have been most helpful and are deeply appreciated.

The *Minister's Bulletin* has been issued monthly to provide current information on the progress of the work and to encourage the minister in his leadership of the church.

VI. *Field Cultivation*

The agencies have been generous with the time of their staffs in field cultivation. Every request coming to Unified Promotion for personnel in state and district conventions has been met. This was possible only because the agencies have been willing to respond. Conventions are increasingly significant in shaping brotherhood trends.

An increasing number of State Directors of Unified Promotion have set up visitation schedules for the release of goals and have sought national staff to share with local leadership in contacting the churches. Others have arranged similar visitations to stimulate the completion of goals before the end of the missionary year. By this means, more than 2,500 congregations have had a personal visit from agency personnel during the year.

VII. *Commission on Brotherhood Finance*

The Commission on Brotherhood Finance has been functioning since 1950. It was created by authorization of the International Convention at the request of Unified Promotion. Its function is to review the askings of the agencies cooperating in Unified Promotion and to allocate to them a budget of askings to be presented to the churches. Allocations are made on the basis of need and in relation to anticipated resources.

The proposed budget of askings for 1958-59 is \$5,545,580. This is 16.41% above the giving of 1957-58. The realization of such a goal in 1958-59 would set a new record in giving in brotherhood life.

VIII. *Financial Report for 1957-58*

A. General summary

During the fiscal year closing June 30, 1957, the offerings subject to division coming to Unified Promotion from churches, Sunday schools, Christian Women's Fellowships, Youth Groups, Children and Individuals totaled \$4,763,734.24. This was short of the budget of askings by \$394,865.76. Nevertheless, it was a gain of \$233,747.72 over the giving of the previous year.

In the schedule for the Long Range Program of the 1950's, it was hoped that doubled giving would be reached by 1959-60. Actually, doubled giving was exceeded by \$467,799.16 during 1957-58. This is a victory of far-reaching importance. This victory has been greatly subdued, however, by the erosion of inflation which has eaten into the worth of the money re-

UNIFIED PROMOTION ANNUAL REPORT

ceived. It may be seriously questioned whether the 121.779% increase over 1949 approaches doubled buying power. It is also doubtful whether the increases have yet reached doubled per capita giving.

In addition to their regular budget support, the agencies in Unified Promotion received \$1,757,161.70 not subject to division. The grand total of receipts is greater than that of the best year of the Crusade for a Christian World. Disciples of Christ are developing a deepened concern for the outreach of the Christ in all phases of the life of the brotherhood.

D. Certificate of Auditor

April 7, 1958

The Board of Directors
Unified Promotion, Inc.,
Disciples of Christ
Indianapolis, Indiana

We have audited the accounts of Unified Promotion, Inc., Disciples of Christ, for the year ended January 31, 1958, and have proved the correctness of all account balances as of that date.

We found that all recorded receipts had been deposited in the bank and distributions have been made according to the principles set forth in the by-laws. We also found that expense items have been properly allocated and the funds correctly handled.

In our opinion, the records have been properly kept for the year under review.

Committee on Week of Compassion

Box 5636, Indianapolis 19, Indiana

Fleetwood 7-1166

HISTORY AND PURPOSE

The Week of Compassion stemmed from the Brotherhood Dinner observance. The first Brotherhood Dinner was held in 1938. For the first three years no offering was promoted, the dinner being only for fellowship. At the Brotherhood Dinner in 1941 the churches were urged to make offerings for the work of the Churches of Christ Missionary Committee of Great Britain to be used for their foreign mission work. Our British brethren, because of war conditions, were finding it difficult to maintain their missionaries. Five thousand dollars was suggested as the goal. The offering totaled \$13,009.66. In 1943 the Committee on Relief Appeals of the International Convention promoted an offering on the occasion of the Brotherhood Dinner to the end that the following causes might be aided: The American Friends Service Committee, the Y.M.C.A. War Prisoners' Aid, the American Bible Society, the Church Committee for China Relief, the Y.W.C.A. World Emergency Fund, the American Committee for Christian Refugees, the Central Bureau for Inter-church Aid and the International Missionary Council Orphaned Missions Fund. The offering totaled \$36,728.47.

Sensing the necessity of continuing and expanding the work of the Committee on War Services, covering the 8% pension dues of Disciple chaplains serving in the Armed Forces and the inadequacy of our Brotherhood's response to the emergency causes cleared through the Committee on Relief Appeals, the Commission on Budgets and Promotional Relationships of the International Convention authorized an effort, to be known as the War-time Service Fund, to raise \$250,000.00 for these causes. As a part of this effort the first Week of Compassion was held in February, 1944, with the Brotherhood Dinner as a part of the week's observance.

The Purpose is to:

- express the deep concern of Disciples of Christ in the projects of ecumenical fellowship and service.
- create an awareness regarding the military and veterans services including encouragement and assistance to chaplains.
- alert Disciples of Christ to a keen appreciation of their responsibility to those in distress in other lands and to enlist their support to the greatest possible extent in order that the material benefits of these projects may be widespread, alleviating homelessness, illness and despair without regard to race, color, or creed.
- develop the Christian values inherent in the work of relief, reconstruction and rehabilitation, not only in the Christian response to acute human need, but also in the inevitable strengthening of Christian witness around the world through this sharing of possessions in the spirit of Christ.
- bring about a greater understanding and realization of the brotherhood of all the children of our Heavenly Father and to generate among the peoples of the nations a mutual trust and an international friendship of people upon which alone can be built a solid structure of world unity and world peace.

ANNUAL REPORT July 1, 1957, to June 30, 1958

I. Summary Statement

The 1958 Week of Compassion was observed February 16-23, using the theme "Beyond Measure." With this theme there was an effort to help a responsive brotherhood understand that the ministry of encouragement and relief provided through the Week of Compassion is literally *beyond measure*. It is not possible to measure the sufferings of human hunger, the emotional disquietude of homelessness, the spiritual stress of military service, or the mental anguish of religious minority groups. In the same way it is not possible to measure in terms of statistics the depth of the spiritual ministry nor the breadth of its consequences as the brotherhood had compassion in each of these areas of need.

Through the Week of Compassion, Disciples of Christ were participants in ministering to the needy in many of the various recurrent emergencies of the past year where Church World Service and the World Council have served in our behalf. Churches should take deep satisfaction in knowing that during the military crisis in Lebanon, the famine and epidemic in India, the drought in Brazil, the resettlement of the Old Believers driven out of China, the evacuation of Europeans from Indonesia, and in many other similar situations they were represented through their gifts. In addition, refugees have been settled in the United States, a new church has been fostered in Alaska, ministries have been carried on among our chaplains and servicemen around the world, and a fraternal ministry has been maintained in the British Isles.

The askings for the 1958 Week of Compassion included requests from the Committee on Relief Appeals of the International Convention, the Committee on Military and Veterans Services and the Pension Fund for reserve chaplains' pension dues. The offering was promoted by Unified Promotion by request of the Week of Compassion Committee. The goal approved by the Commission on Budgets and Promotional Relationships was \$520,900. The total offering received was \$490,624.65 which was 92.845% of the goal.

II. Material Aid

Appeals to the brotherhood for material aid to devastated areas have been under the direction of the Department of Social Welfare and the Committee on Material Aid. Costs of administering the program have come largely through the Committee on Relief Appeals and the department has maintained a close relationship to the committee. Early in 1958, Church World Service presented a greatly increased request for clothing for overseas shipment, especially for Europe. In February Miss Williams participated in a national consultation in Atlantic City designated to alert American church leadership to the world need for clothing and material aid. This appeal has been relayed by the departments of Social Welfare and Christian Women's Fellowship to the churches of the brotherhood. A summary of material aid shipments reported for the year is as follows:

Shipments to home missions institutions	2,539
Direct overseas shipments from Indianapolis	17,135
Church World Service	36,305
Miscellaneous	145
Total	56,124

In addition to these materials processed and shipped from the Indianapolis center the department and C.W.F. publicity encouraged many congregations to send clothing direct to Church World centers in various parts of America. A program of expanded publicity has been projected for increased shipments in 1958-59.

III. Refugee Resettlement

Appeals to the brotherhood for participation in the refugee resettlement program have been under the direction of the department of social

welfare of The United Christian Missionary Society, largely financed by the Committee on Relief Appeals. Miss Ella L. Williams has administered this program.

Public Law 85-316 which was signed by President Eisenhower on Sept. 11, 1957, made available the unused quota numbers of the Refugee Relief Act up to 15,556 refugee-escapees from Communist-held countries. Of these, the department has secured assurances for 34 families comprised of 94 individuals. During the year, Disciples of Christ churches have settled 10 families comprised of 31 individuals.

III. Chaplaincy Services

The Brotherhood has made the Committee responsible for recruiting chaplains for the Military and Veterans Administration Services, on behalf of our young men and women in military life and the patients in the Veterans Administration Hospitals, to help to maintain at a high level of effectiveness such spiritual undergirding as the Chaplaincy represents, and to retain effective ties with the brotherhood while on duty as chaplains. In this effort the Committee has a six-phase program:

(1) Procurement of Chaplains. On an assigned quota basis by each branch of the military and the Veterans Administration our brotherhood is expected to share in these efforts with our ministers who serve as chaplains. During the year the total has varied from 120 to 126 on active duty, which has placed us in the advantageous position of being up to or over our quota in every service for which we are asked chaplains. The Director of Chaplaincy Services seeks to visit each seminary to interpret the work of the Chaplaincy, with particular reference to the seminary training programs conducted by the Army and Navy, and to keep ministers informed as to the needs and work of the chaplains in the military services, including the National Guard and Reserves.

(2) Fellowship with Disciple Chaplains. Mr. Boyd strives to visit each chaplain in the U.S.A. annually, with visits to overseas theaters in their behalf every other year in the major theaters. In June of this year he visited all our chaplains in the European Theater, and conducted a Protestant Retreat for lay leaders at Berchtesgaden, Germany.

(3) Retreats for Disciple Chaplains. For a number of years the Committee has sponsored a series of retreats in three areas of the U.S.A. for Disciple Chaplains and their families, which have provided a rich opportunity for fellowship, sharing of helpful ideas, and spiritual enrichment. These retreats help the chaplains to retain their sense of belonging to a great brotherhood. Such have been held this year as follows:

Central Area, Athens, Texas, April 15-18, 1958
 Eastern Area, Indianapolis, Indiana, October 8-11, 1957
 Western Area, Santa Cruz, California, November 12-15, 1957

*Includes 1956-57 grants committed but not extended until 1957-58.

The Eastern Area was tied to the International Convention in Cleveland to permit the chaplains' attendance on this aspect of brotherhood life.

(4) *The Disciple Chaplain*, bi-monthly magazine. As a fellowship tie and means of keeping the chaplains informed, the Committee publishes the mimeographed magazine, *The Disciple Chaplain* which is sent to all chaplains on active duty, and to reservist chaplains, armed forces headquarters, Chiefs of Chaplains, Disciple Colleges & Seminaries, State Secretaries and other offices.

(5) Literature, to and for chaplains. A series of pamphlets is available to chaplains for use in their literature racks in military and VA Chapels. Each chaplain also receives, as a gift from the Brotherhood, subscriptions to *World Call*, *The Christian-Evangelist*, *Pastoral Psychology* and *Sunshine Magazine*. They receive, upon entrance to active duty, a leather-bound copy of the RSV New Testament and the book *Christian Worship* by G. Edwin Osborn, and annually the *International Convention Year Book*. From time to time they receive additional books and pamphlets which the committee believes they will find helpful.

(6) Help at the point of return to a pastorate. Because the chaplain is considered on loan from his communion to the Military Services, he anticipates a return at some point in his ministry to the civilian pastorate. The Committee, through the Director of Ministerial Services of The United Christian Missionary Society, with the help of State Secretaries, seeks to assist the returning chaplain to the civilian ministry.

In this liaison relationship the Committee works to keep the chaplain informed of brotherhood interests and relationships, and the brotherhood informed of the unique ministry he is performing on its behalf, with pride for the chaplain's sacrifices, services and achievements.

IV. Camp and Defense Community Services

(1) General Program and Counseling Service. The Committee assisted numerous churches in military and industrial defense areas through the services of C. E. Weber. Mr. Weber met with ministers, church boards and committees regarding their ministry to members of the Armed Forces and in administering the program of field services and financial assistance. He served as guest speaker on numerous occasions. As of November 1, 1957, Mr. Weber was made director of mission churches under the Department of Church Development and Evangelism. His work with the Committee was reduced to half time in order to make the new assignment possible.

(2) Literature. During the year the Committee published a booklet of suggestions for the observance of Armed Forces Sunday. It also continued to promote the booklets *More Than Marking Time*—a reading and discussion booklet for youth facing military service and *A Guide to More Than Marking Time*—a booklet to assist churches in developing a program of guidance and continuing fellowship for youth who are about to enter military service.

(3) Field and Parish Workers. The Committee's two field workers, Miss Margaret Westfall and Mrs. Anita Newsom, served a number of churches in military communities during the year. This included a prolonged assignment of Mrs. Newsom to the San Diego area and the estab-

lishment of a servicemen's center at the Central Church, San Diego. The field workers assist churches in their outreach to military personnel and in certain phases of church programming. The Committee also provides financial assistance in support of three part-time parish workers who visit military families and relate Armed Forces personnel to the local church. These workers are:

V. Interdenominational

(1) General Commission on Chaplains and Armed Forces Personnel. The Committee maintained membership in and cooperated fully with the General Commission by providing official representatives and financial support in the amount of \$6,819.50. The Disciples of Christ were represented on the Commission by the following: Gaines M. Cook, Theo. O. Fisher, Frederick W. Helfer, Willard M. Wickizer, George Oliver Taylor, Carl M. Boyd, and C. E. Weber. During the year 1958-59 J. Clinton Bradshaw, Walter F. MacGowan, and T. J. Mattingly will represent the Committee in place of Gaines M. Cook, Theo. O. Fisher, and Frederick W. Helfer.

(2) Interdenominational Servicemen's Centers. The Committee continued to support several interdenominational servicemen's centers and programs as follows:

Denver, Colorado, \$850.00 for the center sponsored by the Denver Council of Churches and the Y.M.C.A.

Protestant Council, New York City, \$500.00 in support of the servicemen's center conducted at the Broadway Congregational Church.

Seattle, Washington, \$750.00 for the center sponsored by the Seattle Council of Churches and the Armed Forces Y.M.C.A.

Tacoma, Washington, \$750.00, for the center sponsored by the Tacoma Council of Churches.

(3) Cooperative Committee on Ministry to Service Personnel in the Far East. The Committee on Military and Veterans Services appropriated \$4,800.00 to this joint Committee of the National Council of Churches and the General Commission on Chaplains and Armed Forces Personnel to assist in maintaining a camp community program for the welfare of military personnel in the Far East.

VI. Cooperation With Commission on Chaplaincy Endorsement

The Committee on Military and Veterans Services works closely with the Commission on Chaplaincy Endorsement of the International Conven-

tion. The chairman of the commission, Frederick W. Helfer, retired at the end of the missionary year after several years of service. He will be succeeded by Walter F. MacGowan. The services of Carl Boyd are contributed by the Committee to serve as secretary of the commission.

VII. Committee Personnel

From its inception Willard M. Wickizer has served as Executive Secretary of the Committee on Military and Veterans Services. Since becoming chairman of the Division of Home Missions and Christian Education of The United Christian Missionary Society, Mr. Wickizer has felt this responsibility with the Committee should be turned over to the Executive Secretary of the Department of Church Development and Evangelism; consequently, J. Clinton Bradshaw will assume this office effective July 1, 1958.

Because of the pressure of other responsibilities Theo. O. Fisher retired from the Committee on Military and Veterans Services and from serving for two years as chairman. T. J. Mattingly will be the new chairman. Frederick W. Helfer and Carl R. Brown also retired from membership on the Committee. H. B. Detweiler and Walter F. MacGowan have recently been appointed to membership on the Committee. The following are members of the Committee for the year 1958-59:

T. J. Mattingly, Knoxville, Tennessee, Chairman
Spencer P. Austin, Indianapolis, Indiana
J. Clinton Bradshaw, Indianapolis, Indiana
Gaines M. Cook, Indianapolis, Indiana
H. B. Detweiler, Peoria, Illinois
M. Maurice Grove, Jackson, Mississippi
Kenneth M. Hay, Dallas, Texas
Walter F. MacGowan, Cleveland, Ohio
William H. McKinney, Indianapolis, Indiana
James H. Parrott, Los Angeles, California
D. Ervin Sheets, Indianapolis, Indiana
George Oliver Taylor, Indianapolis, Indiana
Willard M. Wickizer, Indianapolis, Indiana

The United Christian Missionary Society

A. Dale Fiers, President,

222 South Downey Avenue, Indianapolis, Indiana

HISTORY AND PURPOSE

The United Christian Missionary Society was created by the brotherhood of Disciples of Christ which long had sought a plan of cooperation for its missionary and religious education work. The American Christian Missionary Society, Christian Woman's Board of Missions and the Foreign Christian Missionary Society spent two years of intensive study and planning to prepare a proposed constitution. Modifications were made and it was given wide publicity and full discussion for a year.

In October, 1919, in Cincinnati, Ohio, it was approved by each of the boards and the International Convention. On October 20, the day following the Convention, the constitution was perfected and adopted at a meeting called for that purpose. The election that night of its first Board of Managers, officers and Executive Committee (now Board of Trustees) completed the formal organization. The Society was incorporated June 22, 1920, after careful legal study.

The Code of Regulations of the United Society states the following purposes and functions. "That the world may the more fully come to know Christ, the Son of God; that all men everywhere may increasingly appropriate for themselves His way of life; that a world of Christian brotherhood may be realized, and that the unity of God's people may be achieved, this Society is established.

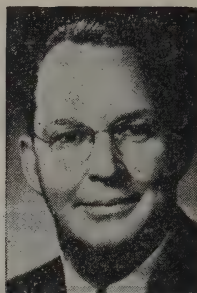

"To this end the Society shall aid in the preaching of the gospel of Christ at home and abroad; shall create and foster a program of Christian education and training to the end that men's minds may be enlightened concerning the Christian way of life; shall lend encouragement and assistance to local congregations with a view of helping them to become as efficient units of the Kingdom as possible; shall interpret to the world the social implications of the teachings of Jesus; shall advance the cause of Christian womanhood; shall establish and maintain such institutions as schools, institutes, orphanages, hospitals and homes in the neglected areas of the world, and shall engage in such other forms of Christian service as will help to bring in the Kingdom of God, in which His will shall be done on earth as in heaven."

Since the Society began to function, the efforts of Disciples of Christ in missions and Christian education at home and abroad have been coordinated and made stronger by this central organization.

The United Society is a proved instrument. The churches chose it as a way of work. The churches continue to support it. The work continues to move forward.

STUDENT WORK

Send the names of students going to college to the following list of persons who are ministering to Disciples of Christ students in various educational institutions. Home churches and pastors are encouraged to correspond with each center about their own young people who are coming. The type and inclusiveness of the program vary with each place. Not all of the contacts on each campus have been listed and no doubt some campuses with religious programs for Christian Church students have been overlooked. Information about such will be welcomed by the Student Work Office. If no name is listed, check elsewhere in the Year Book for the pastor of the nearest church.

This list is published in the interest of making available Christian guidance for increasing numbers of young people in institutions of higher education across the land. The letters in parentheses designate the position of the person listed. (M) Minister of local church. (SW) Person mainly responsible for student work. (P) Administrative and faculty personnel. (I) Interdenominational personnel. *Indicates appropriation.

THIRTY-EIGHTH ANNUAL REPORT

July 1, 1957, to June 30, 1958

Executive Statement—A. Dale Fiers, President, Indianapolis, Indiana

A study of the annual reports of divisions and departments of the United Society reveals that 1957-58 was a year of continuing growth and development on one hand and flashing danger signals in finances and program on the other. An analysis of trends indicates that the long range future is filled with challenging opportunities and that the present organization, program, and staff of the Society are well prepared to meet the challenge and maintain a steady growth. The immediate situation, however, is one that clearly lifts up concerns which call for careful study and adjustment.

The major immediate concern has to do with budget administration. It is evident that there needs to be adjustment whereby budget expenditures are more adequately geared to promotional receipts. The United Society ended the year 1957-58 with a *gross* budget deficit of \$259,351.31. Conservative administration during the year enabled the Society to under-expend its approved budget by \$159,769.65, thus making a *net* deficit for the year of \$99,581.66. It has been necessary to meet this deficit by drawing upon the General Reserve Fund of the Society. This reduces reserves to a dangerously low figure for the size of the operation in which the United Society is engaged. Steps are being taken to return to the policy of basing the ensuing year's budget upon the past year's receipts. In recent years budgets have been built to include anticipated increases.

A second concern has to do with new programs that urgently need implementation but for which there are insufficient resources. The following are illustrative:

The national program of ministerial recruitment and guidance. This program has been carefully developed by the department of church development and evangelism in cooperation with the Board of Higher Education, Disciple colleges and seminaries, and state societies. These have worked together in the Committee on Effective Ministry of the Home and State Missions Planning Council. The program represents one of the most urgent needs in our brotherhood today. It is presently being put into operation on an experimental basis in several states. The program has already demonstrated its capacity to increase the number of commitments for the ministries of the church. Sufficient continuing budget resources to undergird the program are not now available. This program, however, must be implemented.

A department of evangelism. There has been a wholehearted response across the brotherhood to the decision of the board of trustees to establish a separate department of evangelism within the Society when funds are available for its expanded program operation. During the year it has not been possible to secure budget resources for the program.

Another area is the need for additional personnel in the national department of Christian women's fellowship, which is seriously understaffed. Three additional persons to engage in leadership training and field service have been authorized by the board of trustees but it has not been possible to include any of these within available budget resources.

Still another area has to do with the emerging opportunities on the foreign mission fields. Almost unlimited opportunities for Christian wit-

ness exist in areas where we are now operating. New "Macedonian" areas constantly call "Come over and help us."

These, and other program concerns are linked closely with budget administration. The Society intends to balance its budget but at the same time realizes it must remain sensitive to the rapidly developing and expanding program needs of the churches all across the world.

A third concern which will be noted in the reports has to do with the present number of missionary volunteers and candidates. This has dropped to the lowest figure in many years. It will be noted that there are now 250 volunteers and 58 candidates in the program of missionary selection and training. It is evident that the enlistments and preparation of missionaries must be stepped up to an accelerated pace in the years ahead. This places a heavy responsibility not only upon the United Society but also upon the churches and agencies of the brotherhood who share in the responsibility for recruitment.

On the more optimistic side of the picture the following observations may be made:

(1) Despite the failure to reach the set financial goal and end the year with a balanced budget the Society administered more money than it has administered for the work in any previous year. The new all time high in total funds expended was \$5,537,784.31 excluding \$166,207.19, which is the United Society share of the cost of Unified Promotion. Regular promotional and special fund receipts from the churches and individuals accounted for \$3,400,017.77. This is 58.40 per cent of the total.

(2) Capital for Kingdom Building receipts also reached a new high for the one-year period. The total received for this purpose during 1957-58 was \$500,626.13. A grand total of all Capital for Kingdom Building receipts since the beginning of the effort is \$1,811,798.86. These capital resources have provided needed impetus to the missionary work at home and abroad. The money is being administered as rapidly as possible. During 1957-58 \$306,496.44 in Capital for Kingdom Building funds were expended. It needs to be remembered, however, that all Capital for Kingdom Building money is designated for specific projects and no project is begun until enough cash is in hand to insure its completion. The accumulated balance of \$789,433.69 reported in Capital for Kingdom Building will be rapidly expended during the next twelve months and does not constitute funds that can be used for other purposes.

(3) 1957-58 has been one of the most satisfactory years in the field of program coordination. The United Society because of the breadth of its program responsibilities is intimately involved in all national program coordinating bodies. There has been a growing capacity to plan together on a national level and effectively relate such planning to the program coordinating processes at the state and local church levels. This has been evident in the functional areas of the church's program and in relationship to the special emphases connected with the Long Range program of the Disciples of Christ.

(4) Interdenominational and ecumenical participation of the brotherhood through the United Society has increased in its effectiveness and scope. A close relationship exists between all departments of the United Society and corresponding departments of the National Council of the Churches of Christ, U.S.A. Two of the vice-presidents of the National Council for the triennium 1957-60 are members of the executive staff of the

United Society. Willard M. Wickizer was elected vice-president and chairman of the Division of Home Missions of the National Council, and Virgil A. Sly was elected vice-president and chairman of the Council's Division of Foreign Missions.

Also, on the world level broadened relationships with the International Missionary Council and union movements on the mission fields will be noted in the reports. During the year the president of the Society was elected to serve a four-year term as chairman of the North American Committee and a member of the Board of Managers of the World Council on Christian education and Sunday School Association.

(5) United Society services to the churches continue to expand and develop. There is an ever-increasing call upon the staff and resources for assistance in state level program and promotion as well as local church activities. The number of missionary and staff visits for local church service and contacts during the past year reached a new high of 2,863 engagements. More than 5,000 requests were received. The department of resources endeavors to make assignments on the basis of priority and need.

(6) During the year a significant step forward was taken in breaking ground for the construction of a new four-story office addition to Missions Building. The expanded facilities will make it possible for Missions Building to become a more adequate center of brotherhood work. The office of the International Convention will be located on the ground floor of the new building. The National Benevolent Association will establish a liaison office and the Commission on Brotherhood Finance will move to Missions Building from its downtown location. Occupancy of Missions Building by brotherhood agencies is based on a service charge for the actual cost of operating the building. Present rate is \$1.00 per square foot per year. This makes for substantial savings to the brotherhood. No offerings from churches are being used to meet construction costs.

During the year there were no changes in personnel among the executive secretaries and chairmen of the Society staff. The new structure of administrative divisional organization previously reported is working efficiently. The devoted service of the entire world staff of the United Society, the board of managers, and the board of trustees who represent the churches in the management of the Society, warrant the gratitude and appreciation of the entire brotherhood.

*Special funds, and income therefrom, benefit the work by supplementing the General Fund. The special funds include bequests, annuity, permanent and trust funds, royalties, and gifts for designated purposes, such as mission properties, equipment or special services. Permanent and trust funds cannot be expended but are invested to provide income for the work. Annuity gifts must be invested and are not available for the work until released by request or death of the annuitant. Each special gift is administered separately to fulfill the expressed wish of the donor.

†Includes \$166,207.19 UCMS share cost of Unified Promotion, Inc.

‡The excess of expenditures over receipts is from accumulated balances of Special and General Funds received in prior years, not expended in the year received, but spent as called for by the work program.

Capital for Kingdom Building is reported under "Other Funds Administered."

Certificate of Auditor

Board of Trustees
The United Christian Missionary Society
Indianapolis, Indiana

We have audited the accounts of The United Christian Missionary Society for the fiscal year ended June 30, 1958, and have verified the cash, securities and other assets as of that date.

We have also examined the Treasurer's report, a copy of which is attached hereto, showing assets of \$10,552,030.72, total liabilities of \$263,944.17, and total fund balances of \$10,288,086.55, as of June 30, 1958.

We certify that the Balance Sheet shown in the Treasurer's report is in agreement with the records of the Society and with our report of audit as of June 30, 1958; and in our opinion, correctly presents the financial condition of The United Christian Missionary Society at that date.

DIVISION OF GENERAL DEPARTMENTS

The major concern of the division of general departments is to undergird all of the divisions and departments of the United Society and to render general services to other agencies and the brotherhood at large.

The departments of audio-visual services, Christian women's fellowship, men's work, resources, and service during the year have provided significant program assistance and service in the interpretation and carrying out of the mission of the church.

As a servant and agency of the Christian churches the United Society represents in its own organization a unique fellowship of mutual concerns. A primary purpose of the division of general departments is to extend this interdependent service and to strengthen a mutual stewardship on the part of the churches.

Audio-Visual Services

Production. During 1957-58 new productions prepared and released through the department have been: THESE MY BRETHREN (Japan); A LETTER FROM ROSA, photography done by Byron Spice; LA HERMOSA, interprets the program of La Hermosa Church in New York City; A TOUR WITH "W.C.," for the Committee on the Week of Compassion; BEYOND BRICK AND MORTAR, film on mission work in the Belgian Congo.

Mr. C. A. Weesner served as production executive in Paraguay and Argentina where photography was done for the proposed film, LITTLE MAN STAND TALL, which interprets our mission work in those fields.

The department joined with Unified Promotion to make available the fourth stewardship film, SPLIT LEVEL FAMILY, which was produced through the Broadcasting and Film Commission for the Department of Stewardship and Benevolence of the National Council of Churches. The department also cooperated through the Broadcasting and Film Commission and with the Commission on Missionary Education of the National Council of Churches in producing audio-visual materials for use in the 1958-59 missionary emphasis.

Distribution. The audio-visual library contains more than 850 titles of religious films, filmstrips, slides and recordings which are available to churches. The library scheduled 4,068 bookings of materials to 2,812 churches and church organizations.

Training. The department staff participated in the program of the 14th Annual International Conference in Audio-Visual Christian Education held at Green Lake, Wisconsin, in September, 1957. Special leadership was rendered also in the Texas State Laboratory Training School, Houston, Texas, and the National Training School for Leaders of Youth, Kansas City, Missouri.

Photographic Service. The department maintains extensive files of black and white pictures and color transparencies on the work of the Society both at home and abroad. Several hundred pictures were provided for publication and distribution by various departments, publications and agencies.

groups). Those business women's organizations which have not yet become a group in the Christian Women's Fellowship are listed as such. On June 30, 1958, there were 4,307 Christian Women's Fellowships and 334 business women's organizations, making a total of 4,641 organizations which is a gain of 393 over the past year.

The department functions in two related sections. The administrative section is made up of a national and state staff, totaling 36 persons responsible for organization, program and promotion. The advisory section (commonly called the International Christian Women's Fellowship) is made up of officers, and a commission representing all the states and Canada and totaling 145 persons. The commission elects an advisory council from its membership. The Commission met at the time of the International Convention held in Cleveland in October, 1957. The advisory council met March 19-21, 1958, to review proposed themes for the general programs, and to advise the department on program plans, suitable authors and general emphases. Preliminary plans for the next quadrennial assembly, July 19-23, 1961, were initiated. Mrs. W. K. Evans, Austin, Minnesota, is president in Mrs. Arthur Landolt, Moberly, Missouri, is vice-president.

World Christian Women's Fellowship. The World Christian Women's Fellowship, organized at Toronto on August 20, 1955, has contributed much to the world consciousness of Fellowship members through a twice-yearly newsletter edited by the executive secretary of the department.

Long Range Goals. The department promotes each year's emphases of the Long Range Program. Projects and general programs have been related to the various themes. In addition, the women continue to stress the following four related goals: (1) Deepened Spiritual Life. This "unmeasurable" goal is winning acclaim in the ever increasing interest in Bible study and devotional books. (2) Doubled Membership. The women have decided to put special stress on this goal during the remaining years of the decade. The total membership for the year is 243,970. (3) Doubled Giving. Regular offerings for the year were \$1,680,268.47, which is a gain of \$101,809.63 over 1956-57 or 5.8%. The gain in regular missionary offerings is 120.88% over the base year of 1949-50. (4) An Annual School of Missions in Every Church. There were 682 schools held in 1957-58 which is an increase of 72 over 1956-57. In the base year of 1949-50, the record shows 182 schools held.

Staff Meeting. The annual meeting of field and national staffs was held in Indianapolis, February 24-March 3. The state presidents attended the meeting for part of the time and the International CWF officers were also present. This was a most creative meeting, resulting in the plans for the nation-wide prayer chain from Easter until June 30 and the goals for the program beyond 1960.

Unification. State and national staffs participated in the general consultation on unification held in Indianapolis, February 28-March 1, 1958. The following states have been working under a unified plan or have voted to do so beginning July 1, 1958: Alabama, Nebraska, Iowa, Georgia, Illinois, Missouri. The following states have approved the plan but have set later beginning dates: Indiana, Kentucky, Washington and North Idaho.

Personnel. Mrs. Mildred Smith succeeded Miss Alma B. Scott (optional retirement) as departmental associate; Mrs. D. D. Dugan succeeded Mrs. Pauline Johnson Hagelbarger in Kentucky; Mrs. Albert B. Curry was elected the secretary for the Northeastern Area, succeeding Mrs. Warren Berry and

Mrs. John Price who had served New York-New Jersey, and New England, respectively, prior to the merger of those areas into the Northeastern Area. Mrs. Paul Dilworth, president of the Alabama Christian Women's Fellowship, will act as secretary, succeeding Mrs. J. D. Conwell.

Men's Work

The department of men's work in its regular work provides stimulation and guidance so that men of our brotherhood may share in the total task of the church. Training leadership, planning activities and the preparation of needed guidance materials is a continuous process.

Staff and Organization. There are five staff members: William H. McKinney, Executive Secretary; Mark Rutherford, Assistant Executive Secretary; Jack A. Sutton, Jr., National Field Director; Fred D. Sawyer, General Representative; Ben C. Stevenson, Special Representative. Twelve dollar-a-year men, each giving a minimum of two weeks' volunteer service a year, assist in the general work.

Thirty-three states or areas are organized, twelve of which have part- or full-time directors of men's work (supported by the state budgets). A National C.M.F. Advisory Commission meets annually and advises concerning policies and activities of men's work. It consists of the 33 state presidents, state and national staff members of men's work, dollar-a-year men, senior counselors and some members-at-large.

Field Work. The national staff averaged sixty per cent of its time in field services, including the following: provided requested speakers for convention programs and banquets and resource leaders for workshop meetings; gave guidance materials and helped provide speakers for more than 75 retreats, averaging more than 100, reaching an estimated 10,000 men in week-end gatherings (key words of retreats were Inspiration and Dedication); provided assistance and speakers in average of two to four rallies during year for each missionary district of each state or area (key word of rallies was Education); encouraged and gave assistance in Leadership Training Institutes and Schools of Churchmanship, relating men to functional committees of local churches such as stewardship, evangelism, religious education and world missions; assisted in providing faculty and leadership for Schools of Missions, Adult Conferences and Visitation Evangelistic Campaigns; visited more than 600 local churches during year, speaking, giving organization guidance for men's work, visiting in behalf of brotherhood causes represented by Unified Promotion, Capital for Kingdom Building and Long Range Program Emphasis; represented brotherhood and participated in wider relationships of men's work such as National Council and World Council activities for laymen.

Literature. Prepared and helped distribute more than 2,000 packets of sales literature, entitled Monthly Programs for Men's Meetings; prepared new guidance manual for men's retreats, entitled "Retreats"; prepared and distributed special materials for observance of Laymen's Sunday, third Sunday in October; new pamphlet on "How to Start a C.M.F. Locally"; distributed more than 2,500 additional copies of manual, "MR. C.M.F. PRESIDENT!"; prepared articles for state and national publications.

Resources

Regular Budget. The major portion of the United Society budget is received through Unified Promotion contributions. To assist in making the

budget more "personal," Definite Object Giving and the Missionary Link Relationship was developed. This phase of "project giving" is described in folders "What Your Dollars Can Do" and "The Cost of Link Support." Offerings credited toward link support are: (1) regular church giving to Unified Promotion, (2) three special day offerings; Easter, Children's Day, Thanksgiving, (3) the regular CWF giving. These projects are within the regular budget and receive Unified Promotion credit in the Year Book.

Special Gifts, Annuities, Bequests and Memorial Funds. Through the years the United Society has received additional income from endowment and permanent funds, supplementing regular giving from the churches.

Interpretation and Publicity Section. Weekly 193,300 copies of worship and news bulletins were ordered by 1,146 churches. Printing, shipping and handling of orders for church bulletins are handled by the Christian Board of Publication, while editorial responsibility remains with resources department.

The United Society bulletin, *Leaven*, was mailed to 106,000 persons monthly, September through June. *Leaven* carried reports on the current work and answered questions from the churches concerning policies of the United Society.

News and feature articles interpreting the work of the United Society were released through brotherhood publications.

Field Service. Two thousand eight hundred sixty-three speaking assignments were made from the field desk in response to specific requests from churches for speakers at worship services, CWF, CMF, CYF meetings, link visits, Woman's Day, schools of missions, church night fellowship dinners, district youth meets, district and state conventions and adult and youth summer conferences.

Capital for Kingdom Building. As of June 30, 1958, a total of \$1,811,798.86 has been received for Capital for Kingdom Building, providing needed buildings and equipment.

Personnel. Walter D. Cardwell, former Africa missionary, and L. O. White, former pastor at Lebanon, Oregon, have come to the department staff to serve in the program of annuities and bequests.

Service

The department of service furnishes general services to all departments, such as:

1. There were 127 full- and part-time clerical and secretarial persons secured for all departments.

2. Purchasing of over \$80,000 worth of supplies and equipment for missionaries, home missions institutions, and foreign fields.

3. The library, a special resource on missionary work of approximately 27,000 volumes, is used extensively by the staff and students.

4. Sales literature section serves brotherhood meetings with book displays in cooperation with the Christian Board of Publication. A total of 41 state conventions, as well as many retreats and assemblies, were served. This section also answers requests on the interpretation and use of study materials.

5. Upkeep of Missions Building and grounds, and arranging tours and reception of visitors to Missions Building.

6. The following 10 work sections provide services: (1) Church records section records the giving for all churches and individuals; plate control keeps approximately 125,000 addresses current; (2) Incoming mail—processes over 270,000 pieces of first-class mail annually; (3) Mail forwarding—assembles and prepares material for mailing and gets it into the mails; (4) Mimeographing—2 machines duplicating minutes, forms, agenda, etc., of over 2,500,000 pages; (5) Addressograph—addressing promotional materials, *Leaven*, etc., correcting addresses; (6) Stock room—storage and wrapping of free materials for the Society and Unified Promotion; (7) Print shop—producing over 11 million pieces annually; (8) File room—files of church correspondence; (9) Central transcribing—handling personal dictation and copy work; (10) Remittance posting—machine posting of remittances.

DIVISION OF HOME MISSIONS AND CHRISTIAN EDUCATION

In 1957-58, the division consisted of five departments primarily concerned with serving the American church: *Church Development and Evangelism*, *Institutional Missions*, *Missionary Education*, *Religious Education*, and *Social Welfare*. A sixth department, *Evangelism*, was approved in January, 1958, to be activated when funds are available. (For personnel listing, see directory section.)

Special Program Clearance Channels. Because of their diverse responsibilities, the division and other agencies involved in creating program for the local church clear much of their program through three planning bodies: *Home and State Missions Planning Council*, *Curriculum and Program Council*, and *National Church Program Co-ordinating Council*. These councils are so closely related to the division and so important to its work that they are included in this report.

Home and State Missions Planning Council. The council's standing committees met in St. Louis, December 10-11, 1957, and May 21-22, 1958, with representatives from the division, the state societies, Unified Promotion, Christian Board of Publication, other brotherhood agencies, and churches. Their work can best be described briefly by their names: *Christian Service*, *Effective Ministry*, *Evangelism*, *Local Church Life*, *Missionary Policy and Strategy*, *Stewardship*, *Town and Country Church*, *Urban Work*, and *World Outreach*. The division gave substantial administrative and financial assistance to the council.

Curriculum and Program Council. The council met in Indianapolis, November 8-15, 1957, and in St. Louis, May 23-29, 1958. In addition to regular Christian education curriculum study and clearance, the council initiated important studies in testing, implications of the church school year, family group projects, sex education, audio-visual education, benevolence education, and age-group laboratory training projects. The council is sponsored and financed by the division's Departments of Religious Education, Missionary Education, and Social Welfare, and the Christian Board of Publication's Department of Church School Literature.

National Church Program Co-ordinating Council. The council, consisting of representatives of the two above councils, Unified Promotion, Christian Board of Publication, State Secretaries Association, and other agencies concerned with local church program, met in Indianapolis on September 17-18, 1957, and January 14-15, 1958. Two major publication projects of the

council were produced through the divisional office: the 1957 edition of the *Church Program Planning Manuals* and their annual supplement, the *Church Program Planning Guide*.

Interdenominational Co-operation

The division gave substantial financial and leadership support to the National Council of Churches of Christ, John Milton Society for the Blind, National Religion and Labor Foundation, National Conference of Social Work, National Service Board for Religious Objectors, Interdenominational Committee on Alcohol Problems, World Council of Christian Education, United Student Christian Council, University Christian Mission, and Student Volunteer Movement.

Church Development and Evangelism

The year 1957-58 was one of significant new development in the department. New areas of program responsibility were assumed; important consultations and conferences in evangelism, the ministry, new church development and establishment, spiritual life, and the Spanish-speaking ministry were sponsored or co-sponsored; new staff members were added and portfolios divided to provide better service to the brotherhood; and each national director was assigned the responsibility of developing a projection of long-range plans and procedures for his portfolio as a step in the direction of the formulation of a home missions strategy by the council of the division of home missions and Christian education.

Ministerial Services. During the year, ministerial services, Jay R. Calhoun, national director, assumed large new responsibilities in recruitment. Whereas previously ministerial services was responsible only for the recruitment and guidance of persons for the pastoral ministry and the institutional chaplaincies, it now is responsible for the recruitment and guidance (to the time of commitment) for all of the ministries at home and abroad.

This includes development and operation of the national program of recruitment and guidance, materials, standards, national files, research, etc. For the guidance of policy in this area an inter-departmental committee within the division of home missions and Christian education has been established. To handle the development and national use of materials and publications, Mrs. Betsy Collins was added to the staff of the department and assigned to the ministerial services section. She has assembled and distributed 1,600 "Church Vocations Advisor's Kits"; distributed 6,000 pieces of literature on the specialized ministries; developed two new courses for young people's summer conference entitled "Considering My Life Work" and "Church Vocations and You"; developed a discussion guide for World Fellowship Youth Meets entitled *It's Your Move*; developed eight pieces of material for use in program and files for the national program of recruitment and guidance; serviced 28 church vocations conferences, state planning conferences, high school career days, federation of churches, local churches, and individual young people.

At the close of the year, national recruitment files indicate that the brotherhood is working with 5,200 young people considering or committed to one of the ministries.

1957-58 marked the first full year of operation of the new Disciples' Guidance and Recruitment Program in Northern and Southern California. The year also saw the program launched in Ohio.

In its expanding capacity as a communications center for ministerial placement, ministerial services assisted over 180 ministers to be placed. In addition counsel and help were given to over 400 churches seeking ministers. Placement services have been refined and an expanded and more complete program has been developed.

Church Development. Spiritual Life Conferences, three more of which were held in 1957-58 under the direction of Samuel F. Pugh, national director of church development, are the major new items in this section of the department. These conferences are being well received wherever held and followed by local church institutes on the spiritual life.

A three-day workshop on church music held on Lynchburg campus with 145 registered delegates from the state of Virginia initiated another new area of service that was enthusiastically received.

Mr. Pugh wrote 62 articles for Disciples periodicals. These included his weekly column, "Toward a Better Church," which has appeared in *Front Rank* since September, 1953. His pamphlet, *When You Are a Hospital Patient*, has sold well over 100,000 copies. He produced the Church Loyalty Month materials and was author of the *Membership* manual in the church program planning series.

The director conducted an institute for Negro laymen at Goldsboro, N. C., held workshops on church administration in northern California, Indiana, Virginia, Florida, North Carolina, and participated in a number of state conventions and planning conferences.

Town and Country Church. Dale W. Medearis, national director, actively participated in several interdenominational organizations, the end goals of which are to bring better living conditions to rural people and new strength and vitality to the churches. Through such means an aggressive effort has been made to stimulate the rural churches to do all possible toward a richer program relevant to modern conditions. In-service training for rural ministers has been provided. Attempts have been made to raise the morale and bring favorable notice to the town and country leadership.

Mr. Medearis participated in an experimental project of intensive visitation to unrelated Christian churches seeking to find a way of relating these churches to the brotherhood.

The section co-sponsored a town and country institute with Butler School of Religion.

Mission Churches. Mr. C. E. Weber came to the staff as national director of mission churches succeeding Fred W. Michel. While serving in this capacity, Mr. Weber has continued to serve as director of camp and defense community services of the Committee on Military and Veterans Services. He has provided administrative guidance to 17 foreign language churches, most of which receive financial support from the department. The total includes 8 Puerto Rican churches in the New York area, 6 Spanish-speaking churches in Texas, a French-Acadian church in Louisiana, a Japanese church in California, and work among the Japanese-American people of Colorado. During the year the Sinai Christian Church united with the Puerto Rican Disciples churches. A Spanish-American Disciple Union has been organized to promote program and fellowship among these churches. The department continues its close relationship with La Hermosa church during this crucial period of relocation. Plans were approved to provide a new first building for First Christian Church (Spanish), Brooklyn, N. Y.

The annual retreat for Spanish-American ministers of the southwest was held prior to and during the Texas state convention in Houston, April 8-12. The Texas board and the department sponsored the retreat. Plans have been approved for building a new sanctuary for the Robstown Spanish-American church pending completion of a Capital for Kingdom Building fund.

Editorial. Mrs. Virginia Zumwalt, departmental editorial associate, is responsible for the publication, major distribution, and inventory of literature for the department. During the past year the following items have been printed and released to the brotherhood: 41 general items (i.e., manuals, pamphlets, brochures, etc.), the pre-Easter packet consisting of 17 items, Church Loyalty Month packet consisting of 11 items, nonresident member packet consisting of 8 items, and the Spiritual Life Conference packet consisting of 8 items. Reprints and revisions handled the past year numbered 32.

Church Establishment. Hermon E. Burke, national director of church establishment, administers funds within the framework of church maintenance policies of the United Society; keeps an accurate file on all churches supported by the department and those requesting support; receives and examines the monthly report forms of churches receiving aid; makes periodic field visits to supported churches and to churches requesting assistance in order to make a thorough survey on which to base recommendations to the board of trustees; and writes complete report of surveys.

During the past year 74 churches received assistance in support of the minister's salary; 8 states and areas received aid in support of the executive's salary; 60 visits were made to local churches; 16 visits were made to states in interest of New Church Advance and the establishment of new churches; and the director delivered a number of addresses in state meetings.

Mr. Burke participated in a service of recognition for the first new church in Utah in many years. With the establishment of the new Granger, Utah, Community Christian Church, the number of Christian churches in Utah moved from two to three.

During the past year six of the churches receiving support became self-supporting. Two of these voluntarily took the step two years ahead of schedule. A study reveals that during the past twenty years approximately 250 churches have been assisted toward the goal of self-support. Not one of these churches has ceased to function.

In February, 1958, the department co-sponsored with the Board of Church Extension a conference on "Problems Involved in Planning for, Organizing, and Financing the New Church."

Evangelism. Under the guidance of David S. McNelly, department associate secretary and national director of evangelism, 8,000 pre-Easter packets of evangelism material were developed for distribution to the churches. This material was received with enthusiasm and was the largest number of such packets ever distributed. All evangelism material set new sales records, denoting a rising interest in local church program planning in evangelism.

The national director conducted state-wide simultaneous programs of evangelism in North Carolina, Louisiana, Georgia, Nebraska, and northern California; ministers' institutes on evangelism in Georgia, Oklahoma, Louisiana, and Nebraska; state-wide evangelistic rallies by districts in West Virginia, Illinois, northern California, Louisiana, North Carolina, Georgia, and Nebraska; met with state planning commissions on evangelism in northern

California, Texas, Nebraska, Florida, Louisiana; city planning commissions on evangelism in Richmond, San Francisco, and New Orleans; conducted school of evangelism in Oklahoma City; guest leader in New York City visitation evangelism crusade; conducted city-wide evangelistic crusade in New Orleans and San Francisco; resource person in evangelism for CYF planning commission; preaching mission in Lake Charles, Louisiana; preached in 20 churches; assisted in dedication of a church building; directed the exploratory conference on evangelism held in St. Louis, Missouri, April 22-24, 1958.

The national evangelist, John W. Frye, had an unusually successful and busy year in serving our churches in Arkansas, Texas, Missouri, North Carolina, Washington, Alabama, Michigan, and Georgia. In these states he led small and needy churches in a successful program of evangelism. He was on loan for eight weeks to the world mission division department of Latin America, to serve our Puerto Rican churches. He conducted evangelistic meetings and led our Puerto Rican churches and ministers in visitation evangelism programs in local churches under local leadership.

Urban Work. Arthur J. Stanley joined the staff of the department in April as national director of urban work following many years of service with the Portland and Spokane Councils of Churches where he served, respectively, as executive secretary. During the past year the section on urban work was without a director for several months. The executive secretary of the department, J. Clinton Bradshaw, gave direction to the work. An inter-departmental working relationship was developed between the department of church development and evangelism and the department of social welfare in the field of urban strategy. It was recognized that in many instances both of these departments should be involved, particularly with respect to churches in transitional areas. Together these departments have given material assistance and guidance to an inner city survey in Kansas City.

The director of urban work has worked closely with the Jackson Boulevard church in Chicago to maintain this strategic church in a changing neighborhood. In addition surveys as to location and program have been made in Syracuse, New York, and Salem, Oregon.

The section has co-sponsored an urban institute with Butler School of Religion.

Institutional Missions

All Peoples Christian Church and Community Center, Los Angeles, California. New activities of the year include a youth center, cooking classes for boys, and week-end winter camping. About 100 young persons have taken part in the camping program during the year. Approximately 90 persons have been served by the clubs and an additional 25 are in the craft program. The church shows growth, being functionally organized and having a church planning retreat. The members have shown an increased interest in the week-day activities of the community center.

Hazel Green Academy, Hazel Green, Kentucky. Evening classes for adults were provided this year and 44 persons enrolled. The bookmobile served 32 schools and circulated 21,150 books. The staff assisted in five Sunday schools and churches of the area where much interest was shown. The Jot-'Em-Down Store continued to serve the community by selling clothing to about 3,200 persons. Another service to the community was the nurse serving about 1,000 persons. One hundred twelve students were enrolled in the Academy. New courses were offered in art, remedial reading, and a band was organized.

Jarvis Christian College, Hawkins, Texas. Service to the community was given emphasis by inaugurating a Natural Science Clinic, a Social Science Forum, and changing "Citizenship Day" from March to January. A "Vocational Direction Day" was held for the students. Conditions for work aid for students were based on citizenship, scholarship, and need. A recruiting team visited approximately 100 high schools in the interest of new students. Interest increased in the church program with 39 additions. Two hundred sixteen students were enrolled in the school.

Mexican Christian Institute (M.C.I.) San Antonio, Texas. 2,976 persons were served in the clinic. 1,790 participated in clubs and classes. Thirty-eight clubs, classes, and interest groups were conducted. Ten clinics were held. Play school was a new feature of the summer program. Emphasis in boys' work was on the organized small group. Protestant point of view was emphasized by use of the Bible verses and religious movies. Plans for the new clinic building were approved and work started in May.

Mount Beulah Christian Center and Farm, Edwards, Mississippi. Mr. Aaron Barker became the full-time director on May 1. During the year, Mr. B. L. Jacobs became the church worker for the state and will help to strengthen the training of the pastors and church workers in about 25 churches. Camp and conferences were held on the grounds serving over 300 persons. The bookmobile served 18 schools. About 1,000 persons were served by the Nex-T-New Store.

Tougaloo Southern Christian College (T.S.C.C.), Tougaloo, Mississippi. Six hundred fifty-one students were enrolled, including the regular year, Saturday classes, and summer school. This was a 13% gain over last year. Over 90% come from the state of Mississippi. Sixty-seven were seniors. One senior (a Disciples student) was granted the Ford (Woodrow Wilson) Scholarship. During the year a specialist in the teaching of reading and the interpretation of the printed page was employed. A new honor society (Beta Kappa Chi) was granted by the national society.

Yakima Indian Christian Mission, White Swan, Washington. The Indian membership of the church has helped to formulate policies and make decisions by forming a pastor's advisory cabinet. None of the officers of the Christian Women's Fellowship were members of the staff. The church membership is now 83. The farm program has made progress: buildings renovated, poultry project begun, and an Indian boy won blue ribbons with his hogs at state fair. Twenty-six children lived in the dormitory.

Missionary Education

Program. The Missionary Education Emphasis Year in the Long Range Program brought increased demands for service to the department, with opportunities for participation in many state, district, and local projects for leadership education and program planning. There has been a deepening of concern for missionary education throughout the brotherhood. In local churches, church-wide missionary education projects, particularly schools of missions, have multiplied, and the quality and extent of missionary education have been lifted in many departmental and organizational programs. There has been special emphasis on informal education through reading, the distribution of missionary literature, and other means.

Nearly 1,800 local church world outreach departments or committees were served by the department in various ways during the year. A two-

year program was set up to develop adequate program guidance for state world outreach committees.

A three-day consultation with seminary professors of missions was held in which plans were developed looking toward closer cooperation in the missionary education of those preparing for the ministry and other church vocations.

The study themes of the year, "Christ, the Church, and Race" and "Japan," provided timely and profitable studies. Particularly gratifying have been reports on the study of race which reflected strategic benefits in helping to clarify issues and attain Christian insights relating to this difficult problem.

The staff members have participated as usual in the work of the Commission on Missionary Education of the National Council of Churches, helping to plan and develop the study materials on chosen themes for the years ahead, and in various phases of the work of the Commission on General Christian Education of the Council. They have participated in the work of the Home and State Missions Planning Council through its committee on world outreach, and in the work of the Curriculum and Program Council.

Materials. A major task of the years was the preparation of a complete set of graded courses for church schools of missions, on the Disciples' home and world missions program for initial use in 1958-59.

In addition to the wide range of interdenominational materials on the study themes for 1958-59, the department issued a booklet for church-wide use related to the theme "Christian Concerns of North American Neighbors": *Common Concerns—A Common Hope*, by Marilynne Hill.

A semi-annual guidance bulletin for world outreach chairmen was initiated during the year.

Materials for age groups included: **Children:** Units on the study themes in *Junior Programs*; the weekly two-page section "Friends Around the World," in *Junior World*; missionary informational articles in the Uniform Lesson quarterlies. **Youth:** Missionary units in Fellowship (for seniors) and *PM Pack* (for junior highs); World Fellowship Youth Meet and Youth Conference materials; annual resource booklets for Christian Youth Fellowship and Chi Rho Fellowship on the year's studies; and monthly program guidance in *World Call*. **Adults:** Program packets on the two study themes for Christian Women's Fellowship; discussion packets for general adult use; materials for Woman's Day on the theme, "So send I you"; Easter Week of Prayer services on the theme, "The Road to Calvary," prepared by Leta Bradney, and a booklet of intercessory prayer guidance, *Praying Always*, prepared by Edith Eberle Yocum; monthly program guidance and missionary worship services for Christian Women's Fellowship in *World Call*.

Personnel. Carl H. Belcher as director of general church program and Miss Christine Siefke as research associate joined the department staff July 1, 1957.

Religious Education

Christian Education World-Wide—the Council and the Convention. A. Dale Fiers was elected chairman of the Committee of the World Council of Christian Education and the Sunday School Association during the past year. This is the first time that the position has been filled by a church executive. Again, Mr. Fiers is the one official in any major Protestant de-

nomination who is the executive of a board that administers both foreign missions and Christian education. The World Council of Christian Education and the Sunday School Association is an association of national councils of Christian education or Christian education sections of the National Council of Churches of Christ, U. S. A., and is a channel for exchange of ideas and methods and a means of fellowship and mutual encouragement in the area of Christian education.

Charles C. Mills Returns. Charles C. Mills, national director of youth missionary activities, and Mrs. Mills returned to Indianapolis on October 11, 1958, after having given 18 months' service in the Disciples of Christ Congo Christian Mission. While in the Belgian Congo, Mr. Mills served in the educational work in Coquilhatville. Mrs. Mills assisted in the office of the legal representative.

Vocational Guidance. Guidance through correspondence was carried on with 143 young people in the United States and Canada who indicated interest in Christian education as a vocation. There were 128 *Statement of Purpose* and 15 *Life Commitment Cards*.

Student Work. The Fellowship of Campus Ministry of Disciples of Christ met at Indiana Central College, Indianapolis, Indiana, June 24-26, 1957, in preparation for the National Consultation on Student Work Program which called 87 consultants to the same campus, June 26-28.

The National Conference of the Disciples of Christ Student Fellowship met August 25-31, 1957, at Lake Geneva, Wisconsin, with a total of 380 persons in attendance. The theme was "For What Are You Willing to Die?" The DSF Ecclesia voted approval of the proposed merger in 1960 whereby the national DSF would "die" into a national United Campus Christian Fellowship with three communions: Evangelical United Brethren, Presbyterian, U. S. A., and United Church of Christ.

The Joint Commission on Campus Christian Life became permanent as of July 1, 1957, uniting the student work interests of the Board of Higher Education and The United Christian Missionary Society. Its administrative board consists of three persons from each agency. A new program committee met January 5-6, 1958, to develop program ideas for the next decade. The national administration of Bible Chairs is also under the purview of the Joint Commission.

Children's Work. There are 214 volunteer leaders including state and district chairmen. Children's missionary giving through the Children's Giving was \$11,726.18 a decrease of \$782.15 over the previous year. Children's groups participating numbered 443 a decrease of 29 over the previous year.

Youth Work. The attendance at Chi Rho Camps and CYF Conferences and at the World Fellowship Youth Meets continues to increase.

The International Christian Youth Fellowship Commission met August 14-19, 1957, at Culver-Stockton College, Canton, Missouri. The 268 youth and adults representing 34 convention areas and Canada planned the 1958-59 program. The youth theme chosen is "Seek Ye The Living Christ." Miss Betsy Barnes of Nashville, Tennessee, president of the International CYF Commission, gave a year of subsistence service as special CYF worker.

The fifth annual National Training School for Adult Workers with Youth was held January 14-23, 1957, at the Country Club Christian Church, Kansas City, Missouri. Adult workers totaling 134, from 26 states and areas, were enrolled.

A two-year series of Youth Work Institutes for training local church adult workers with youth was begun in the fall of 1957. Institutes and coaching of leaders for them were held in 18 states.

The Caribbean Youth Tour (Jamaica, Haiti, and Puerto Rico) included 26 youth from 13 states. Mrs. H. Gray Russell was tour mother. Charles C. Mills conducted the tour. Encounter with Caribbean youth was intensified in work projects.

Youth giving for regular work of all agencies in Unified Promotion totaled \$152,027.69, an increase over the past year. The goal was \$180,000.00. During 1957-58, 2,754 groups gave to CWWF.

Adult Work. Thirty-one Disciple delegates and three professors of the University of Michigan participated in a national consultation at the University of Michigan, April 15-17, 1958. The consultation studied the implications of recognized or accepted principles of adult education for the Christian education of adults and their implications to program and curriculum. In June of 1958 Disciple representatives participated in a workshop at the University of Pittsburgh which considered basic principles of adult education and tentatively formulated objectives for the Christian education of adults.

Family Life. Family Life Clinics were held in Memphis, Indianapolis, and Omaha, enrolling 129 churches and 1,295 selected delegates. A 100-page analysis of community and church services to families was made in each city. A consultation of writers, editors, pastors, and directors of Christian education was held in January, 1958, in Indianapolis, to evaluate present literature for church homes and seek ways of helping families with their use of church literature. A handbook, *Family Life Program for Christian Churches*, made up of six basic articles from the *Bethany Guide* was published. An experimental edition of a *Family Camp Planners Guide* was issued. Special family life series were conducted for pastors in Iowa, Nebraska, and Texas.

Educational Administration. The twelfth annual three-day meeting of the National Fellowship of Disciples Directors, the national association of local church directors of Christian education, was held at Omaha, Nebraska, in February, 1958, with 104 in attendance. A Disciple directors' institute was held at the School of Religion, Butler University, July 2-19, 1957, with 17 directors attending.

Information service, putting churches seeking directors or ministers of Christian education in touch with persons seeking places of service, has given assistance to 78 churches. The Workers' Conference Packet for 1957-58 was issued on the theme, "Our Church School Reaches Out."

Social Welfare

Conversations on Theology and Social Ethics. August 26-29, 1957, 42 persons were present for the second annual consultation on the relationship of theology to social ethics.

Consultation on Social Welfare. April 7-9, 1958, the department and the National Benevolent Association brought together a group of persons interested in and trained in social work to plan ways to implement the findings of the conferences held by the National Council of Churches.

Committees and Departments of Christian Action and Community Service. The department maintains correspondence with 612 congregations.

State and Areas. The department provided personnel, guidance, material and encouragement for 26 institutes, workshops, and conferences on social action at the state or area level in 1957-58.

Social Action News-Letter. Published monthly to keep the brotherhood informed and alerted to social problems and programs.

Study Document—Statement on Social Issues. A preliminary study document on world order and peace was distributed to the churches in February, 1957. With the response from the churches given serious consideration, the department prepared the Resolution on Peace and World Order to be submitted for consideration by the 1958 Convention Assembly.

Refugee Resettlement. Since July 1, 1957, 31 additional persons have been resettled by brotherhood churches. Sponsors have completed assurances for 93 other persons.

Material Aid. From July 1, 1957, to June 25, 1958, approximately 35,137 pounds of clothing and medical supplies were received, sorted, packed and re-shipped to needy persons at home and abroad.

Work Camps, Migrant Ministry, Ecumenical Team Workers, Fraternal Work Campers and Exchange Students. The department held 2 work camps and cooperated in setting up 2, involving 54 young people and adults; 4 Disciples youth attended Ecumenical Work Camps; 8 young people served on the ministry to agricultural migrants summer staff; William Maxon and Ernest O'Donnell continued on The Greek Team; 2 Fraternal Work Campers from France—Jacques and Michelle Lochard—visited U. S. Work Camps; 2 interneers, one at Flanner House, Indianapolis, one at Fellowship Center, St. Louis; 8 High School Age Exchange Students; total number involved in these projects 80.

Seminars on World Order. 96 Disciples participated in two U. N.-Washington Seminars and the interdenominational Churchmen's Washington Seminar.

Legislative Testimony. J. Warren Hastings testified before the Senate hearings on the Langer Bill (S.582) which would prohibit interstate transportation of alcoholic beverage advertising materials.

Social Education Sundays. Materials for the observance of four special days—Labor Sunday, Race Relations Sunday, World Order Sunday and Freedom and Democracy Sunday—were prepared and distributed to the churches of the brotherhood.

Institutes on Church in Multiracial Society. The department has planned two 3-week institutes for the second year at Brite College of the Bible and Butler School of Religion.

Reconciliation-Counseling Project. The department has received a \$12,000 grant from The Field Foundation to extend the work of Mrs. James D. Wyker, minister-at-large of the department in the field of racial understanding.

DIVISION OF WORLD MISSION

The year in World Missions has been marked by increased awareness of the oneness of the church across the world. The most significant meeting of the year was a meeting of the International Missionary Council at Ghana, West Africa, where the younger churches of mission lands took their full

part in the emerging partnership of the stewardship of the witness of the gospel of Christ.

Several visits were made to the field. Mrs. Mae Yoho Ward made an administrative trip to Mexico, and acted as director of a Missions Tour, under the auspices of the United Council of Church Women of the National Council. In this tour, she visited her fields of Jamaica and Puerto Rico, as well as other mission areas in the Caribbean. Mr. Robert G. Nelson visited the Belgian Congo during the summer of 1957. He went to Jamaica as a division of world mission representative for the one hundredth anniversary celebration of that mission. Mr. Donald F. West visited his fields in East Asia: Japan, Okinawa, Philippines and Thailand. Mr. Virgil A. Sly visited India in November, 1957, to participate in the seventy-fifth year of the Society's work in that country. He also made two trips to Europe on behalf of responsibilities in the Division of Inter-Church Aid and Service to Refugees of the World Council of Churches, and was a representative of the Division of Foreign Missions to the National Council of Churches in a meeting in Ghana, referred to above.

The division of world mission regretted the loss of Mr. George Earle Owen, secretary of the department of missionary selection and training, who resigned to assume responsibilities as chairman of the division of general departments of the Society. He was succeeded by Mr. Ralph T. Palmer, who has served the Society as a missionary to Japan. Miss Jane Heaton became the departmental associate of the department of missionary selection and training, where she had been serving as secretarial assistant. Miss Mary Arnold was called to the division of world mission treasury office as a divisional associate.

Africa Missions

Belgian Congo. With all of Africa changing and moving toward independence, and Congo struggling to its feet to take its place in the world, the position of the Congo Mission becomes more significant and vital to the cause of Christianity. Training of leaders who will have influence in Congo in the years ahead is a sacred challenge, and a feeling of urgency permeates the work.

Two trends are significant in the Congo Mission this year: moving toward complete cooperation of Congolese and missionaries in administration, and choosing to emphasize work where it will be the most effective.

In the summer of 1958 the first interfellowship Congress, where all business including personnel assignments and financial matters will be handled together, will be held.

With the field so vast and the opportunities legion, leadership training was selected as most vital for emphasis in long-range planning. As a result, more staff was assigned for ministerial training (with beginning class in the Pastor's School this year) for the new advanced normal school in the Congo Christian Institute, and to the Union Medical School at Kimpese. Training of girls and women is recognized as essential in leadership training, also.

Some changes in geographical areas to be served by the various stations were made. Because of strategic location and possibilities for growth and leadership, Boende was opened as a station and Bosobele was reopened; to make this possible the missionary families assigned to these stations lived in mud huts temporarily, and three stations were left without evangelists. The *station* work of Bolenge is to move to Bokatola, in the

center of the most population of the field; the original location was left on the edge of the area as the work has expanded through the years. Urban work is also to receive emphasis.

Significant also are the number of girls in school, an unprecedented 500; the Women's School at Congo Christian Institute, where 75 wives of students, future ministers and teachers, gain some education and Christian insights: the tremendous increase in number of treatments in our hospitals, along with many operations, day-and-night care of the suffering; the handsome new buildings provided through Capital for Kingdom Building and government subsidies, and increased good care of physical equipment with several builders on the field.

The Disciples of Christ Congo Mission is serving a population of about 520,000; this year there were over 7,000 baptisms, almost twice last year's figure.

Union of South Africa. During the year two students from our area left to train in America: Miss Shirley Webster of our Bulawayo Church, who is now at Culver-Stockton College training for the mission field, and Mr. Jan van der Poll of our Linden, Johannesburg Church, who went to Phillips University to prepare for the ministry.

In August, 1957, a large and beautiful hall was added to the Linden Christian Church as part of its educational plant, and was opened by Mr. Garfield Todd, Prime Minister of Southern Rhodesia. On the suggestion of Basil Holt, minister of the church, it was named Campbell Hall in honor of Thomas and Alexander Campbell.

Our church in Brakpan entertained a number of African children and their teachers from a Bantu Crèche in the local African township.

Our church at Linden twice invited African preachers to occupy its pulpit—our own African minister from Orlando, Rev. T. Luxomo, and a well-known African medical doctor, who is a lay preacher of the Methodist Church, Dr. W. F. Nkomo.

In 1956, the Society began a relationship with the churches of Bulawayo, Southern Rhodesia, and continues to give assistance as a part of the South African budget.

East Asia Missions

Japan. Of the total number of churches in the United Church of Christ in Japan, 44% were established after the war, meaning 4 in every 10 churches are less than 12 years old. Nevertheless, the United Church of Christ is making progress in membership, program and stewardship. In 1957 there was a total increase in membership of 2,989. During the past 5 years 120 new churches have been established or revised and there has been a net gain of 31,519 members.

There has also been an increase in the number of ministers during the last 5 years so that there is now 1 minister to 70 members. But realizing that there are only 61 Christians among every 10,000 Japanese the great shortage of ministers to meet the challenge of evangelism is quite apparent. For this reason the 402 missionaries of the Interboard Committee for Christian Work in Japan who are serving in direct evangelism, Christian social work and Christian schools have been a much needed supplement to the Japanese leaders. The Lacour evangelism program in which Disciple ministers served in Japan during the summer of 1957 is also an important part of the United Church plan of evangelism.

In special offerings the churches contributed almost \$28,000 for "home missions" and "foreign missions." The percentage of foreign help for headquarters operation also decreased.

The United Society through the Interboard Committee for Christian Work in Japan, has contributed to the support of the work of the United Church. It has also assisted its historically related institutions, Sei Gakuin, Joshi Sei Gakuin and the East Tokyo Institute both with personnel and funds for current expenses and capital funds. The Capital for Kingdom Building funds are an important part of the plans for expanding evangelistic work, improving schools and the hospital. Our missionaries have also served in responsible positions in the National Christian Council of Japan.

Philippines. During January, February, and March the United Church of Christ (with which four denominations, United Church of Christ in the U.S.A., Evangelical United Brethren, Presbyterian U.S.A., and Disciples of Christ, cooperate through their mission boards) conducted a nationwide survey "to discover where opportunity for church growth lies and how it manifests itself, how for existing opportunities are being used and how greater church growth can be obtained." Dr. Donald A. McGavran and Dr. Earl H. Cressy were the leaders of this survey, which calls for immediately multiplied evangelistic efforts through the assignment of a missionary couple from overseas to full-time evangelism work in each of the 22 conferences of the United Church, and an adequate program to evangelize the Kalasans, an unreached mountain tribal people of Luzon.

The Union Theological Seminary celebrated this year the golden anniversary of its 1907 founding, when the Presbyterian and Methodist mission boards of America cooperated to open it. Later the United Brethren, Disciples of Christ and Congregational Churches joined in its support. A larger site, 97 hectares, has been purchased in a Manila suburban area where there will be room for new buildings adequate for the development of training in rural reconstruction.

Thirteen Filipino missionaries serve the United Church as missionaries abroad or in tribal work in Mindanao. Of these thirteen, six are evangelists, five are teachers, two are nurses. Four of the overseas missionaries and the three "home" missionaries are supported by contributions of the churches here in the Philippines. The other six are supported from church funds outside the Philippines.

The four American mission boards cooperating with the United Church of Christ and Silliman University have maintained a total of 110 missionaries and fraternal workers assigned to Philippines service. Forty-two of these had evangelistic work as their major assignment, thirty-three have served as teachers, six as doctors or nurses, sixteen in administrative service. All but three of the American Disciple missionaries in the Philippines are appointed to work with the United Church.

These three missionaries continue to work with the 40 churches in the Tagalog area who have remained outside the United Church. A major project in this area for the year was the construction of the \$40,000 dormitory and student center plant at Gastambide. This two-story, reinforced concrete building will house 31 men students. A modern kitchen and dining room is equipped to serve meals to twice that many. The Tagalog Convention was attended by over 500 delegates, who were housed and fed by the Gastambide congregation.

Thailand. New facilities for promoting evangelism and religious education have been provided at Banpong through the opening of a social and reading room featuring Christian literature. Special Bible training classes in Thai and Chinese are offered in the evenings. A literacy class and a youth training program are also part of the religious training program. These training classes as well as social activities have been made possible by the purchase of a large room adjoining the Street Chapel, and by the employment of a full-time Christian worker for Banpong.

The first students to be graduated from the 10th grade (highest grade in the regular public school system) in the district of Sam Yek received their certificates from the Bamrung Christian School. Certificates for five students were presented by the Nai Ampeur, highest government official in the district. In his words of congratulation to the graduating class, the Nai Ampeur stressed the close cooperation between the government and the Christian Mission in providing the higher level of education to youth in the rural areas. More than 2,000 villagers attended the graduation ceremony.

Results of the government-administered examinations for the two Christian schools of Nakon Pathom and the Sam Yek school indicated a high level of scholarship. The Christian Boys' School is the only accredited school in Nakon Pathom. This status permits the school to operate without direct government supervision of instruction and examinations.

An increased effort has been made to develop an effective scholarship training program to provide new Christian leadership for the church. This year 2 students are receiving Seminary training. One of these students received the top scholastic honors from McGilvary Theological Seminary in Chiangmai. Four other students are receiving training through our scholarship program. Each of these students has volunteered for full-time Christian service and is being trained to serve the Church through the work of the schools, the hospital, or evangelism.

Through close cooperation with the audio-visual program of the Church of Christ in Thailand an extensive religious film program was conducted in our mission area. This program brought the Christian Gospel to some 3,000 people weekly. Through it the mission has been able to locate new evangelistic opportunities. Follow-up preaching and Christian instruction classes have been held in several villages.

India Mission

This year has seen a lessening of the tension which has surrounded the India Mission for the last few years in Madhya Pradesh. The church is regaining its confidence and is moving forward again. The numbers are increasing, new churches are being built, and gradually the organizational difficulties are being ironed out so that the urgent church problems can be solved in a brotherhood promotional program, which it is hoped will protect the church even in the tensions created by differences of opinion in the congregations.

With the creation of the Educational and Medical Boards, it is hoped that the church can be freed from the extra duties of administration, and its Executive Committee can make its first concern the spiritual life and growth of the church.

Even though there has been much criticism in the past few years of Mission work, the schools are overcrowded with students from the best families of the area, and the hospitals are always full. This show of confidence, in spite of agitations, gives great courage to work and labor for people of India in the name of Christ. Behind this loyalty, which the parents are showing to the schools and hospitals, lies the story of dedicated life and heroic consecrated service.

The Mission Boys' High School and the Burgess Memorial Girls' School will graduate the largest classes in the coming year in their history. This is due to the Government making the 11th Class a college preparatory class after this year and the 20th class the final year of High School.

Of all the work which the Mungeli Hospital does, the eye camps in the villages continue to be the most spectacular.

The Jackman Memorial Hospital has done an excellent work in the two Red Cross centers in Bilaspur.

The Star of Life and the Abundant Life programs and the Extension Center, at Takhatpur, of the Agricultural Institute of Allahabad have joined in helping our Christian village people to a more abundant life.

The Church in Orissa continues to grow. The hospital has been completed at Diptipur and the doctor has arrived on the field. This will strengthen the church in this area and will meet a long-standing need.

The United Mission to Nepal reports continued development, the hospital has made gratifying growth, a new girls' school has been opened as well as a school for nurses. Three Indian Disciple nurses are now on the staff in addition to the missionary.

Latin America Missions

Argentina. The preaching point in Villa, Florida, became an organized congregation and was accepted into the Convention. The preaching point at Tablada, helped with money from Capital for Kingdom Building, built the first unit of a church building. An excellent Vacation Bible School was conducted in this industrial area.

Under the sponsorship of the Confederation of Churches a united evangelistic campaign was held in the largest indoor area in the city. Thousands attended, hundreds made decisions for Christ and the churches had an effective experience in working together.

The Convention appointed representatives to a Christian Education Commission composed of representatives of Methodists, Waldensians and Disciples. It initiated a plan for recruitment and use of lay pastors, assigning Julio Amaral to Florida and Roberto Pereiro to Tablada.

Jamaica. More than three thousand children were enrolled in Daily Vacation Bible Schools conducted by a seminary group from Phillips University and the Jamaica staff. Simultaneously with the day sessions, night classes were held in stewardship, evangelism and churchmanship.

A work camp composed of Jamaicans and American youth assisted in the building of a boys' dormitory at Oberlin High School. A new parsonage was built at Providence. All of the churches launched campaigns to repair and redecorate their buildings as a part of the Centennial Celebration.

Herbert Shirley was named field secretary, giving full time to administration and the oversight of the churches. This is a newly created position in line with the growth of the church and the transfer of responsibility. The Disciple Book Store was reorganized and Mr. Horace McKay was appointed manager. Miss Gladys Harrison became vice-president of Oberlin High School which had tremendous growth, reaching an enrollment of 100 and gaining government recognition.

Seven Disciples were in attendance at the Union Theological Seminary. Richard Nelson graduated and was ordained.

Mexico. The Pastors' Retreat was followed by a visitation evangelism campaign led by Pablo Cotto of Brownsville, Texas. A committee on education was formed to give counsel to 23 young people preparing for Christian service. Disciple churches joined all protestant churches in an intensive literacy program, publishing materials and bringing illiterates into the church for instruction.

Under the direction of E. G. Luna a study was made of Centro Social Morelos which resulted in plans for the enlargement and betterment of the program.

Paraguay. Work at the new Church Villa Aurelia showed steady increase in membership and attendance. The cornerstone was laid for the new sanctuary at Coronel Oviedo. A new Sunday school was opened in Tuju Pucu. Peru Street Church initiated an English service every Sunday following the Spanish service to minister to a growing English speaking community. Seven Vacation Bible Schools were held and two Youth Conferences.

Colegio Internacional had a record enrollment of 890 representing 27 nationalities. The school was given special recognition by the ministry of education.

The two social centers, Friendship Mission and Friendship House, continued their active programs of library service, Kindergartens, film showings, clinics and craft classes. A new wing for additional classes was added to Friendship Mission.

Puerto Rico. A conference on strategy for the work in Puerto Rico was attended by Puerto Rican pastors and a commission of five from the United Society, planning better ways for the older and younger churches

to work together. The position of field secretary was created, and Carmelo Alvarez was named for this important post. New congregations were organized at Candelaria Abajo and Villa Nevarez. An educational plant at Hato Tejas was dedicated and a church building at Hato Nuevo. Three new parsonages were built. Plans were under way for the opening of new work in six new localities and opportunities for as many more existed.

Five Disciples were in the Union Seminary and ten pretheological students in the university. Three graduates were ordained: Juan Figueroa, Carlos Maestre and Fernando Luis Rivera. T. J. Liggett, formerly the Disciple representative in the Union Seminary in Buenos Aires, became the president of the Evangelical Seminary in Puerto Rico.

The Disciples continue to take an active part in interdenominational work and Florentino Santana, pastor of the Comercio Church, was the president of the Council of Churches.

Missionary Selection and Training

As indicated by its name, two phases of work characterize the department of missionary selection and training: selection and education. Some recruitment is done by members of the staff, but most of the responsibility for recruitment has been shifted to the department of ministerial services. There are now 250 volunteers and 58 candidates in the active files of the department.

Selection. Selection is the process by which applicants become volunteers and volunteers become candidates. An applicant is any person who corresponds with the department indicating an interest in pursuing Christian service abroad as an occupation. After the initial application forms and personal information blanks are completed and submitted to the department, the applicant is considered a volunteer. Any time during or after the second year in college, a volunteer may apply for missionary candidacy.

Education and Training. The minimum preparation for service overseas includes: a college background with the B.A. degree or its equivalent; one year of seminary; vocational training; church-related experiences and in-service work; one Summer Session of the College of Missions; one year of orientation; language study.

College of Missions. The College of Missions Summer Session provides the missionary candidate with graduate level studies in mission administration.

World Call

George Walker Buckner, Editor
222 South Downey Avenue, Indianapolis, Indiana

HISTORY AND PURPOSE

World Call was established in 1919 as an "International Magazine of Disciples of Christ." It was formed by the merging of five magazines directly related to various national boards and subsidized by them.

Seven years of preparation made possible the uniting of these five magazines and also gave a voice to four other national organizations without a regular publication. This venture in cooperation occurred a year before the forming of The United Christian Missionary Society. The organizing agency was the Men and Millions Movement.

The first editorial sentence in the first number of *World Call*, January, 1919, was:

"This magazine is meant to be a channel through which the call of the world's supreme needs and the challenge of Christ's supreme leadership may reach the people of God." In further defining its purpose it went on to say: "The world that is the church's field is not merely the geographical world. We must Christianize the whole range and content of every nation's life, especially our own. . . . *This magazine we believe to be here by God's appointment with the simple duty of making known in word and photograph the reality, scope and urgency of the world call and the progress of Christian forces in answering the call.*"

World Call is managed by the World Call Publication Committee on which there are six representatives from the various phases of work of The United Christian Missionary Society, and one each from the Council on Christian Unity, the Board of Church Extension, the Board of Higher Education, the National Benevolent Association and the Disciples of Christ Historical Society. The Pension Fund cooperates but has not taken membership on the Publication Committee.

Other national agencies may be admitted to membership by vote of the Publication Committee. The agencies agree to share in any deficit on a basis to be determined mutually. It has never been necessary to apply this provision.

The Editor and Chief of Staff is elected by the Publication Committee. He is in charge of editorial and circulation policies and reports to the Committee.

World Call carries no local church news. Its concern is with the total world outreach of the church in the broad sense of the term. While it deals chiefly with the work of Disciples, much space is given to the larger aspects of the Christian world. While practically all Disciple ministers subscribe to *World Call*, its typical reader is the interested and active member and lay leader of the local church.

ANNUAL REPORT

Representation: The following boards operate WORLD CALL through the World Call Publication Committee—The United Christian Missionary Society, the Board of Church Extension, the National Benevolent Association, the Board of Higher Education, and the Council on Christian Unity. The Disciples of Christ Historical Society has been approved for membership on the Publication Committee in the coming fiscal year. The Pension Fund, while not a member of the Publication Committee, also co-operates in the publication of the magazine.

Circulation: Average monthly circulation was 72,890, an increase of 2,572 over the year before. Circulation in June reached 74,412.

Finances: Receipts from subscriptions and advertising for the year ending June 30, 1958, amounted to \$134,161.45, a gain of \$3,960.05 over the year before. WORLD CALL continues to operate without subsidy from its sponsoring boards. The cash balance on June 30 was \$7,066.11.

Every Home Plan: C. O. Hawley has served during the past year as Director of the World Call Every Home Plan through which churches send WORLD CALL into the homes of all contributing members. Working on a part-time basis, Dr. Hawley has presented the plan to ministers and others

in 517 churches. At the end of June, twenty churches had put the plan in operation and others had set definite dates for inaugurating it. In more than 90 per cent of the churches visited, consideration of the Every Home Plan through functional committees and church boards is under way. The program, which is proceeding deliberately, emphasizes an ongoing plan for developing churchmanship through a better understanding of the total church program. Churches adopting the Every Home Plan in 1957-58 had 2,349 more subscriptions than in the year before.

Fortieth Anniversary: The first issue of WORLD CALL was dated January, 1919. The 12-month period beginning July 1, 1958, coinciding with the Year of Emphasis on Christian Literature, will be observed as World Call's Fortieth Anniversary Year. The January, 1959, issue will be an anniversary number. For the Fortieth Anniversary Year the World Call Publication Committee has set a subscription goal of 100,000. It hopes that before the year is over, WORLD CALL will be going to that number of homes.

Ten Per Cent Legion: World Call's Ten Per Cent Legion gives annual recognition to all churches which send in subscriptions (with a minimum of ten) equal to at least 10 per cent of their resident membership as reported in the Year Book. In 1957-58 there were 823 churches which qualified for the Ten Per Cent Legion. (See September WORLD CALL.) This was 62 more than the number qualifying in 1956-57. In 154 of these churches, subscriptions totaled 20 per cent or more.

Commission on the Promotion of Christian Literature

Box 179, St. Louis 66, Mo.

“You Are What You Read”

HISTORY

The Commission on the Promotion of Christian Literature was officially established through action of the International Convention of the Disciples of Christ in 1944 when this body unanimously adopted resolution setting aside the last week in October or the first week in November to be known and observed as Christian Literature Week.

Resolution in 1950 reaffirmed its endorsement and urged that all churches of the Disciples of Christ set aside this week in the calendar of the churches for the all-important task of encouraging the reading of Christian literature in order to cultivate a more intelligent Discipleship.

The first complete report of the Commission on the Promotion of Christian Literature was made to the International Convention meeting in Miami, Florida, in 1954. This report was carried in the 1954 Year Book of the Disciples of Christ.

Purpose and Function

It is the purpose and function of the Commission on the Promotion of Christian Literature, not only to promote the observance of Christian Literature Week, but to urge churches of Disciples of Christ and their membership throughout the year to follow a plan of daily Bible reading; to read more and better books and magazines, especially in the field of religion; to encourage the launching of new church libraries; to encourage subscription to religious journals, and to urge the exhibition and use of church school literature of the highest quality and Christian educational value. By such promotion it is hoped to exalt the place of Christian literature in the life of the church until it shall be considered one of the prime requisites of the church and church school.

The main phases of work fall into six categories:

1. *The 1957 Christian Literature Week Observance*, October 27 to November 3

A packet of plans and materials noted the usual methods of observance. It contained a general manual, poster, reading plan for Christian men and women, three 3-minute talks, résumé of churches observing this special week in 1956, and a "count on us" card.

Thirteen hundred churches reported observance. Approximately 800 churches ordered \$75,000 worth of books for display and purchase.

2. *Church Libraries*

This year has seen a fine increase in the number of registered church libraries. New ones have been established and many old ones renewed and made more effective.

3. *Long Range Program Emphasis on Christian Literature*

Plans and materials were completed and mailed to churches and organizations. The emphasis was sponsored by the Christian Literature Commission, Disciples of Christ Historical Society and the Council on Christian Unity. The theme is "Responsible Disciples, Mission Begun—Read, Remember, Unite."

4. "*Book of the Month*" Reviews by leaders from the entire brotherhood were sent to state and national papers and extensively used by them.

5. "*The Book Nook*," in its second year of publication, was edited and issued every three months. The popularity of this 8-page church library magazine and its effective use by church libraries have consistently grown.

6. *Commission Members* aided in state planning sessions and state conventions in behalf of the Long Range Program and sponsored an exhibit booth at the Cleveland Convention.

**DISCIPLES OF CHRIST REPRESENTATIVES SERVING
THE NATIONAL COUNCIL OF THE CHURCHES OF CHRIST
IN THE U. S. A.**

297 Fourth Avenue, New York, New York

HISTORY AND PURPOSE

**WHAT IS THE NATIONAL COUNCIL OF THE CHURCHES OF CHRIST
IN THE U. S. A.?**

The National Council of the Churches of Christ in the U.S.A. is an interdenominational body created by 30 Protestant, Orthodox and Anglican bodies in the U.S.A., organized at Cleveland, Ohio, in December, 1950. This is the merger of 13 interdenominational organizations whose scope of work includes the total historical expression of interdenominational work in the United States.

Through staff and officers it serves its constituent bodies through missions, Christian education, social welfare, Christian society, Christian youth, men and women's work. Its headquarters are in New York City and its governing body is composed of elected representatives from the constituent denominations or brotherhoods.

It does not presume to speak for the churches, nor to be a "superchurch" to regulate any of their programs. It does, however, make pronouncements and suggests programs which may be submitted to the constituent bodies for any action or cooperation which they desire in line with the merits of such pronouncements or programs.

The National Council provides a channel by which cooperative Christianity in the United States may speak as a Christian voice to the nation on appropriate subjects. It has wide influence in counseling with government, by providing an expression of Christian conviction on many problems relating to our national life.

DISCIPLES OF CHRIST REPRESENTATIVES SERVING THE WORLD COUNCIL OF CHURCHES

**156 Fifth Avenue
New York 10, New York**

HISTORY AND PURPOSE

WHAT IS THE WORLD COUNCIL OF CHURCHES?

The World Council of Churches, whose central office is located in Geneva, Switzerland, is now represented in 50 countries and is the organizational expression of the spiritual unity of 165 Christian communions. It was officially founded in 1948 at Amsterdam.

Its fellowship includes Protestant, Anglican and Orthodox churches. Christ prayed four times for one thing; that all who believed in Him, might be ONE. The World Council was founded in obedience to that command. It is not a "superchurch" and has no jurisdiction over the church bodies associated with it. This unity recognizes differences but provides a fellowship with which diversity and unity can be recognized.

The World Council provides a means by which assistance can be given to victims of war, catastrophe or world disturbance. It also provides an institute for the training of new Christian leaders. Its departments include youth, women and laymen. Its Assemblies are held every six years.

MINISTERS' DIRECTORY

MINISTERS' DIRECTORY

The following list is unofficial and does not necessarily designate official standing in the Disciples of Christ. Ministers who did not indicate their desire to be included and whose names were not submitted by the State Secretaries are not listed.

This list was compiled from all available sources. Each name was checked for proper classification with the State Secretaries or individuals themselves. Every effort has been made to compile a complete and accurate list of all known ministers who are either (1) preaching or (2) ordained. Names without known addresses have been omitted. This list was up to date as of Dec. 1, 1958.

NOTE: Committee on Military and Veterans Services will forward only first-class mail addressed to Chaplains at the addresses below.

Statistical Tables

PERIOD COVERING: July 1, 1957, to June 30, 1958, except as otherwise noted.

CHURCHES LISTED: those congregations which according to the best knowledge of the Year Book Office are affiliated with the religious body designated in government statistics as Christian Churches (Disciples of Christ). The minister designated as serving each church is the minister of such church at the time the Year Book went to press. Such minister may not necessarily have been serving the church during the previous year which ended June 30, 1958.

CHURCHES are listed without regard as to white or colored membership.

OFFERINGS which are not classified under a column are listed at the end of each state report.

DESIGNATED OFFERINGS: includes offerings given through Unified Promotion to any of its cooperating agencies (sometimes given direct to agency) which are not subject to division according to their percentage share of Unified Promotion funds. They are monies "over and above" the regular percentage. The National City Christian Church participates in Unified Promotion only through designated money.

TOTAL OFFERINGS: includes all monies given to all causes except local expense.

PER CAPITA GIVING: based on the total missionary giving of each church (excluding local expense).

CODES:

- ss—Church school organization only.
- cwf—Christian Women's Fellowship.
- NC—New church.
- 1/2, 1/4, 1/8—Indicates the proportion of time the church has preaching during the month.
- irr—Irregular preaching.
- Includes money spent during the year for building fund purposes. It does not include money raised and not spent.
- #—This church has a full-time ministry under Pastoral Unity Plan.
- ##—Indicates offerings made by Disciples of Christ in this local church.
- †—Operates on a unified budget covering church and church school.
- **—There are some offerings for this church listed at end of state.
- §—Affiliated with the National Christian Missionary Convention.
- †—Consists of offerings made to benevolent causes such as local charity, Church World Service, American Bible Society, World Council of Churches, National Council of Churches, direct supported missions, and to others for which credit is not given either in previous columns or at the end of the pages for the state.

Increasing Service and Outreach

Services offered to churches by the United Society expand continuously. Each year the churches in the United States and Canada receive more missionary visits . . . more program guidance . . . more organizational counsel . . . more literature to aid in leadership development than in the previous year.

Evangelistic outreach overseas continues to develop wherever United Society missionaries are at work. Each year more converts join the younger churches . . . more medical treatments are given in mission medical centers . . . more pupils enroll in mission schools than ever before.

These services are supported by your
offerings . . . bequests . . . annuity agreements

Home and Churches Work Together

Benevolence was emphasized by New Testament Christians. It has continued since as an effective witness of the concern of Christ's followers for humans in need.

The history of the NBA is an integral part of the developing social conscience of Disciples of Christ.

The NBA Homes render a benevolence ministry to people in the churches to the limit of their equipment and finances. The major task now is to meet the demands for an extension and expansion of the ministry of total benevolence.

The Year of Jubilee

In January, 1959, the Fund will celebrate the 200th anniversary of its charter. Organized in 1717, it received this charter from the sons of William Penn. The Fund still operates under this document. But the Fund is 241 years young! It believes "the best is yet to be." Durability has come through expendability. It has given its best to minister to the minister. Its unique position in the heart of the clergy of America has become a tradition. Join the Fund family and enjoy its rare privileges.
